

"Town Meeting" Oct. 5 To Discuss Park District In Deerfield

The Deerfield Chamber of Commerce Park District committee announces that there is to be a good old fashioned "Town Meeting" at 8 p.m. on Wednesday, October 5. By courtesy of the school trustees, it will be held in the School auditorium on Deerfield road and the purpose is to give every voter resident in the proposed park district an opportunity to express his or her opinion or to obtain information upon which to base an opinion.

Robert Kingery, general manager of the Chicago Regional Planning association, will be the chief speaker and all those who had the pleasure of hearing him when he came to Deerfield last year, can vouch for the presentation of valuable facts and figures in an interesting and entertaining manner.

Amos H. Watts, president of the Glencoe Park Board, will also be present, and his high standing in the field of municipal law lends authority to his answers to any questions as to the legal phases of the operation of a park district and the levying of taxes therefor. He will bring with him Mr. Robert Everly superintendent of the Glencoe parks, and Mr. Everly can and will give facts and figures regarding activities in parks, their benefit to young people and the cost thereof. It must however be borne in mind that Glencoe's population is all of three times that of Deerfield, so that the cost question will be illustrative rather than typical.

Every voter resident in the territory in West Deerfield Township west of the West Skokie Drainage Ditch and south of the Lake Forest Park District is urged to be present and in particularly requested to express opinions or ask questions. The Lake Forest district runs as far south as the center line of sections 17 and 18.

Parents are urged to bring children of 7th grade standing or upwards. If the time can be spared from homework, it should be a valuable educational experience to attend a public discussion of a matter of civic interest and the young people have a vital concern in the development of their home community.

Wednesday, October 5. At 8 p.m. at the school auditorium.

Friendly Center To Open Thursdays For Household Employees

With the coming of October the YWCA announces the reopening of "Friendly Center" activities which were so popular last year. All household employees of the community are invited to drop in on Thursday afternoon to meet other girls, have a cup of coffee and enjoy any activity which may be offered for the afternoon. New girls are especially invited to avail themselves of this opportunity to make friends. There is no set hour. From early afternoon on thru the evening the "Y" keeps open house. Mrs. E. E. Leonard will be the hostess for October and she will be assisted by several other women.

On Thursday evening the Friendship club will hold its first meeting of the season. Officers will be elected and general reorganization effected. This club offers a more organized activity for household employees and is open to all who wish to join.

Mrs. Bennett Conducts Creative Writing Classes At Y.W.C.A.

The organization meeting of the adult class in creative writing which Mrs. Rowena Bastin Bennett, well known local poetess, is to conduct at the Highland Park Y. W. C. A. this fall, will be held at 10 a. m. Thursday, Oct. 6, at the Y. W. C. A., 347 Laurel avenue. At this first meeting the definite time for the ten lessons which follow will be determined. The class will probably be held in the morning or in the evening, though it is possible that the response to this unusual opportunity for studying creative writing and literary appreciation under Mrs. Bennett will be so great that there will be both an evening and a morning class.

Mrs. Bennett will read and criticize all types of manuscript: poetry, short story, drama, essay, etc. Part of the class hour will be devoted to lecturing, part to the discussion of manuscripts submitted by members of the class. In the lectures Mrs. Bennett will stress technique, but she also proposes to deal with literary appreciation. Manuscript marketing will be discussed occasionally.

Registrations for this course of ten lessons are being taken at the Y. W. C. A., 374 Laurel avenue.
