NATURE'S GONE SHOPPING

Nature's out shopping. I saw her today,

There by some crocuses out on display.

Without her soft ermine she looks so bare;

She needs something gay and light now to wear,

To match her blue eyes, the gold in her hair,

The flush on her cheeks, and her youthful air.

A new dress of green, and yellow, and pink

Will make her look charming and chic I think.

I'm sure that even the robins will sing

When they see her new ensemble of spring.

ment; E. C. Hoskins as Chief Fire Marshal; George B. Prindle as Superintendent of the Water Works; Fred Botker as Superintendent of Sewers and Water Mains; and Sidney Morris as Building Inspector. Committees Named

Mayor Ronan named the following committees, which were approved by the other members of the council, also expiration of their term, as shown by year following their names: Zoning committee—L. M. Keiser, chairman, 1940; Mrs. Marc Law, 1941; John Guthrie, 1942; George Carr, 1943, and L. B. Sinclair, 1944. Appeal Board—Raymond E. Herman, 1941; Charles Jones, 1942; R. W. Flinn, 1943; and Lester G. Britton, 1944. Plan Commission—Marshall Johnson 1941 and Eugene Pfister, 1942.

The Library Board—Mrs. George Bliss, 1940; Rudolph Ingerle, 1940; Mrs. Sidney Schwarz, 1941; M. F. Gallagher, 1941; H. L. Kennicott, 1941; Mrs. Charles Rubens, 1942; J. B. Garnett, 1942; and Mrs. C. W. Balke, 1942.

S. M. Hastings and Cloud Wampler, with terms expiring in 1940 and 1941 respectfully, compose the Police Pension Board. The Civil Service Commission membership consists of John Putnam, 1941; Chas. R. Dennett, 1940; and Byron C. Howes, 1942.

The Mayor announced the appointment of a new committee—the Recodification committee. The function of this committee is to bring the city code up to date. The committee consists of the following members: B. F. Lewis, chairman; Geo. Dana; H. W. Mollison; Albert Ahrenberg; Morton Mayor; Wm. Alderman; Frank Venning; Ed. Schweitzer; Walter Durbahn; Daniel Davitt; Howard Moran; Leslie R. Hawley; Herbert Lautmann; John Whitman; and Constantine Scasselatti.

What the Ek?

The city clerk read a communication from E. O. Ek of 917 S. St. Johns avenue asking that his property be rezoned for apartment site. Mr. Swanson suggested that the matter be given immediate attention by the zoning committee, in so far as it was an old matter, which had been up before previous councils many times. The mayor expressed himself as being very provoked at Mr. Ek, whom he claimed was an alien, without property rights, a trouble-maker and one who had deliberately violated the laws of the city by building after being refused a permit. The matter was referred to the zoning committee to decide once and for all regarding the Ek property.

Other communications consisted of letters from the Chicago and North Western, railroad, K. Stronberg and the Chamber of Commerce. The Northwestern railroad asked for a permit to rebuild its water tank; the C. of C. asked for the widening of Sheridan road in the business district and the establishment of a parking lot between the North Western and North Shore tracks north of the business district; and Mr. Stronberg asked for a \$3 refund on a second dog license tag, which he purchased last year. A letter was also received from the Braeside Improvement association that 25 mile per hour speed signs be placed on Lincolnwood drive to protect the school children; that the safety island at Braeside and Lincolnwood be removed as it is a hazard to traffic and that something be done about the stop light at Sheridan road and County Line road so that the children from Deere Park can cross the street with greater safety.

An opinion of the Mayor's was read opposing the dis-annexing of the Glader property from Highland Park. A motion was made approving the report and placing the same on file for a week.

The annual audit was approved and placed on file—the \$500 balance on fee due Central States Audit Co. was approved and ordered paid.

New Ordinances

The ordinance for the Levy of Taxes, which was presented at the council meeting last Monday, was passed.

An ordinance creating the office of City Engineer was adopted.

An ordinance creating the Water Department, covering the water plant and sewer department, was read and approved.

A resolution calling for the issuance of Tax Anticipation Warrants in the amount of \$1,000 to provide for the payment of the Pink settlement was read and approved. An ordinance was then passed authorizing the purchase of those warrants from the Street Widening fund.
