

Children Compete in Annual Meet at Exmoor Club

On Sunday, August 28, the 4th annual Swimming meet for the children of Exmoor members was held at the pool. More than seventy-five children of all ages competed in the 28 events which were witnessed by some 300 proud parents, grandparents, relatives or friends who cheered lustily for their own particular favorites.

One of the most outstanding events was the 50-yd. swim for girls 14 and 15 yrs. which was won by Margaret Johnston in the very fast time of 29.9 seconds. Patricia Moore was second in this event and also won the fancy diving event with a beautiful exhibition of graceful dives. In the 25-yd. swim for boys 10 and 11 yrs. of age there were so many entries that two races had to be held—one for boys 10 yrs. and one for boys 11 yrs. In the 10 yr. old race Martin Detmer won in the fast time of 15.5 seconds in a very close finish over Bobby Redfearn, Dick Henry and Mansfield Cleary. In the 11 yr. old race Buddy Trude just managed to win over John Lloyd with the other four swimmers trailing by several feet. Bob Redfearn also won the fancy diving with John Wood, Billy Murphey, Maurice Dunne, Dick Kebbon, Dick Henry, John Lloyd and Mike Zeddes also giving a good account of themselves.

In the 25-yd. swim for girls 10 and 11 yrs. Peggy Knight and Carolyn Wible swam almost a dead heat with Peggy Knight getting the decision. The time was 15.8 seconds. The girls diving in this division was won by Nancy Newman who performed beautifully from the 10 foot board. Joan Smith won the fancy diving for girls 6 and 7 years with Newman 3rd. Elizabeth Newman, Patty Walters 2nd and Elizabeth was first in the 35 foot swim across the pool and Patty Walters was a close second. Sara Shafer, Joan Smith, Betty Parliament, Ann Zeddes, Ruth Allen and Janet Dunne were all very close for third place. Arthur Dunne was first with Bruce Patterson and John Cleary second and third in the swim for boys 6 and 7 years.

Another close race was the 25-yd. swim for girls 8 and 9 yrs. in which Nancy Knight won in an eyelash finish over Mary White, Mary Tullis, Marcia Kebbon and Joan Henry who were also very close to the ladders. Nancy Newey won the 25-yd. swim for girls 12 yrs. of age by inches from Sue Newman. Buddy Peters, John Hummer, Hugh Wilson, Jack Smart and Fred Shafer finished in that order in the 25-yd. swim for boys 8 and 9 yrs. Hap Murphey won the 50-yd. swim for boys 12 and 13 yrs. as well as the fancy diving. Dave Aubrey was second in both of these events.

Frank Strattan almost caught up to Gene Detmer in the 50-yd. swim for boys 14 and 15 yrs. but was just nosed out. Jack Evers was a close third. Bill Peters won the 50-yd. swim for boys 16 yrs. and up and also the fancy diving for the same division.

In the feature event of the afternoon, the inner-tube race across the pool for non-swimmers under 7 yrs. of age, Deedee Smart was first, Charlotte Cleary second and Helen Hadley, Susan Shafer, Mickey Bowes and Marion Yantis all finished within a few inches of each other.

A fancy diving exhibition by Al Green, national champion and member of America's last Olympic team, furnished the spectators and contestants many thrills with his difficult dives.

United Air Lines Resumes Educational Flights Sept. 11

Sunday afternoon educational flights will be resumed by United Air Lines Sunday, September 11, from Curtis-Reynolds airport on the North Shore (near Niles Center), according to R. F. Ahrens of Highland Park, district traffic manager. These flights, covering about 100 miles of Chicagoland and lasting 30 to 45 minutes, have proved very popular in the past.

Flights are from 12 noon to 6 p.m. and over 100 persons have been the average per Sunday to view the city from the air. Luncheon clubs, lodges, church groups, civic clubs, and many other groups have made the flights "in a body." A small service charge of \$3 per person is made, and big 21-passenger Mainliners are used. "The majority of persons making these trips have never been in an airplane before" points out Ahrens.

"They are thus given an opportunity to see what their city and the great Chicago industrial and suburban area, and the beauties of lake and sky look like from a new perspective for them. They also become familiar with the modern airliner and in this way become 'sold' on air transportation."
