Property Owners Approve Sites For Zoning Amendment

A fairly large representation of citizens were present Monday evening at the public hearing to consider amendments to Highland Park's zoning ordinance.

All sites selected for changes were approved by property owners altho there was some objection to the changes on Laurel avenue where it is planned to include the north side of the street from St. Johns avenue to Linden avenue.

A large portion of the Moraine hotel district which is now zoned for business is to be rezoned for apartments.

Property owners on the north side of Park avenue petitioned to be included in the changes on the south side of the street. This would rezone the territory from Sheridan to Linden on both sides of the street and on the east side of Sheridan from Park to the H.P. Woman's Club.

All suggestions and objections are to be considered by the Zoning committee at a meeting in the Council Chambers of the City Hall Monday evening.

\$2500 Is Pledged Toward Equipment For Lake Safety

A temporary emergency committee appointed a few weeks ago to secure funds to promote a means of protection at the lake, following the tragic accident in which two lives were lost during a squall on Lake Michigan, have been working diligently seeking funds and investigating equipment. The committee headed by Leo J. Sheridan has succeeded in securing nearly \$2500 in voluntary subscriptions. Considerably more will be needed to get adequate equipment, but the committee has avoided a public drive feeling that the voluntary contributions were better. Anyone who wishes to add to this fund may notify a member of the committee.

Engineers have been consulted and much careful thought has been given toward securing the best and most economical launching devices. Altho the boating and bathing season is at a close for the year, the committee consisting of Leo J. Sheridan, Mayor William M. Dooly, Arthur P. Snite, Herbert Lautman, Jerome P. Bowes, Edwin L. Gilroy, F. W. Chaffee, M. W. Stern, Lyle Gourley, Reginald C. Johnson and Harry Aiston, hope to have all preliminary work completed this fall, so that no obstacles will delay the final spring work, and thus leave the beach with only a limited amount of protection for another year.

National Dog Week Is Observed Sept. 18-24

National Dog Week will be observed throughout the country during the week of Sept. 18 to 24. Phil Libby, better known in the radio world as "The Voice of Cookery," and a resident of Highland Park, has been appointed local chairman of National Dog Week Committee, with Clayton Cassidy, advertising manager of the Peoples Gas company, who resides in Deerfield, John L. Udell, publisher of the Highland Park Press, and Dr. Baker Hamilton, local dentist, serving on the committee with him.

National Dog Week was instituted for the purpose of enlightening the dog owner and the general public on the ways and means to secure increased health and happiness for the canine race, resulting in the general well being and comfort of the community.

It tends to confine itself to universally important and reasonable objectives resulting in a better understanding by the dog owner in his responsibilities not only to his dog, but also to himself and to the public in general. The aims and object behind the week are:

1. A good home for every dog.
2. Eliminate stray dogs from the streets.
3. Disseminate the actual truth about rabies.
4. Educate dog owners in their obligations both to their dogs and the public generally.
5. Teach kindness and consideration by children and adults toward dogs and animals in general.
6. Emphasize the use of the dog as home protector, faithful companion, and useful servant to mankind.
7. Secure fair and just laws for dogs and their owners, but also to respect the rights of those who do not own dogs.

Community Chest Drive To Be Held From Oct. 25-Nov. 11

The fourth annual financial campaign of the Highland Park Community Chest will be conducted during the period October 25-November 11. Chest President Herman A. Zischke announced last night. The goal of the campaign will be announced as soon as the Budget committee of the Chest has reviewed the budget requests of the twelve member agencies.

Ray R. Wible, 239 Cedar avenue, avenue, will be chairman of the general campaign committee and Jerome P. Bowes, Jr., 176 Laurel avenue, will be chairman of the Special Gifts committee, Mr. Zischke stated.

In making announcements of the campaign dates and leaders, Mr. Zischke declared that the Board of Directors of the Chest were extremely gratified to have the acceptance of Mr. Wible and Mr. Bowes as campaign chairmen.

