MOMMY LET ME STAY UP TO TALK TO YOU!

MANY men who travel make it a practice to telephone home every night or two. It's the way to make sure that every one is well, and that things are running smoothly. And it means so much to those at home. Daddy's voice is reassuring—exciting. It is fun to let him share in family pleasures... comforting to have his help on family problems.

Next time you or any member of your family goes away, banish loneliness with frequent voice-visits. Telephoning costs surprisingly little. And by having the charge "reversed," you may, if you wish, have the amount appear on your home telephone bill.

Lower rates are in effect after 7 P.M. and all day Sunday.
