VOLUME XXIX

HIGHLAND PARK, ILLINOIS, THURSDAY, AUGUST 31, 1939

NUMBER 27

Administration By ROBERT C. L. PRICE

After a two weeks vacation, the council met on Monday evening ready to launch a busy fall program. Mr. Sharp discussed the incinerator problem, stating that he thought it advisable that the members of the council inspect the incinerator plants at Hinsdale and Oak Park before calling for plans from the several builders. Tentative plans were made for the trip a week from next Thursday. The Mayor invited the citizenry of Highland Park to accompany the councilmen on the inspection trip. Mr. Sharp, upon being questioned, stated that the location of the new plant has not been decided upon and deemed it advisable that a committee of interested citizens be appointed to decide this question. The tentative plans call for an attractive building to house the incinerator with a plant that will be practically free from odor and smoke. It is hoped that construction will be started in the near future.

Commissioner Swanson reported that the street lights have been installed on Clavey road, and that the bridge at the south end of Waverly road is being overhauled. Mr. Cole, the city engineer, upon being called on stated that the planned concrete surface for the bridge would be too heavy and suggested that four inch creosote planks would be the most satisfactory. He recommended that the capacity be limited to five tons, as a safety measure, although he believed it would hold eight tons.

Mr. Swanson also reported that there are now advertising signs along Skokie highway, in the city limits, which are there without permit and others upon which the bonds have expired. He voiced the opinion that the council should take action on this question and have the signs that are not rightfully posted removed. Mr. Morris, the building inspector, reported that his department has seen to the removal of such signs in the past. Mr. Bowers offered to check into this matter with Mr. Morris and report to the council at the next meeting.

The Mayor, in making the report of his department, stated that there has been progress in the weed cutting project and that 10 or 12 vacant lots have been cut by the city, in cases where the owners could not be located. He further stated that upon determining the ownership of these properties a lien will be placed on them by the city for the cost of the work and that next year the matter of weed cutting would be commenced at an earlier date.

A communication from Attorney Marvin Wallach was read, in which he asserted an attorney's lien against the city on account of the case Joseph Cabonargi vs. the City. Commissioner Swanson called upon the Corporation Counsel to explain the meaning of this lien. Mr. McKenna explained that it involved the construction of the City Hall for which Cabonargi was one of the contractors; and that a dispute arose over certain work between Cabonargi and the Union Interior Finish Co. for which the former deposited \$160.00 with the city to be held until the dispute was settled; that the \$160.00 was paid by the city, in 1933, to Union Interior Company, which Cabonargi claimed was wrongfully paid and without his knowledge; that the matter was heard before Judge Shetzley, who rendered a decision for Cabonargi; and that the notice of an attorney's lien by Attorney Wallach was merely a legal step frequently taken by attorneys to protect their fee. This matter is a carry over for the present administration, one which it is obliged to defend.

The councilmen received quite a surprise in the form of a resolution from the Higher Improvement Association in which this association expressed its thanks for the improvement made in that section by cilling the roads.

Mr. Swanson reported that there is a new bowling alley under construction in Highland Park and suggested that the license fees be increased on bowling alleys and pool rooms to provide a more substantial fee in order to provide adequate police protection. He also stated that while the ordinance provides for licenses in many local enterprises that few fees are collected and many license ordinances are not enforced at all. The garages are one enterprise that is not paying a license fee. The council decided to investigate these matters.

Commissioner Swanson also suggested that some of the street-widening funds be used to eliminate the bottle-neck on Sheridan road, north from Central avenue. He also rec-

Kidnap Chicago Dealer; Steal Car and \$15,000 in Furs

After hi-jacking his car containing about \$15,000 in fur hides, Wm. Netsky, 30, a Chicago fur dealer, was kidnaped by two robbers and driven to Highland Park early Monday morning where he was released.

According to the report given to the Highland Park police, Netsky had left the State and Lake building in Chicago about 7:40 a.m., on his customary business run. At Ogden avenue, he was forced to the curb by a black Ford sedan.

Three men ordered him out of his car, while one drove it away. He was taken in the Ford sedan and ordered to lie flat on the floor, and keep quiet. At 9:15 a.m. he was released at County Line road and Skokie Blvd.

