LAUNCH BIG CHEST DRIVE!

RED CROSS SETS NEW RECORD IN AID OF THE NEEDY

Local Chapter Gives Major Aid to 2,181 Families

During the past year the American Red Cross served in 174 disasters, giving food, clothing, shelter and medical aid, rehabilitating homes and restoring means of livelihood. This was a record number of disasters for a single year. Approximately half a million victims were aided at a cost of \$6,600,000.

Every contributor to the Highland Park Community Chest shared in this work. Every contributor of one dollar or more automatically becomes a member of the Red Cross.

Service to disabled veterans and their dependents was more comprehensive than in previous years. The Chicago chapter rendered major services to 2,181 families. New pension awards secured for disabled veterans during the year exceeded \$92,000.

It is also the duty of the Red Cross to aid the personnel of the present defense forces and their families, as well as the veterans. Services were rendered to over 4,000 families by the Chicago chapter, three of these cases being in Highland Park.

First Aid
Added impetus was gained by the first aid service during the year. One class of eight members was trained for the telephone company in Highland Park. The total trained by the Chicago chapter to date passed the 76,000 mark.

The opening of 12 new stations of the chapter's highway emergency first aid service brought the total in operation to 35. In the home accident prevention, too, definite progress was registered. The third annual home accident prevention campaign was conducted in October. Highland Park schools distributed 3,300 blanks and participation in the campaign was widespread and effective.

Red Cross life saving gained additional prestige and popularity. The Chicago chapter trained more swimmers and life savers than in any previous single year. In Highland Park schools and scout troops, 12 junior and 14 senior life savers were trained, bringing the total number of Highland Park life savers to 201.

Home hygiene and care of the sick courses were conducted, including two classes in Highland Park, with 41 certificates issued.

Recreation Service
The chapter's Gray Lady Hospital and recreation service expanded during the year with 38 new graduates. Highland Park, always well represented in this Red Cross service, had two residents in the newly organized Grant hospital unit.

You Can Help In This Work

Red Cross Gray Ladies serve voluntarily in hospitals, aiding overburdened hospital staffs and brightening the hours of convalescence of the patients. Your contribution to the Community Chest aids this important work.

Y. W. C. A. HAS SERVED HIGHLAND PARK FOR 27 YEARS

For twenty-seven years the Y.W.C.A. has been serving the community of Highland Park. It stands as the city's hostess to young women coming into the community.

Comfortable living quarters for seventeen women are furnished on the two upper floors of the Y.W.C.A. In addition 205 transient guests stayed for periods from one night to three weeks.

The building is open to the public from 8 a.m. to 10 p.m. and is in almost constant use by a wide variety of organizations, including the Community Choral Club, League of Women Voters, Girl Scouts training course, as well as the strictly Y.W.C.A. activities. These include three different clubs for business girls, two grade school clubs, a high school club, a high school Y.W.C.A., a household employees group and Mother's club.

Open House
A special open house is held Thursday afternoons for household employees. Informal entertainment is provided and refreshments served. The staff consists of Miss Mary Robe, general secretary and Miss Gertrude Ames, house and office secretary.

Mrs. Theodore Fisher ably heads the Y.W.C.A. Board.

INFANT WELFARE CARE FOR 505 BABIES IN EIGHT MONTHS PERIOD

The Infant Welfare Society does not give relief. Coal and rent, food and shoes are not its province. It provides doctors, nurses, nutritionists and mental hygiene guidance for expectant mothers and children up to six years old. Its eighteen stations are located in congested districts. There is medical examination of expectant mothers and children at regular intervals and an interview with the nurse who explains the doctor's instructions in detail. The nurse then visits the home to show the mother how to carry out the doctor's instructions and keep herself and her children well. Every Infant Welfare nurse receives training in nutrition to equip her not only to give the mother general health education but also to handle the nutrition problems of the family, including budgeting and the selection and preparation of nourishing food.

SEEKS \$45,000 FOR COMMUNITY CHEST CAMPAIGN

Fourth Annual Drive Gets Under Way 300 Workers Active

Highland Park citizens, with the loyal generosity with which they have responded before, today were preparing to push "over the top" in record time the Fourth Annual Community Chest Campaign. Again with the slogan "Give Once for All" the campaign was launched today with a dinner meeting at the Northmoor Country Club. 300 active workers were prepared to canvass Highland Park, calling on every citizen and offering the opportunity to contribute to the campaign.

A goal of \$45,000 has been set for this campaign. Because of the enthusiasm already evidenced, it is believed Highland Park citizens, as a community unit, will attain the goal with greater speed than ever before. The campaign period extends from October 25 through November 11, at which time all contributions must be in.

Twelve deserving welfare agencies are supported by the Community Chest. Stories describing the worth-while work of these agencies appear elsewhere in this edition. Funds collected by the Community Chest are allocated to the various agencies, insuring the continuance of their work for another year and relieving citizens of separate contributions.

Although workers are given the names of every citizen, occasionally some are missed for various reasons. If a worker does not call at your home, the Community Chest urges a voluntary contribution.

Raymond R. Wible is general chairman of the Fourth Annual Campaign. Headquarters for the campaign are at 4 North Second Street.
