West Deerfield Twp. Surplus Food to Be Distributed July 15

Notification cards were mailed out on July 11 to relief clients and those receiving old age assistance that surplus foods from the Federal Government will be ready for distribution in West Deerfield Township, (which is in the village of Deerfield,) on Friday, July 15, between the hours of 10:00 a.m. and 2:00 p.m. at the relief office at 745 Chestnut street.

Those receiving these notices are reminded that the place of distribution is changed from Waukegan road to the relief office. Supervisor James O'Connor asks the people to be prompt in calling for foods as they will be returned to the federal warehouse, if not called for on July 15 before two o'clock.

Women Drivers in Horse and Buggy Days Considered a Menace

Women drivers were a menace even back in the horse-and-buggy days of 1876, research workers of the Federal Writers' Project W.P.A. have learned. A writer in the Chicago Evening Journal of that time declares, "The way in which a lady driver will ride over you would be very amusing if it were not so dangerous. You step to the side of the street where she does not intend to go—but by dexterous motion of the lines, she succeeds in bringing the horse's head over your left shoulder. Just as he takes a mouthful of your ear, on the principle that the flesh is grass, she screams, 'Wh-o-a!' in a voice that sends him careening down the street, and gives you an impression of six different runaways; while she smiles sweetly, sits up straight and stretches her arms out over the dashboard, with an appearance of holding in that suggests any amount of reserved muscle. You might envy the scene from the top of a shot-tower."

Play Groups to Have Pet Show in Deerfield July 21

Ralph Fox, director of the Federal Recreation project which the board of education, Deerfield Grammar school, is sponsoring, has announced the addition to the Deerfield staff of workers of Mr. Harry Stitzell of Deerfield, who specializes in wood-working crafts. Several interesting projects have been started, including a Camera club, under the direction of Mr. Tex Wiley of Waukegan, a rug-weaving class, an archery class, harmonica club, and wood-working groups.

The first playground event will take place on Thursday afternoon, July 21, at three o'clock, when the children will exhibit their pets. Ribbon awards will be made in many classes, such as largest, smallest, best trained, etc. The play ground staff extends an invitation to Deerfieldians to attend the pet show.

In response to many inquiries, a

detailed schedule of the playground hours is printed elsewhere in this issue. Emphasis is placed on the fact that the morning session (9-12, Tuesday through Saturday) are arranged especially for children under 7 years of age; the afternoon hours (1-5, Monday through Friday) are planned particularly for children over 7; and the evening activities (7-9, Monday through Friday) give special consideration to young people and adults. There are no registration fees or charges; individuals supply their own equipment, however, for specialized work such as rug weaving, etc.