Netsky and his brother Abe operate a fur hide dealership at 915 Ainsley avenue, Chicago. He estimated his loss at about \$15,000. There were twelve large grips, two small grips, a large box and four small ones containing assorted furs, some of which were valuable, while others were of rabbit. All these were in the back seat of his car. Mr. Netsky also lost a wrist watch and an unknown amount of cash to the robbers.

The case has been turned over to the detective bureau for investigation.

Suffers Broken Nose in Collision Sunday

Miss Sylvia Dostalek suffered a broken nose while her companion, John (Ike) Freberg, was badly shaken up and bruised when their car was in collision with another car on the Skokie highway near Kenilworth avenue Sunday morning.

The couple were returning from Chicago on the Skokie, and in attempting to avert past two cars which were stalled on the highway, Miss Dostalek, who was driving, is believed to have cut in too rapidly and the rear fender caught the rear end of one of the stalled cars, causing the collision. Both young people were taken to the Evanston hospital. They have returned to their homes.

North Shore Line To Spend \$89,460 To Modernize Cars

Authorization to completely modernize twenty-five all-steel passenger cars of the Chicago North Shore and Milwaukee Railroad—the North Shore Line—has been obtained by Col. A. A. Sprague, receiver, from Federal Judge James H. Wilkerson. The work, which will cost \$89,460, will be undertaken immediately at the company shops at Highwood.

Of the fleet of modernized equipment, ten cars will be used on the fast limited trains over the Skokie Valley route of the Chicago Waukegan-Kenosha-Racine and Milwaukee service and fifteen will be used on Shore Line division between Chicago, north shore suburbs and Waukegan. All of the equipment is expected to be in service before snow flies.

Striking innovations of the most modern type will be incorporated in the cars.

The hot water heating system will be removed and a most modern thermostatically controlled electric heating and ventilating plant installed. The heating system will be divided into two parts. Approximately half of the heat will be located along the sides of the cars. The remaining half will come from a duct over which air will be blown and this will be discharged into the car through grills in the headlining.

For ventilation, air will be drawn into the car through a screened duct and forced over the heaters and through a distribution duct by means of a motor driven fan, assuring adequate ventilation at all times regardless of the speed of the train.

A newly devised lighting system (Continued on page 8)

ommended that a big effort be made to sell the old city hall building to realize funds for the city. Commissioners Bowers and Sharp felt that something might be done to stimulate outside interest in the property, and that it would be quite helpful to realize on this property.

The Mayor announced that due to Labor Day there will not be a council meeting next Monday.

Ft. Sheridan Horse Show Scheduled As Week End Event

Fort Sheridan will be the mecca for north shore residents over what virtually amounts to a triple holiday this week-end—Saturday, Sunday and Monday.

And the lure is the annual Fort Sheridan Horse Show in the picturesque lake front ring of the Army post. From the moment the show was announced, it became evident that the event would be the most elaborate and brilliant in Fort Sheridan history, what with afternoon and evening performances both Saturday and Sunday, and the final of the five programs on Monday (Labor Day) afternoon.

Appearing as a special attraction at each performance will be Maj. Isaac L. Kitts and his famous high school horse, American Lady. Maj. Kitts is world renowned as a trainer of high school horses, having been a member of the United States Army teams at the 1932 and 1936 Olympics. He is also here to serve as a judge of the military classes, along with Maj. Henry Leonard, who will act in the same capacity for hunters and jumpers, and Harry McNair, who will judge the saddle and equitation classes.

Each of the three matinee shows will be given over to ring competition, while the Saturday and Sunday evening performances will include more horse show classes, plus thrilling military exhibitions, such as musical drill by Troop B of the 14th Cavalry, rough riding by Troop A of the 14th Cavalry, mounted shooting by Troop A, and an anti-aircraft searchlight exhibition by the 61st Coast Artillery.

The time schedule calls for the afternoon programs to start at 2:00 o'clock, and the evening performances at 8 o'clock.

Under the able direction of Maj. Paul H. Morris, manager; Capt. Cary B. Hutchinson, secretary-treasurer, and the other officers appointed by Brig. Gen. Karl Truesdell, as members of the show committee, interest has been stirred to a high pitch. This applies alike to the demand for boxes and other seats in the stands, and the enlisting of outstanding exhibitors, many of them from the north shore area. The horse show telephone number is Highland Park 880.

