

Boosters Open 1938 Basketball Season; Beat Rex 5, 39-26

Beginning their 1938 basketball season last Thursday evening, the Highwood Boosters defeated the North Shore Rexes of North Chicago in a closely contested game by the score of 39 to 26 at the Oak Terrace gym.

The game was a see-saw affair throughout with each team sharing the lead for short periods of time and going into the last three minutes of the ball game the Rexes were leading by 3 points. Frank Shelton, booster center, put on a scoring spree by caging 7 points to put the Boosters into a fairly comfortable lead. Campagni and Pasquesi followed in turn and cinched the game on two long shots.

The Highwood Boosters composed of the same team as last year which ended runner-up to the General Electric Five of Highland Park in the North Chicago Gold Medal tournament last year, have been strengthened this year with the addition of "Pat" Pasquesi and "Iggy" McClure. These two boys have been outstanding forwards in Lake county for some time and are very good scorers.

Starting Jan. 5, 1939, Thursday, the Boosters will play basketball every following Thursday throughout the basketball season at the Oak Terrace gym. They have booked the best teams in this locality and promise plenty of good basketball. There will be two games, with the Highwood Young Men's club playing the curtain-raiser beginning at 7:30 p.m. The Young Men's club is composed of former Deerfield high stars and displayed a fine brand of basketball in their victory over the Rex lights of which they had to go into overtime to win.

BOX SCORE			
Highwood Boosters	Name	h ft	pt
	Campagni	5 ft 2	11

Florida Is Coming Into Full Swing

Again this year, Florida is maintaining its reputation as being America's most popular winter resort — "The Playground of the World." Florida has perhaps without parallel, the greatest lure for the winter vacationist of any place in the world. Delightful climate—healthful, bright sunny days—endless miles of broad, sandy beaches—white rolling surf—sports of infinite variety too numerous to mention. It is an ideal environment offering unlimited opportunity to those of all ages for relaxation, exercise and amusement.

One of the popular rail routes to Florida is the Dixie route, whose trains are operated by the Chicago & Eastern Illinois railway, the Louisville and Nashville railroad and the Nashville, Chattanooga and St. Louis railway. There are two year-round Dixie route trains to Florida, the Dixie Flyer and Dixie Limited, and on January 2 the Dixieland resumes its winter service. The Dixieland is the fastest train from Chicago or St. Louis to all Florida points, and is the only one enabling travelers to reach any point in Florida with only one night of travel. In the short time of three years that this train has been operated, it has become the most popular of all trains from Chicago, or St. Louis. All Dixie route trains run via Nashville, Chattanooga and Atlanta, passing through the heart of the historic and scenic Lookout Mountain country.

Creative Writing Class Ends Term With Manuscript Morning

An "Information Please" radio student with Mrs. Lewis Sinclair presiding as Sinclair Lewis and authorities from the Creative Writing Class answering will be one of the features of the Manuscript Morning this Thursday, Dec. 15. Members of the class are inviting guests, and anyone interested in hearing the original work of the group is urged to come and enjoy the thought and informality. Osborn, Mrs. Lewis Sinclair and Mrs. Burt Cochran of Winnetka. Mrs. Albert Fetscher of Deerfield and Mrs. J. D. Pickett will preside at the punch bowl. The group will open its second term on Jan. 5.

Lake Forest Hotel Destroyed By Fire Reopens This Week

Lake Forest's famed Deerpath inn, ravaged by fire on July 6, is reopening this week.

Manager Paul V. Hoehner announced that the dining room will be placed in use on Thursday, while rooms and apartments will be available by Dec. 21.

The spectacular fire, which destroyed the upper two floors, has made rebuilding and redecorating the entire four-story hostelry necessary. The English style both outside and inside the building has been retained.

An innovation at the Deerpath inn, now completely fireproof, will be a porch at the northwest corner of the structure, accessible from the first floor.

Most of the members of the staff of the hostelry prior to the fire will return to duty, Manager Hoehner added.

Waste by Business and Government

The following story will get wide publicity even among many of Roosevelt's admirers. It has the fault of scintillating against only one factor of the New Deal. But since that facet is perhaps the faultiest, let us turn the light of ridicule upon it.

A farmer has two cows. So goes the story. Under Socialism he must give one cow to his comrades. Communism takes both his cows but gives him some of their milk. Under Fascism he must feed, tend, and pay taxes on the cows, turn the milk over to the state and buy back what he requires for his own use. Under the New Deal, he must kill one cow, milk the other, and pour the milk down the drain.

A LAUGH
An anonymous poem as re-written by ALFRED NEWTON BURNHAM
A laugh, a true and joyous laugh,
Enlivens all the day.
It glorifies the heights of life
And clears the mists away.

Former Director Social Security To Address Women Voters

In spite of the proximity of Christmas, members of the Highland Park League of Women Voters will take out time to listen to Frank Bane, former director of the Social Security Board at its monthly meeting Wednesday, December 21, at 1:15 at the Y.W.C.A.

Mr. Bane, who for three years was director of the Social Security Board, has recently resigned to become director of the Council of State Governments of the American Public Welfare Association. He will discuss needed changes in the Social Security Act and there will be opportunity at the end of his address for questions. In the short time that the United States has had its social security legislation many weaknesses have been discovered in its application. The league feels fortunate in having secured so distinguished an authority to clarify the issues. Mrs. George W. Carr, chairman of the Department of Govern-

ment and Economic Welfare, was instrumental in securing Mr. Bane and he will be introduced by Mrs. Philip Ringer, program chairman. At a recent board meeting held at the home of Mrs. J. Sigurd Johnson, president, the Highland Park League decided to devote its next three programs to a discussion of local problems. A number of issues were brought to light in the social survey made of Highland Park by League members last year and many members wished to go into those

issues in more detail. This plan is in line with the decision all over the country to demonstrate their faith in a democratic government by more active education in government. The National League of Women Voters has announced to devote its efforts in this coming year to a reorganization of the Civic Service Administration to an-

GIVE HIM SWANK FOR CHRISTMAS

THE ANSWER TO YOUR PROBLEM AND HIS WISH

Give SWANK Aids to Good Grooming and you are giving the personal, thoughtful gift...with the lasting quality of fine jewelry. Our complete assortment is available in handsome gift packages.