"With such leadership we feel certain of achieving our campaign goals as successfully as in past campaigns," he said. "Both men are capable leaders upon whom we can count to build an efficient campaign organization."

"Highland Park citizens who are called upon to contribute to welfare work in Chicago as well as at home, are reminded at this time," said Mr. Zischke, "to bear in mind that local needs are greater this year and can only be met through the united effort of Highland Park residents. I urge our citizens, therefore, to place the needs of our local welfare agencies, as represented through the Chest, first in budgeting their fall giving for welfare needs."

Veterans To Honor Flag In Unique Ceremony Saturday

Boys and girls of Highland Park and vicinity, as well as many of their elders, will have an opportunity to witness a solemn as well as thrilling ceremony next Saturday evening at the Alceyon theater. The occasion will be a five minute observance of Constitution Day under the auspices of members and officers of Dumaresq Spencer Post No. 145 of the American Legion. In past years, according to Commander Paul Webb, it has been customary for the Post to visit the city council on the anniversary of the adoption of the Constitution and "troupe the colors." This year a more elaborate and impressive program has been arranged.

Secure Brilliant Array Of Speakers For Coming Season

There is no "recession" apparent in the Highland Park Woman's club, for the year 1938-39 started out most enthusiastically Monday with a board meeting.

The chairman of the Program Committee, Mrs. Poyntz M. Murray, and her hardworking committee members have secured an unusually brilliant array of speakers for the coming year who will cater to the varied tastes of the club members.

Especially noted are the well-known Chicago violinist, Amy Neill; Paul Leysac, internationally famous for his charming presentations of the Hans Christian Andersen Fairy Tales; a former resident of Highland Park, now a national figure in the field of economics, Dr. Ruth Alexander; the wife of a Chicago journalist, who has acquired fame with a best seller, "Journalist's Wife," Mrs. Edgar Ansel Mower; a British army officer who knows and can relate in a thrilling manner the inside stories of many war events; Lieutenant Colonel Rhys Davies; the associate editor of the best known American magazine, "The Readers' Digest," keen-minded Barclay Acheson; the dynamic and forceful president of Clarkson College, Dr. James Shelby Thomas; and Dr. Carl Palmer, an authority on art who can make it understandable to the ordinary listener—such are many of the attractive speakers who will draw capacity audiences at the regular club meetings.

While the club membership is a large one, there can be accommodated a few more local residents whose interest in its activities will make them welcome. Mrs. C. Eugene Pfister is chairman, and Mrs. John R. Todd is vice-chairman of the Membership Committee.

Other mountain schools as well as those for Indians and foreign born receive generous donations of money, books, clothing and materials.

Three paid workers at Ellis Island and one at Angel Island are supplied by the Daughters of the American Revolution to work with the immigrants who are detained there as well as in the Merchant Marine, Coast Guard and government hospitals. A loom was given by the Illinois Daughters last year with warp and wool to last for years. Boxes of materials for the making of shirts, dresses, sweaters and all kinds of hand work are sent regularly. Your support of this bridge party will aid in this kind of work.

He came to Highland Park in his trailer car, which is equipped with all conveniences for travel, including stove, refrigerator, phone, electric fan, and a periscope through which he may view the surrounding country. He makes trips accompanied by his parents and life seems very full for him. Fred is showing a steady improvement, and is permitted to remain out of the respirator 33 minutes a day.

Demand Credentials Of Solicitors Who Canvass Your Homes

Unfortunate as it may seem, there are many householders and merchants who are being "fleece" daily by impostors.

Recently a man, representing himself to be a patient in the tuberculosis ward of Hines hospital, canvassed homes in Highland Park soliciting funds to be used for postage and to secure magazines and papers for the patients use. Just how many homes he had secured funds from is unknown. However, when he reached the home of Mrs. O. L. Olesen, 369 Moraine road, Mrs. Olesen became inquisitive about his identity and after a brief questioning he hastened away.

