# Strong Vote Is Urged Monday For

Lake county is holding a Judicial election next Monday, June 5th, and although little has been heard regarding it in Highland Park, all voters are urged to exercise their interest by voting. Chicago's Judicial election has been attracting widespread attention, but it is just as important for the voters of this district to see that the proper men are put into office.

The circuit judge is the watchdog for your freedom, and exercises more power over lives and property than any single individual, including the President of the United States (excepting in war times).

Several meetings have been held in Waukegan by Republican leaders, making a strong plea for their judicial candidates in the coming election. Last Thursday evening, Judge Martin C. Decker of the Pro-Von Gluck bate Court told Waukegan Township precinct committeemen "If citizens let their interest in courts fall down, they will permit their form of government to be destroyed!"
