 John L. Udell, Publisher and Managing Editor  
 Mrs. Florence W. Bartel, Associate Editor  
 Mrs. Robert W. Pettis, Deerfield Editor

#### BOY SCOUT WEEK

This, as many informed folk know already, is Boy Scout Week, celebrating the 29th birthday of the Boy Scouts of America, a Movement that has already appealed to 8,400,000 American boys and men.

Such success as the Boy Scout scheme has had is due chiefly, aside from its inherent imaginative appeal for boys, to the fact that thousands of devoted men have given time and money—but chiefly time—quite unselfishly in order that the boys who became Scouts might have the advantage of their counsel and experience. No similar social agency in the history of the world has ever engaged so many men as volunteers and their willingness and desire to be of some use as a tribute to the sort of unselfishness which is a component of the essential American character.

These Scout leaders have not given in vain, for there is ample evidence that the Boy Scouts of America have become among those consistently active in carrying out the service motive in our national life. This has always been amply demonstrated in times of emergency and is likewise to be discovered in ordinary days by many signs. Not the least of them is the fact that many, in fact, most of those becoming Boy Scout leaders in the past several years have previously been Scouts and are seizing upon that way of re-paying the debt due their own Scoutmasters. This is significant evidence that the Scout creed of helpfulness to others is a working doctrine.

### N.S. Property Owners Continue Drive for Re-location of Route 42

Continued designation of Sheridan Road along the North Shore as a main travel artery is inconsistent with the requirements of today's motor traffic and the reasons that justified its original identification as such no longer exist.

This is one of the findings in a comprehensive survey of the North Shore just completed for the North Shore Property Owners Association, by Bennett and Frost, widely known architects and city planners. The firm's report will help guide the association during the current year, Marion T. Martin, 135 South La Salle street, president of the organization, announced.

Pointing out that Route 42 was the designation given Sheridan Road long before any other route for

through traffic existed east of Waukegan road, the report observes that "it is not remarkable that there have been years of agitation to relieve Sheridan road along the North Shore of through and at least part of the local traffic."

Recent heavy increases in traffic on Sheridan road further reveal the necessity for elimination of as much through travel as possible, the survey shows. Over a three-year period 1936-38 inclusive, frequent traffic counts were made by various authorities. These were averaged in the Bennett & Frost report and showed that on an average week day, during the period mentioned, more than 16,000 automobiles passed at the south end of the route in Evanston and more than 14,000 at the junction with Ridge avenue. More recent studies show that these totals have been increased by as much as 35 per cent.

Heavy a sthis travel is, the bulk of it is local the investigations revealed, consequently tempting more traffic by continually advertising and labelling Sheridan road as a through route to Milwaukee, is inconsistent with modern traffic handling and city planning, the association's advisors point out.

Between South boulevard and North Chicago, the present Route 42 has 45 major turns, the survey reveals. Seven of these are in Evanston. The entire route, the study shows, lies through a residential district which is unsuited to the

operation of a main arterial highway where relatively fast speeds are maintained. Hundreds of private entrances leading from Sheridan road, further destroy the route's practicality as a modern, through highway.

The property owners association is urging the removal of the Route 42 markers from Sheridan road to the Skokie or Waukegan road, which are ideally constructed and located for modern through traffic. The organization is starting its eighth year of activities for the preservation of the residential character of the North Shore and will make the markers one of its major objectives in the location of the Route 42 Mr. Martin declared.

#### N. S. Trust Company Pays 7% Dividend

Early this week, depositors of the North Shore Trust Company of this city, which closed Dec. 6, 1932, received their sixth dividend, amounting to 7 per cent.

Edward J. Barrett, auditor of Public Accounts of the State of Illinois, says the present dividend amounts to \$30,408.04, which brings the total of dividends paid to depositors and creditors of the Receivership institution to 93% or \$373,584.52, of which 75% has accrued from liquidation of assets and 18% from collection in the Stockholders Liability.

The present dividend consists of 5 1/4% from assets and 1 1/4% from Stockholders suit. Charles H. Albers is receiver of the bank assets and S. P. Johnston is the receiver of the Stockholders' Liability suit.

Auditor Barrett announces that the following have been paid in addition to the present dividend distribution:  
 Preferred claims .....\$121,948.43  
 Secured deposits ..... 30,855.00  
 \$152,803.43

#### L. F. College Students Receive Appointments to Army School

John E. Roberts, son of Mr. and Mrs. Edward B. Roberts, Lake Bluff, June graduate of Lake Forest college who is now studying law at the University of Michigan, and Jonathan Ladd, son of Lieut.-Col. and Mrs. J. A. Ladd, Ft. Sheridan, freshman at the college, have both received appointments to West Point. Roberts, who had been appointed as an alternate for the tenth congressional district, has been made the principal appointee, to fill a place vacated by a resignation. Pending entrance examinations, the two local men will enter the army school in July.

While at Lake Forest college, Roberts starred on the baseball team for four years, was vice-president

of the student council, secretary-treasurer of the Interfraternity council, and treasurer of Alpha Sigma Kappa, local social fraternity.

Ladd, who entered Lake Forest in September, is a pledge to the local chapter of Kappa Sigma, national social fraternity.

### SPECIMEN BALLOT
