

WILSON'S Weekly MEMO by GEORGE RECTOR

They tell me this column is read by six million women weekly. That would be appalling to any man, were it not so stimulating. Since it is, I am minded to share with you my choicest recipes, seasoned with age and spiced with pleasant memories, as well as to create new recipes worthy of your attention, my reputation and the excellent Wilson & Co. products which they employ!

IT'S A GYP... BUT NOT ON YOU

When the savants and scientists of 1939 A. D. finally got around to digging up that Westphalian Time Capsule, which a gyp is going to be found that space did not permit the inclusion of one of Wilson's Boneless Tender Made Hams, sealed in flavor-saving tins in its own natural juices! Ah, well, at least the old dears won't know what they've missed, and anyway, this is 1939 and there is nothing to prevent our having all of this delectable ham treat that we want. It's the real thing, too—"the genuine all-American article," made by the exclusive Wilson Secret Process right here in these United States. And not an ounce of waste to it, mind you—every morsel is servable.

Cut this, perfect slice of the boneless Tender Made Ham, with a scopic-fusion and taste, with a toothpick or they discover, still with hot, tender, sweet potatoes, slip under the broiler in the opening of a spit of parsley in the opening of each hour. Serve the salad in lettuce cups on the same plate. Dressing with honey instead of sugar and bake. Serve hot.

VARIED LUNCHES

To keep dittos marks out of the daily lunchbox, always have on hand several tins of Wilson's Certified Tender Made Deviled Ham, Deviled Chicken and Deviled Tongue, most to mention that all-time favorite, Brunswicker Spread. Use them alternately or in interesting combinations. They are easy to spread and there's no waste. They lend an interesting variety to any lunch.

BE NONCHALANT!

If Wilkes or Jarvis or whoever your butler is (if you have one and you probably don't), should by a slight oversight, bring in the jar of Wilson's Certified Chicken-and-Noodles direct to the table, there is nothing to be embarrassed about. Not in the least, as it will evidence your superb judgment in food selection, and means only that he has overlooked the slight detail of opening the jar and heaving the contents—for that is all you have to do to it. Large, whole slices of delicious chicken meat, rich, tender egg noodles, all in real chicken gravy—if that's not good eating, then I'm no judge of it and Rector's was only a hot dog stand in the Bowery!

This is what you might serve with it, to make the complete meal:

FORD IS DIFFERENT ... AND HOW!

It's different in its MODERN STYLE

New Ultra-modern lines of beauty emphasize Ford V-8 style leadership in the low-price field. New interiors and completeness of appointments emphasize this Ford V-8 distinction, too.

In its luxurious V-8 PERFORMANCE

There's no power so smooth and responsive, in the low-price field as V-8 power. V-8 smoothness is luxury performance found elsewhere only in higher priced cars.

In its biggest HYDRAULIC BRAKES

Larger Hydraulic Brakes than on any other car in its field add to your complete driving confidence. Extra braking area means longer brake life.

Ford V-8 is the only car in the low price field that combines these major advantages.

NOTE these other value-features too:

1. SPARE TIRE. Not only in luggage space is the new Ford more roomy, but new body-crafting also has achieved a new luxurious sense of space-to-relax in. Both front and rear seats accommodate three people comfortably.

2. TRIPLE-CUSHIONED COMFORT. New roll-back seat cushions, combined with soft traverse springs, and four big double-bearing hydraulic shock absorbers, give luxurious new riding comfort. The new Ford established chassis assure level starts, level stops, a cushioned, level ride.

3. QUIETNESS. Scientific soundproofing has achieved amazing results in the new Ford V-8. The transmission mechanism of insulation and sound absorption have been adopted, to make every ride in the new Ford quiet and peaceful.

The DeLuxe Tudor Sedan illustrated includes all the following: Bumpers and four bumper guards; Spare wheel, tire and tube; Cigar lighter; Twin air-electric horns; Dual windshield wipers; Two sun visors; Lock on glove compartment; Clock; DeLuxe steering wheel; Rustless Ford Wheel bands; Twin tail lights; Foot control for headlight beams with indicator as instrument panel; Brand-new battery-condition indicator. No other car in the low-price field offers all this equipment at an additional cost!
