"Young Dr. Kildare" at Deerpath Theatre

"The Cowboy and the Lady," "Young Dr. Kildare," "Ride a Crooked Mile," and "The Young in Heart," playing at the Deerpath next week.

A lively chapter to the screen's history of romantic comedy has been added by Samuel Goldwyn, who selected titian-haired, langorous Merle Oberon as the lady who gaily steals the affections of strong, silent Gary Cooper in "The Cowboy and the Lady," the comedy romance which is scheduled to play Thursday, Friday and Saturday, February 16, 17 and 18.

Playing Sunday, Monday and Tuesday, February 19, 20 and 21, in a double feature are "Young Dr. Kildare" and "Ride a Crooked Mile."

The drama that exists behind the scenes in a great hospital is re-enacted with rare power in "Young Dr. Kildare."

With his hit performances in "The Buccaneer" and "Spawn of the North," entitling him to rank among the screen's greatest character actors, Akim Tamiroff now returns to the screen in a dashing story of a wild Cossack of the Russian steppes who runs up against law and order in his adopted America. The picture is "Ride a Crooked Mile," featuring Tamiroff in a cast alongside Frances Farmer, Lief Erickson and Lynn Overman.

"The Young in Heart," playing Wednesday, Thursday and Friday, February 22, 23 and 24, is the delightful story of the Carletons, a family of fascinating phonies, who live by their charm and on anyone's money, and have been kicked out of only the best places from the Riviera to London.

Candidates Give Views On Local Garbage Problem

(Continued from Page 1)
 that they are paying their garbage bills to the City of Highland Park. Mr. Swanson submitted city records showing in detail the figures quoted by Major Ronan.

Mr. N. S. Sharp, candidate for commissioner, writes:
 I have always favored city collection of garbage because it is usually much more efficient than the private collection.

If proper collection is made it is then necessary to furnish first-class incineration.

In the majority of most cities, a small tax is levied which will have to be done in Highland Park. The laws of the State of Illinois allows a levy of two mills on property valuation. In the City of Highland Park this levy would raise approximately \$28,000.

In order to determine the best method of city collection it will be necessary to find out the number of families using the private collectors and the approximate fee paid each year. In my own case, it will cut the cost of garbage collection for than 50 per cent.

I pledge 100 per cent cooperation in this matter and will do everything humanly possible to work this situation out.

Commends Local League's Activity In Civic Projects

Complimenting the Highland Park League of Women Voters on its pioneer spirit, Mrs. George W. Bogart, president of the Illinois League of Women Voters, greeted members of the local League at their monthly meeting held Wednesday at the Y.W.C.A. in a short address.

"Highland Park's League of Women Voters is unique first in having undertaken a Know Your Own Survey," Mrs. Bogart said, "and secondly in taking action on some of its local projects."

Other leagues throughout the state were taking up local problems, she said, having been interested through the work of the Highland Park league.

Public health in Highland Park and in Lake county was the subject of the League's program on Wednesday, which had been arranged by Mrs. Philip Ringer, program chairman.

Mrs. Lester Britain read the state statute under which county hospitals in Illinois operate. She discussed the set-up in Lake county, the Board of Supervisors and the methods by which the county hospital is directed.

Mrs. Clarence Balke followed on the program with a report of the field trip made by several members of the League to the County hospital at Waukegan. She commented on the fine cooperation between our township supervisor, Mr. Steele, and the Highland Park Social Service Committee under Mrs. Flynn. The committee which made certain observations from a lay point of view stated that they were impressed with the cleanliness and orderliness of the institution but that there were certain outstanding lacks. The committee felt that the surgical X-ray and laboratory equipment were outmoded and that the delivery room was not up to

standard. They noticed that there was no morgue, no waiting room for out-patients, no elevator and no isolation ward. The committee also observed that there were no printed records of cases and that the hospital is not on the accredited list of institutions approved by the American College of Surgeons.

Dr. F. W. Williamson of the American College of Surgeons, discussed the development of hospitals and training schools in the United States and the ten point program of minimum standards set up for medical institutions by the American College of Surgeons. He spoke of some of the reasons why the Lake County hospital was not on the accredited list.

Mrs. William Briddle brought the Know Your Hown Survey which was made last year, up to date on health issues and found improvements in the school nurse situation. She said that dental surveys made

by the Elm Place and Lincoln schools discovered great need for a dental clinic in Highland Park. Mrs. Briddle also summarized the recommendations of the survey made by the American Public Health association last summer, which found that Highland Park lacked an adequate health program.

AN OPEN LETTER FROM MAJOR FRANK J. RONAN

TO E. C. WAMPLER, Chairman,
 CITIZENS CAUCUS COMMITTEE:

It is with pleasure and a sense of gratitude I have mailed to you my copy of the questionnaire sent to all candidates seeking nomination at the Primaries, February 28. I feel certain that each and everyone will welcome, as I do, the opportunity to submit an application for public office to the citizenry of Highland Park which asks for the same type of information demanded when an applicant seeks private employment.

So far as I know, this is the first time in any municipal political campaign, where a group of citizens has devised a plan under which they, as voters, can secure intimate, accurate and proper information about the men whom they must nominate for public office.

In my own case, I have given you conscientious answers to each of the 15 questions your committee has asked; I have told you to the best of my ability why I am seeking the office of Mayor of Highland Park, and what I believe the important issues of this campaign are. One thing above all else I wish to emphasize: **I have no selfish personal motives in seeking public office.** The executive administration of Highland Park can no longer be looked upon as a side line and honorary office. To give Highland Park what our people are entitled to will involve time and personal sacrifice.

You are free to publicize my Questionnaire in any manner you deem proper. Upon its release, and with your permission, it is my intention to mail a copy of my answers in the Questionnaire to every voter of Highland Park.

Very sincerely yours,
 (signed) FRANK J. RONAN.
