

Local Group Will Help to Organize Woodstock League

Mrs. J. Sigurd Johnson, president of the Highland Park League of Women Voters, has just made public the intention of the local League to do its bit in a nation-wide expansion program by helping to organize a sister-League in Woodstock, Ill.

This decision was made when the National League of Women Voters following the challenge of the post-Munich world launched a campaign for "more citizens who fulfill the responsibility of living in a democracy." Mrs. Johnson reports that the appointment of an organizer from the Highland Park League to help in the Woodstock organization will be announced later.

Miss Marguerite M. Wells, president of the National League of Women Voters has just sent broadcast from Washington, D. C., a message to all members of the League of Women Voters. She says "From the time of the Munich agreement the Americans have been left pretty much to keep the torch of democracy alive. The United States has not stepped out front. It has been forced out."

"What does this mean to the League? Simply this—the League is a very strong group that has long since served its apprenticeship in effective democracy, and is now ready and prepared to go out and do more about democracy."

The board appointed Mrs. George Gellhorn of St. Louis, Mo., nationally known as a woman's leader ever since the days before woman suffrage was won, as chairman of the new League campaign to drive home to all citizens of this country the vast value of democracy.

"Our purpose is peace-time patriotism," said Mrs. Gellhorn. "To make democracy as exciting for young people as the all-powerful state is made in totalitarian countries; to lead the older citizen to appreciate his privileges and the moving power of his opinion and his vote to safeguard his freedom."

Mrs. Gellhorn enumerated some of the opinion-shaping privileges of the citizen in this country—not only the vote, but the town meeting, the radio, the letter and telegram to congressmen and public officials, the ballot in the "opinion-sampling" poll.

She pointed out that other nations who have felt the force of American public opinion are spending millions of dollars for short-wave broadcasting equipment in the hope of influencing this tremendous power in the world.

"This places on the American citizen a heavy burden of responsibility," she said. "He must keep abreast of the times—he must have a good background of public affairs to guide his decisions. He must know how to analyze the news, to sift true from false, to recognize propaganda."

"The League of Women Voters, non-partisan, has no special group axes to grind. It seeks only to quicken the interest of citizens in citizenship, for therein lies the hope of democracy."

"Illinois, too," says Mrs. George G. Bogert, president of the Illinois League of Women Voters, "feels an inner compulsion toward League expansion. If, as has been said, the League is the only effective group in the interests of the commonwealth as a whole, then it must lose no time in broadening its membership in order to achieve that solidarity and cohesiveness in enlightened public opinion that is so sorely needed today."

F. M. Dodge Records 38 Pct. Increase In County Building

The year-end approaches with an encouraging residential building situation in Lake county, Ill.

October contracts included a substantial gain of 38 per cent over the awards in October, 1937, according to T. O. Morgan Chicago manager of the Dodge Reports of F. W. Dodge Corporation. The local gain followed the average of 72 per cent recorded for the 37 states east of the Rocky mountains.

With the close of October this year's residential building in Lake county neared the year-end figure for 1937.

Last month, residential contract awards totaled \$267,000. In 1937, the contracts of the corresponding month amounted to \$194,000.

The favorable local situation is reflected in a comparison of the current level of residential building with the contracts at the same point of last year, and with the year-end.

January-through-October contracts, this year reached \$3,142,000 in a long gain over the corresponding \$2,739,000 of 1937.

Christmas Seals Show Sale Increase Over First Day Last Year

The receipts of the Christmas Seal Sale being conducted by the Lake County Tuberculosis association were \$2,464.16 Monday noon, Dec. 5th. This amount is \$650.79 more than the 1937 receipts on the same day of sale.

Last year Lake county ranked third of all Illinois counties in the Seal Sale. During the years 1929, 1931, 1932, 1933 Lake county ranked first. The Seal Sale committee hopes to put the Lake County Tuberculosis association back to first place this year.

In an effort to obtain this record, the committee is making an appeal for a wide use of the double-barred cross tuberculosis seals, and suggests the following ways of using the seals:

On cards, letters and packages to foreign countries.

On cards, letters and packages mailed to any place in this country.

On correspondence cards to carry Christmas messages.

On battle rallies and place cards at parties this month.

On church calendars.

On bills, business letters, bulletins, lodge notices.

On restaurant menus.

As Christmas tree decorations worked out in special designs.

As part of a stamp collection.

Christmas seals make a beautiful decoration. Teamed with millions of others they are making possible a life-saving campaign that is saving thousands of lives. Their use immediately identifies buyers as being among those aiding in the fight against tuberculosis. The Christmas Seal is an opportunity to give health and happiness to others and to insure homes and families against this dread disease.

For the convenience of those who have not purchased seals or who want extra ones, Christmas seals may be obtained from the office of the association in the court house, Waukegan, or from the members of the Christmas Seal committee: Edward L. Baker, Lake Forest, chairman; Harry A. Hall, Waukegan; Mrs. George W. Childs, Highland Park; Max Kohner, Libertyville; Dr. J. A. Ross, Wauconda.

Lowell Thomas to Be Man-of-the-Year at Kappa Sigma Banquet

Mr. Lowell Thomas, voted The Man-of-the-Year in a country-wide poll by his Kappa Sigma fraternity brothers, will be present at the annual Founders Day banquet, Friday evening, December 9, to receive this signal honor.

Reservations for hundreds of Kappa Sigmas have already been received by the committee in charge. The award will be presented to Mr. Thomas by last year's Man-of-the-Year, Mr. C. R. Smith, president of American Airlines.

This annual award was inaugurated in 1937 under the sponsorship of the Chicago Alumni, and is designed to give special recognition each year to one Kappa Sigma, who has made his life an example worthy to be followed by others.

In view of Mr. Thomas' record, it is not surprising that he has been chosen for this memorable honor.

Mr. Hill Blackett, of Winnetka, will be toastmaster. The banquet will be held at the Merchants and Manufacturers Club Merchandise Mart.

H. Gardiner Symonds, Hinsdale; Charles D. Hoag, LaGrange; Frank C. Wright, Oak Park; John C. Moore, Evanston; John C. Milton, Lake Forest; Francis W. Parker, Jr., Highland Park; and the following national officers, Allan G. Mills, Glencoe; James A. Donovan, Winnetka; Roy C. Osgood, Kenilworth, are among the alumni on the committee on arrangements for the dinner.
