AND A V-8 ENGINE PROVED BY MORE THAN 5 MILLION OWNERS

THE quality engine in the Ford quality cars now has more than 5 million Ford V-8 owners to attest its economy, dependability and fine performance. Again for 1939, experience in building well has taught new ways to build still better and the present engine is both smoother and quieter-running than ever.

Throughout the car is other new evidence of extra built-in value. Bodies are impressively quiet and extremely comfortable.

Hydraulic brakes, rigidly held to Ford standards of precision and safety, now add to Ford handling ease.

Heading the line in style and extra luxury is the De Luxe Ford car. Its design is new, distinctive, and functional in origin. It is as outstanding in looks as it is in performance. Interior fittings carry to the last detail the new high standard set by its outward style.

Like Ford cars before it, this one is built to win respect—and to hold it. It reaffirms the Ford belief that praise from its owners is the best praise a car can have—and value is the way to that! Let it tell you at first hand what "Ford-built" means!