Among the prominent boxholders at the Fort Sheridan show are James B. Long, Britton I. Budd, Harry Okin, Donald B. Douglas, Gen. Robert E. Wood, O. A. Newsum, Edith M. Behr, John H. Vistor, Mr. and Mrs. William Roy Carney, Brig. Gen. and Mrs. Truesdell, Herbert J. Lorber, A. B. Dick, Jr., Joseph B. Fleming, James H. Douglas Jr., Col. Henry E. Keely, Maj. and Mrs. James E. Boush, Mrs. D. Mark Cummings, Col. Robert R. McCormick, Denison B. Hull, Mr. and Mrs. John F. Jelke Jr., Harriet B. Stuart, Lieut. Gen. and Mrs. Stanley H. Ford, James A. Hannah, Gen. Charles G. Dawes, Capt. J. A. Holbrook Jr., and Capt. Donald Gallo-way.

More than 320 entries have been filed for the 41 classes of competition. Some idea of the keen competition for the cash prizes, ribbons and trophies to place winners may be obtained by listing a partial list of contenders who have entered their best horses.

They include H. Leslie Atlas, Wheaton; Paddy Price, Hinsdale; Mr. and Mrs. H. Earl Hoover, Glen-coe; Lt. Commander Paul S. Pfeifer and Elmer Holdorf, Morton Grove; John W. Hughes and Milton Hughes, Lake Forest; Jeanne Lee Hester, Morton Grove; Robert Cudahy, Lake Forest; Priscilla and Hill Blackett Jr., Winnetka; Betty Ferrin McGuire, Chicago; Mr. and Mrs. E. H. Bennett, Lake Forest; Margery Lloyd, Winnetka; Stanley Luke La Grange; Mrs. Garfield King, Lake Forest; Mr. and Mrs. Denison B. Hull, Winnetka; Elaine Victor, Wilmette; Otis Carney, Lake Forest; Norman W. Harris, Williams Bay; E. C. Hyatt, Wadsworth; Col. P. W. Evans, Hinsdale; the 124th Field Artillery, Chicago, and of course, the best from Fort Sheridan.

Announce Lecture On Christian Science

First Church of Christ, Scientist, of Highland Park, announces a free lecture on Christian Science by Judge Samuel W. Greene, C. S. B., of Chicago, on Thursday evening, September 7, at 8 o'clock in the Elm Place school auditorium. Judge Greene is a member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The lecture is open to the public.

Sheriff Threatens Gambling Houses With Axe Raids

Sheriff Thomas E. Kennedy early this week issued a warning to all operators of gambling rooms that unless they heed his advice, raids will reduce to shambles the equipment maintained on their premises.

The order came after one handbook, the Belvidere club, opened up Saturday afternoon in defiance of the closing order and took bets during the early afternoon. It was closed again as soon as word reached Sheriff Kennedy that the place was operating.

The sheriff was quoted as saying that apparently the gamblers did not think he meant what he said and in order to convince them, he would have his ax-wielders smash everything they could find that might in any way be used for gambling purposes.

Slot machines, punch boards and other small devices used for gambling are to be seized and stored in the county building until such time as they can be taken out and smashed to bits. Card tables, roulette wheels, crap tables, and other games of chance found in any place, regardless of where, will be either smashed on the premises or seized to be destroyed later.

The ax drive against gambling devices follows closely on the heels of Sheriff Kennedy's closing of the Bon-Air Country club gambling casino last week.

Admiral W. C. Watts Takes Command of Great Lakes Station

Rear Admiral William C. Watts took command of the ninth naval district and the Great Lakes training station Monday.

He succeeded Rear Admiral Hayne Ellis who had been in charge for 2 1/2 years and now will take command of the Atlantic squadron of the United States fleet, with the U.S.S. New York as his flagship.

Admiral Watts, 59, is a native of Philadelphia, an 1898 graduate of the U. S. Naval academy, served in the Spanish-American and World wars and formerly commanded the U. S. navy base force at San Pedro, Calif.

A ceremony and review took place at the naval station Monday honoring both the new and the retiring commandant. A large gathering of civilians witnessed the exercises.

