

Von Schacht to Meet Grubmeier in Main Event at Grayslake

Friedrick Von Schacht, 6 foot 6 inch German giant who outroughed King Kong and punished the famous bearded Abyssinian wild-man into submission last week, will meet Freddy "Legs" Grubmier, lanky Iowa scissors expert, in one of the main events of the weekly wrestling card to be staged in Peg's Grayslake Arena Friday night.

Original plans had it that Jim McMillen was to meet the winner, but when the German giant upset the dope and whipped the heretofore unbeatable King Kong, McMillen backed down on his agreement and refused to meet Von Schacht. Incidentally Von Schacht is one of the few pros in the game ever to beat McMillen so many believe the local star evaded Von Schacht rather than to be beat here before all of his friends and neighbors. Grubmier, however, should give Von Schacht a tough going over as his famous scissors is dreaded by all in the sport.

The other main event on this twin feature is between the great Ruffy Silverstein and Hans Schnable, toughest of the famous five Schnable brothers. A few weeks ago Ruffy beat Otto Schnable at Grayslake so Hans has stepped to the fore to avenge brother Otto's defeat, and insists that Otto second him into the ring. Last week Ruffy beat Rudy Kay at Grayslake in a sensational match so fans can expect a real thriller when Schnable the German strongman, tangles with Silverstein, the Jewish sensation.

In the semi-windup Bobby Bruns returns once again to face George Mansor, burly Arabian giant. Bobby made his first appearance here in more than a year last week winning over the clever Ralph Garibaldi, and hundreds will turn out to see Bruns in action against Mansor this week.

The preliminary match pits El Sayre, Waukeganite football and wrestling star against Otto Schnable. Sayre is undefeated as a pro and will get a real test from the German heavyweight star.

Tickets at 50c and \$1 go on sale at the box office and ladies are invited free in the ringside section. In event of rain the bouts will be held the following night.

Highwood Carnival Draws Large Crowd

The Highwood Days Carnival which was sponsored by the Highwood Civic Improvement Association last week proved to be a very successful and pleasant affair. The daily attendance was very large and there was a capacity crowd on the final evening of the five day celebration.

Otto F. Fisher, the general chairman of the carnival was assisted by a committee consisting of Paul Muzik, Roy Russell, Harvey Reber, and J. E. Enquist.

The committee is very grateful to the many local merchants who responded so generously in donating prizes for the registration booth and also wishes to take this opportunity to thank each and every one who contributed in any way and who co-operated in helping make the carnival a success. All proceeds derived from this event will be used for a very worthy cause.

Safety Slant

Death lies in wait on every country road and every city street. The grim reaper shows no regard for youth, asserts the Illinois Automobile club, nor does he have respect for the aged or infirm—and he never rests. The noises of traffic give constant warning of its hazards for pedestrians and motorists. Heed them.

A Moment of Caution May Save a Lifetime of Regret.

Like oaks from acorns, great forest fires from little sparks may grow, warns the Illinois Automobile club. Tourists and campers should exercise extreme care with campfires; they should be built no larger than necessary in a well-cleared place and every spark extinguished before the campers leave. Matches, cigar and cigarette stubs and pipe tobacco should be OUT before thrown away.

The grave yard is filled with drivers who had the right-of-way. Play safe at all times, advises the Illinois Automobile club.

Key Is Memento of Early Court House

A key to an early Illinois courthouse remains as the only reminder of an incident long since forgotten. It is on display in a museum at Watska, Iroquois county, research workers of the Federal Writers' Project, W.P.A., have learned.

According to accounts, a pioneer charged with counterfeiting, who was placed in the old wooden structure in 1861 to await trial, escaped into the corridor during the night of Feb. 25, 1862, when through an oversight his cell was left unlocked. Not knowing that the courthouse door had been recently lined with iron, he set fire to it, hoping to gain his freedom. The fire got out of control, however, trapped the prisoner, who lost his life, and burned the building completely.

The key to the cell door, which was in the possession of the jailer at the time of the fire, was preserved.

Warn Boatmen of Target Practice at Great Lakes

J. W. Gregory, commander U. S. Navy, District Intelligence office, has issued the following warning to all owners of boats in the vicinity of Great Lakes.

The Fleet Marine Corps Reserve will conduct 37 mm. gun practice on the afternoon of Thursday, Aug. 11, at the U. S. Naval Training Station, Great Lakes. The target raft is moored 1200 yards off shore to the eastward and 300 yards north of the power plant at Great Lakes.

Card of Thanks

I wish to express to our many friends my heartfelt thanks and gratitude for the love and sympathy shown to me in my bereavement.

Mrs. John O'Keefe

Safety Slant

It is sad but true, says the Illinois Automobile club, but traffic statistics show that out of the average sixty accidents, where the speed is 30 miles per hour, there is one person killed, while at 50 miles per hour the mortality rate increases to one fatality for every eighteen mishaps. Moral: Why go 50 when 30 will get you there just about as quickly and almost four times as safely.
