DEERFIELD GRAMMAR SCHOOL

To the Parents:
We wish to remind the parents

of children who have not had chicken pox to be sure to examine their children before they dress for school in the morning. This is especially necessary as chicken pox generally breaks out on the body first.

If you already have chicken pox in your home, do not send the child back to school until entirely free from crusts. The state requirements are that the child must be quarantined until entirely free from crusts and a minimum of ten days.

We ask your full cooperation in this matter.

Sincerely,
DOROTHY S. DAVIS,
School Physician.