Mrs. Olesen feeling that the solicitation was unauthorized wrote the Hines hospital regarding the matter. She received the following reply from the Veterans' Administration:

Mrs. O. Laurence Olesen, 369 Moraine Road, Highland Park, Ill. My Dear Mrs. Olesen:

I have your letter of August 29th and beg to advise that you, no doubt, have been imposed upon by a crook as we have no solicitors. All expenses of this institution are defrayed by the Federal government and every want of the patients therein is adequately supplied.

Apparently you took this man's word for all he had to say, and did not ask him for his credentials. I have endeavored in every way to acquaint the public to be on the lookout for these crooks going through the country representing themselves to be from this hospital, as every imaginable racket is attempted.

I would suggest that you might write a letter to the Voice of the People, Chicago Tribune, telling of your experience and say also that I advised you to write.

I trust that you did not contribute any money to this crook.

Very truly yours,
Hugh Scott, M.D., Manager.

Not only should the public be cautious of persons soliciting funds, but any other solicitor should be made to show his credentials before a purchase or contribution is made. Every salesman who makes a house to house canvass should be registered with the local police department, and the public should make sure that the solicitor is authorized to sell in Highland Park. Protect yourself and your homes by demanding "credentials." If they are not available notify the local police who will pick up the canvasser if he is an impostor.

(Buddy) Cowgill Fatally Injured In Football Practice

Ralph Cowgill, 17 year old, regular end on the Highland Park high school football team, died last night (Wednesday) in the Highland Park hospital of injuries received a few hours earlier in scrimmage. He was the son of Edwin E. Cowgill, 305 Ashland avenue, Highland, and was a senior student.

The team was practicing yesterday afternoon for its opening game Saturday with the Crystal Lake High school. Cowgill was assigned a blocking role in the play that ended in his injury. Charging into a mass of opponents, he struck his head against another player's back and a few seconds after regaining his feet, fell to the ground unconscious.

Dr. Josselyn, the school doctor, attended him at once and ordered him taken to the hospital where he died without regaining consciousness.

Ralph was on the varsity team, this being his third year out for football. This season the school has all new equipment and young Cowgill was wearing the best that money can buy. Coach Floyd and five other instructors were on the field at the time of the accident and all say that there was no negligence on the part of the school or any of the players. In a statement to THE PRESS this morning Miss Buzard states that since it is the wish of the boy's parents, and she knows that it would be the wish of the boy the football program of the school will go on as usual. Football was a part of the boy's life, he was proud of his position on the team and all know that "Bud," as he was called, would want no monument more than a "football letter" which Miss Buzard said would go to the grave with him.

Funeral services will be held Saturday at 2 o'clock at the home.

Ginger Rogers Stars In Alceyon 3 Day Screen Attraction

Repeatedly the Alceyon theatre has had requests to again present on its screen that glorious musical masterpiece "Naughty Marietta," which features stunning Jeanette MacDonald and handsome Nelson Eddy. And so on Saturday of this week, we will once more be able to hear and see these two stars in this grand picture which will be shown on that day only.

The film version of the Broadway stage hit, "Having a Wonderful Time," which the Alceyon will present on Sunday, Monday and Tuesday of next week, brings Ginger Rogers and Douglas Fairbanks, Jr., to the screen in a triumphant drama with comedy. Ginger's role offers her dramatic as well as comedy opportunities, while Fairbanks' characterization is a fitting sequel to his recent successes. Vivid realism and appeal mark the unique cross section of life as presented by the characters found at the typical vacation resort.

Romance and adventure are combined with hilarious results in "Fast Company," a mystery drama which is on the double-feature program next Wednesday, Thursday and Friday, Sept. 21, 22 and 23. Melvyn Douglas, Florence Wright and Nat Pendleton are featured in the cast of capable performers. Here is a mystery drama revealing the activities of racketeers who steal and duplicate rare volumes that are sold for enormous prices. The second attraction is "Blockade" which everyone should see, not only as a document of the futility of war, but as one of the most stirring and thrilling pieces of entertainment the screen has produced.
