Deerpaih Theatre

'Spring Madness,' 'Trade Winds,' 'Dramatic School,' and 'Down on the Farm,' playing at the Deerpaih theatre next week.

'Spring Madness,' coming to the Deerpaih theatre Friday and Saturday, March 3 and 4, with Maureen O'Sullivan and Lew Ayres in the leading roles, offers a new and sophisticated slant on the contemporary American college scene. The picture presents the problem of a boy and girl on the threshold of stepping from the campus into a broader world and faced with the difficulties of marriage on a shoestring. Youth is prominent in the cast of the new production, the principals including besides Miss O'Sullivan and Ayres, Ruth Hussey, Burgess Meredith, Ann Morris and Joyce Compton.

Playing Sunday, Monday, and Tuesday, March 5, 6, and 7 at the Deerpaih theatre in a double feature program are 'Trade Winds' and 'Dramatic School.'

No dramatic picture ever to reach the screen has equalled in the variety of its far-flung scenic backgrounds. Walter Wagner's 'Trade Winds,' with Fredric March and Joan Bennett in the starring roles. This thrilling and yet light-hearted screen play tells the story of a detective chase that leads half way around the world, and authentic scenes are shown in the seven different countries in which portions of the action take place. The cast includes Ralph Bellamy, Ann Southern, Sidney Blackmer, Thomas Mitchell and Robert Elliot.

The ambitious, struggles, disappointments and joys of a group of young people who form a caste by themselves, whose thoughts and behavior differ widely from other strata in the social structure, are dramatically bared in 'Dramatic School.' The new picture brings to the screen two brilliant acting portrayals, one offered by Louise Rainer as the poor student who works in a factory at night in order to earn her tuition and the other by Paulette Goddard, who as a fashionable student of the school has a role offering an intense dramatic contrast to that of Miss Rainer's. Others in a finely-balanced cast include Alan Marshal, Lana Turner, Genevieve Tobin, Anthony Allan, Henry Stephenson and Gale Sondergaard.

'Down on the Farm,' latest picture in 20th Century-Fox's ever popular Jones Family, playing at the Deerpaih theatre Wednesday, March 8. The hilarious story centers around a corn-husking contest entered after having boasted of neighborhood prowess. The family is portrayed, as usual, by Jed Prouty, Spring Byington, Russell Gleason, Ken Howell, George Ernest, June Carlson, Florence Roberts and Billy Mahan. Louise Fazenda and Eddie Collins have prominent roles.

Dr. James S. Thomas To Speak At Woman's Club Evening Meet

Among the outstanding programs arranged for the Highland Park Woman's Club by Mrs. Poynts M. Murray and her committee, will be the evening talk Tuesday, March 7, at 8:30, before the members, their husbands and guests. The committee has chosen for this occasion a man of dynamic personality and deep knowledge, whose charm and interesting information will appeal both to men and to women.

Dr. James Shelby Thomas gives his talk the intriguing title "New Frontiers for Smart People"—and every club member will want to know what interesting facts he will divulge under this unique heading.

Dr. Thomas was born in the town of Shelbyville, Va., graduated from Milliken college, did graduate work at the University of Chicago, taught at his Alma Mater, and later at the University of Alabama. While there, he became head of the Extension department of the university, and from there drifted into industrial work for the Commonwealth and Southern Corporation. Thence he was called to the presidency of Clarkson College of Technology at Potsdam, N. Y., and more recently became the president of the Chrysler Institute of Technology. In the meantime, he has served as District Governor of Rotary International.

Dr. Thomas is a southern aristocrat, a learned scholar, a philosophic thinker, a man whose humor is keenly appreciated by his attentive audience, and whose graceful statements will be enjoyed by all who attend. Members of the households of club members will be welcome to attend this lecture gratis, and other guests will be welcome in accordance with the usual club rules.

The Collectors' Study Group of the Highland Park Woman's club

is bringing another attractive talk to the club, which will draw a large group of enthusiasts the morning of Tuesday, March 7, at 10 o'clock.

Mr. W. Russell Button, vice-president of the old Chicago firm of Arthur Ackerman & Son, Inc., will give an interesting talk on "Prints," sketching the history and describing the types of prints. He will show a large collection of line and stipple engravings, aquatints and mesotints, etc., which will appeal to the members and their guests. Non-members are very welcome upon payment of the small guest fee, while the talk is free to the club membership.

Old Mill Holstein Cow Completes Years Production Record

The Holstein-Friesian Association of America, Madison, Wis., reports that a five-year-old registered Holstein cow named Warford Princess Fobes owned by Carl E. Rudolph, Old Mill Farm, Deerfield, Ill., has completed an official production record for a year carried on under the supervision of the University of Illinois. This cow freshened at the age of five years and nine months and is credited with a yield of 20,366 pounds of milk and 691 pounds of butterfat for the year. She was milked three times a day. A study of the pedigree of this pure-bred Holstein reveals that she was bred by LaVerne Warford, Virgil, Ill., her sire being Forum Dominant and her mother was Fobes Dina Pietertje.

E. M. Clark, fieldman for the Holstein-Friesian Association, says that with the increased demand for better Holstein breeding stock, the Holstein breeders all over the United States are taking a renewed interest in testing their cattle for production. He reports that the average price for Holstein cattle sold during the past year was the highest since 1930.

Mario Marchi Returns Fugitive In Stolen Car To Local Police

Glen Morecraft, 26, Route 4, Watseka, Wis., was returned to the Watseka police early Thursday morning by the sheriff of Iroquois county, where he was wanted for theft of a car, on a complaint signed by Dave Larkins of that county.

Morecraft was brought to Highland Park after special Deputy Sheriff Mario Marchi, 136 N. First street, had passed him driving north on the southbound lane of Skokie

road at 9:15 p.m. Marchi chased Morecraft from the County Line road to Westleigh road, Lake Forest a distance of about three miles, before Morecraft stopped.

Marchi said that trucks and automobiles on Skokie road were forced from the road to avoid colliding with Morecraft.

The license plates on the car which he was driving were issued to H. J. Morecraft, but the stolen car complaint was signed by Dave Larkins of Watseka.