Eugene Peddle Is Hurt in Auto Collision Sunday

J. J. Peddle, of 619 Homewood avenue, Highland Park, reported to Sheriff Thomas E. Kennedy that while he was in a line of traffic in his automobile it was struck in the rear by an auto operated by Edward Palubicki, of Chicago, on Route 59A about a half mile west of the E. J. & E. railroad tracks. Eugene Peddle, 13, of the Highland Park address, suffered a broken nose, and Miss Helen Krueger, of 1715 Hoyne avenue, Chicago, riding with Palubicki, was cut on the face.

Skull Fractured in 20 Foot Fall at Niagara Falls

John Butler, 17 year old son of Mr. and Mrs. Edward Smith, 820 Prairie avenue, Highwood, suffered a fractured skull, Tuesday, when he fell about twenty feet down the face of the Niagara Falls gorge.

The young man, accompanied by William Mecham, son of Mr. and Mrs. Albert Mecham of 140 Michigan avenue, left about a week ago to visit the New York World's fair. They were on their way home and stopped at Niagara Falls on a sight seeing tour. While there the accident occurred.

Both boys are students at Highland Park high school. Butler is in a hospital at Niagara Falls, N. Y.

Youth Hurt When Bicycle Crashes Into Rear of Parked Car

David Perkins, 14, who resides with the Farmer family in this city, received facial injuries Tuesday afternoon when his bicycle crashed into the rear of a station wagon parked at 608 Central avenue.

The youth was headed east on Central avenue when he struck the car. John J. Prior, a member of a crew of the Periodical Sales Co. of Chicago was in the car.

Highland Park Schools Begin Fall Terms Next Wednesday

Kiwanians Defeat Lions in Thrilling Battle Monday

Monday evening at Mooney's field on North Ridge road the Kiwanis Club of Highland Park-Ravinia defeated the Lions Club of Highland Park 14-13.

The climax play of the game occurred in the ninth inning. Two men were on base, two outs, score 14-13, and Pitcher Bob Anspach, of the Lions, was up. He smashed a liner to right center which just about looked like the ball game.

It was at this point that Lloyd Vinyard, the Kiwanis center fielder, made a catch which will be immortal in Highland Park baseball. He caught the ball at his shoe tops while stumbling over a rough field. That catch spelled victory to the Kiwanis.

Defeating an aggregation which boasted of such stars as Cy Duffy at first, Ernie Belmont at short, Dick Martin at third, Bob Anspach pitching, and Gord Leonard and Pete Grimson as outfielder, was a feat of which the Kiwanis should feel proud.

Paul Branch's home run in the seventh inning with the bags loaded broke a 9-9 deadlock. His fielding at short also was responsible for the win. George Harrison and Doug Boyd pitched effectively, bearing down when the going got tough. John Udell in right field, John Munro at center field, Jim Mooney at third base also stood out with their batting and fielding.

This game was the second of a three game series. The third game will be played a week from tonight, Thursday, at 6 o'clock at Mooney's field on North Ridge road. The public is invited.

Tarzan Finds a Son on Alcyon Screen 3 Days Next Week

Humor, melody and rhythm are skillfully blended to make "Naughty But Nice," the production featuring Ann Sheridan, Dick Powell and Gale Page, being presented at the Alcyon on Saturday, the most satisfying dish of comedy entertainment to come out of Hollywood in a long time.

Edgar Rice Burroughs' famous characters come again to the screen with the reunion of Johnny Weissmuller and Maureen O'Sullivan in "Tarzan Finds a Son!" This new story introduces an added character. There is now a junior Tarzan played by five-year-old John Sheffield, America's most amazing boy athlete, who swings on vines, swims under water and otherwise duplicates all the feats of the elder Tarzan. On the Alcyon screen for Sunday, Monday and Tuesday.

On next week Wednesday and Thursday we may see a double feature program. Music such as has never been heard on the screen before is produced by Ignace Jan Paderewski, the world-famous pianist who stars in his first and only picture "Moonlight Sonata." The story has been skillfully built around Paderewski. Fine portrayals are given by Charles Farrell and Marie Tempest. "It Could Happen To You" stars Stuart Erwin and Gloria Stuart. That grand Saturday Evening Post story is better still and much funnier on the screen.

