WORLD NEEDS BASIS FOR UNDERSTANDING

Unless men find some way of understanding each other, their boasted civilization is doomed, and war with all its modern refinements will settle that question decisively. So concludes Hubert Herring, executive director of the Committee on Cultural Relations with Latin America, in the current *Rotarian Magazine*.

"Here we are, two billion strong, increasing at the rate of 30 millions each year," he observes, "and living on Iowa farms, in Tokyo tenements, on Russian steppes, on Argentine pampas, in African jungles, in Park Avenue apartments. We don't get along very well together."

While there is nothing new about misunderstandings between men, wars are no longer the cozy family affairs they once were, says the author. Today, he finds, they are rooted deep in the dogma of superiority, varying languages, differing customs, historic grievances, and economic conflicts. Improved transportation and communication, he adds, have huddled peoples together, thereby accentuating the possibilities of confusion and controversy.

"The wonder is not that the peoples of the earth get along so badly together, but, rather, that they manage at all," Author Herring declares. "History, biology, and evolution have heaped us up together on this relatively inconspicuous planet. We speak 2,792 different languages. We live in some 70 separate nations, each with its pride, its history, its flag. We are cut off by lines of custom, habit, and religion. We are divided by historic enmities, the issues of which are obscured by time. And we are snapping at each other."

"It would require a brain trust with Albert Einstein, Sigmund Freud, Charles A. Beard, William James, and H. G. Wells to hunt out all the reasons why we of this cantankerous human race do not get along more amicably," believes this educator. Yet, he concludes, men are confronted today with a choice between two possibilities—to understand or misunderstand, to cooperate or perish.

Illinois Dunes Grandeur Is Praised

In addition to thousands of bathers and campers who visit the Illinois Dunes each year, hundreds of scientists and naturalists come to study its grandeur. It is considered one of the geological wonders of the country second in importance only to the Grand Canyon of Colorado. This virgin territory is most convenient for Chicago and suburban residents who are desirous of getting away from the crowded metropolitan area. Many improvements including a new beach house, 95 x 30 feet; tourist trailer camp; freshly gravelled roads topped with oil; electric lights and water; have been

added for the comfort and convenience of visitors.

Eventually this 1,500-acre shoreline property will become a state park! Governor Henry Horner announced recently that the Illinois Dunes park already has been placed in a tentative program to increase state-owned areas for park and recreational purposes. In the meantime, the present management is maintaining it for nature lovers so that it may not be taken for manufacturing purposes.

All entries in the amateur photo contest should be addressed to: Contest Editors, Illinois Dunes Park, P. O. Box 1, Wilmette, Illinois, prior to midnight July 31, 1938. If photos are to be returned, a self-addressed stamped envelope should be enclosed.

Local Autoists Injured in Accident at Shawno, Wis.

Mrs. Blackburn, mother of Mrs. J. L. Whitehouse of 550 DeTamble avenue, is recovering in a Shawno, Wis., hospital from a broken arm she received in a car wreck July 10.

Mr. and Mrs. Whitehouse and Mrs. Blackburn were in a car that turned over outside of Shawno. In the badly wrecked car, Mrs. Blackburn suffered the broken arm and bruises. Mr. and Mrs. Whitehouse received minor injuries.

Too many times people pass us 50 feet from a stop light which shows red, only to have to wait until they get the signal to go ahead. How silly, and how dangerous!

It's smart to be careful.

LOOKING BACKWARD

Start Puppet Clubs on Recreation Project in Highwood

A junior and a senior puppet club is now getting underway on the Federal Recreation Project at the Oak Terrace school in Highwood. Activities in the clubs involve making of puppets, the painting of scenery, the improvising of stories for plays and the presentation of plays. A stage which may be transported with ease from place to place is now being designed.

The puppet clubs will at first be concerned only with hand or fist puppets. These are fascinating to watch and to manipulate. The heads are made of cloth and stuffed with cotton and are easily manipulated with one hand. Some of the heads are made of a combination of sawdust, paper and paste while still others are carved of soft pine.

Although puppets have been much beloved by the peoples of the world since ancient times there are comparatively little known in America. Credit is due to such famous puppeteers as Tony Sarg, Batchelder of the University of Ohio, Tatterman and other notable American groups for the ever increasing popularity of puppets here. It is predicted that in two or three years here, too, puppets will enjoy the popularity they well deserve. Already guests are being entertained by their hosts with home made puppet shows while colleges and schools throughout the country are introducing this fine old art to thousands. If interested in these new puppet clubs visit the recreation project or send a post card to Nick Frigo, project superintendent, Oak Terrace school, Highwood.

Highwood Boosters Forfeit Game To Highland Park

With the Artistic Cleaners substituting for the Highwood Boosters, Highland Park's nine bowed to defeat Sunday afternoon at Sunset park in a game sprinkled with sparkling plays and a brilliant mound duel between Tom Duffy and "Rube" Rapp. Highland Park's aggregation outthit the Waukegan team but failed to cluster their "bingles" as effectively as their opponent.

K. Bradley of Artistic's led the hitting for his teammates with three timely blows. The Zimmer twins collected two hits apiece and ex-

cutted a number of nerve tingling plays at first and second bases.

The Highland Park Merchants next game will be played at Half Day, July 31 at 2:30 o'clock.

On August 7 at 2:30 p.m. Highland Park will play the Grays Lake Pirates at Sunset park. This contest will prove to be packed with excitement and as an added feature the Highland Park team is going to raffle two autographed baseballs, one with every signature of the players of the New York Giants team and the other with the signatures of your dazzling Chicago Cubs. One thin dime, ten cents, will be charged for each ticket so hurry to Swanson's Plumbing Shop or contact any member of the team and purchase your chances on a prize you'll value a life time.

Railroad Is Suing Driver This Time

Paul Paulsen, of 557 Oakwood avenue, Lake Forest, formerly of Highland Park, who had a miraculous escape from death on March 5, 1937, when his automobile hurtled onto the tracks of the Chicago, North Shore and Milwaukee railroad at the Green Bay road right of way at Lake Bluff, was named defendant in a suit for \$1,500 damages by the receiver of the railroad.

The complaint of A. A. Sprague, receiver for the North Shore railroad, filed by Hall & Hulse, charged that Paulsen entered the railroad right of way and caused damage to the "catenary overhead distribution system and all of the wiring involved." It cost the railroad \$800 to repair the damage.

Zimpir: Where did you go last week-end in your new car?
 Blowfoot (gloomily): To jail.

Magazine "American Boy" Is Companion to Many Youths

Teachers, librarians, parents, leaders of boys' clubs, and hundreds of thousands of boys themselves, enthusiastically recommend THE AMERICAN BOY Magazine for all boys over twelve.

"It's more like a companion than a magazine," remarked one high school student. "It gives advice and entertainment on every subject in which a young fellow is interested. I made our school basketball team solely because of playing tips I read in THE AMERICAN BOY."

Trained writers and artists, famous coaches and athletes, explorers, scientists, and men successful in business and industry join with

an experienced staff to produce, in THE AMERICAN BOY, just the sort of stories and articles boys like best.

THE AMERICAN BOY sells on all newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. To subscribe, simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich.