Ace Golfers Will Appear in Benefit Exhibition Match

Nationally known golfers are to be featured in the second annual eighteen hole exhibition match for the benefit of the Hadley Correspondence School for the Blind, in Winnetka, which will be played at the Indian Hill club, Sunday, Sept. 3, at two o'clock. The club is located on Ridge road, one block south of Winnetka avenue, in Winnetka.

Shirley Ann Joynson and Patricia (Patty) Berg, members of W.W.G. A. and Harry Adams and Tommy Arout, members of the Illinois P. G. A. are donating their talent for this worthy cause. Indian Hill club is also providing the use of its course without charge.

It is seldom that the public is afforded such a galaxy of nationally known players, and the event promises to bring together one of the largest gatherings of golfing fans on the North Shore.

Tickets may be secured from the various golf clubs in Highland Park or at Nield's Sport Shop on North Sheridan road.

Schedules of Opening Dates; List of New Teachers Engaged

Schools of Highland Park, Highwood and Deerfield will resume their year's work next week. Grammar schools will be open in all districts on Wednesday, Sept. 6. The high school officially opens Thursday morning at 8:45 a.m. when all students report for classes. Freshmen will report Wednesday (the day previous) at 8:45 a.m. for classes.

The High school book store will be open on Saturday, Sept. 2, from 9-12 o'clock and Tuesday morning from 9-12 o'clock, so that students will have opportunity to purchase their books before the opening of school.

The new Vocational building at the H. P. High school which has been under construction during the past year, has been completed and will be ready for classes when school opens next year. This is to be known as Richard Lanning Sandwick hall. Some remodeling has also been done in the cafeteria, while the parking space at the north of the auditorium has been gone over and tennis courts as well as parking space included.

The following changes have been made in the teaching staff at the High school:

Miss Edith Morgan, who has served as English instructor during the past several years, has been in Arizona on a year's leave of absence is returning to assume her position at the local school. Miss Ruth Lant, who substituted in Miss Morgan's absence, has accepted a similar position at the Niles Center high school.

Miss Lucy Burwash, home economics teacher, is leaving to accept a position in Plattsburg, N. Y. Miss Dora Bean will replace her. Miss Bean attained her B. S. degree from Parsons College, Fairfield, Ia. For the past year she taught at Sioux City, Ia., where she was doing graduate work at Iowa State Teachers college.

Mrs. Helen Mayer Mannings, music instructor, has been granted a year's leave of absence. Mr. William Fischer, who is a graduate of Wright Junior College, is to conduct chorus. He received his degree in music from Northwestern university last year. Mr. Harold Finch will be in charge of the orchestra, while Mr. Robert Gibson will assist in the string work.

Mr. Wendell Cannon, who is leaving to work on his D. degree at the University of Illinois, will be replaced by Mr. Claire Winkley. Mr. Winkley holds an A.B. and M. A. degree from the University of Wisconsin. He taught two years at Lake Mills, Wis.

Mr. Jerome Barnes, who has been engaged in the physical education department, will teach at Beaver Dam, Wis., this year. Mr. Theron Parson, a graduate of Oberlin, will assist in the boy's physical education department this year.

Miss Dorothy Vetter has been appointed secretary to Miss Minnie Buzard, and Mary Ellen Okey is taking over Miss Vetter's position at the switchboard. Miss Vetter replaces Miss Virginia Hanna, who has gone to California.

District No. 108 Schools of District 108 including Lincoln, Ravinia, Brasside and Ridge will open for registration of pupils on Wednesday, September 6, at 9 o'clock.

The same age ruling regarding kindergarten and first grade children will be observed. Children who are five or who will be five before January 1, will be admitted to kindergarten and those who are six (Continued on page 8)

Snite's Cruiser Takes First In Chicago Regatta

John T. Snite's powerful new cruiser "Copperhead" won the cruising time prize when he finished first in the 13th annual Daily News Regatta, on Lake Michigan in Chicago, Sunday.

It was Snite's first major victory since launching "Copperhead" this summer.

"Copperhead" raced ahead and showed early that she was a top contender. She took the lead of the 120 yachts entered and she was more than two minutes ahead of the Mackinac winner, Bangalore, owned by Ted Lombard, and six minutes in front of Rubayat, defending regatta titlist.
