### Deerfield Civic Association Offers Citizenship Classes

In a move fraught with possibilities of far reaching significance the Deerfield Civic association last Tuesday night voted to establish a permanent citizenship training program in Deerfield. Expected to follow the lines of the recently successful Wisconsin community programs, best exemplified in the Manitowoc, Wis., experiment, the proposal and ensuing discussion was enthusiastically received by a record breaking attendance for routine meetings of the association.

The details of the plan, yet to be worked out are expected to encompass the enlistment of all young people, reaching the age of 21 within a given yearly period, in a series of training classes to be conducted by men and women prominently identified with the practice and teaching of political science. The conclusion of these classes will be reached in public exercises to be held at some as yet undetermined date in the late Spring, at which time appropriate recognition will be accorded the participants. A prominent citizen will be sought as a speaker for these exercises. A voluntary committee will begin immediate work on the organization that committee include Jirah Cole, of the plan. Present members of that committee include Jirah Cole, Edwin Selig, Phillip Tennis, Michael Palermo, John Welch and Evert Nelson. Immediate plans call for a formal meeting of the association, open to the public, to be held on Tuesday, September 26 at 8 p.m. Negotiations that will bring a speaker of reputation before that meeting are about concluded.

The record breaking attendance at the meeting attests to the success of the recently inaugurated membership drive headed by membership chairman C. E. Piper. This campaign, just swinging into high gear, was reported to have excellent prospects of reaching a new high for active members. New members admitted since the last regular meeting include Phillip Tennis, Harry L. Thompson, Julius Reeder, Chas. Turner, John Welch and Vernon Giss.

Sea Scout committee chairman Palermo reported that the Deerfield Ship was in process of active organization with Frank Monell appointed as temporary skipper and five boys ready to undergo examination for Apprentice Sea Scout ranking of Monday, Sept. 11.

A feature of the meeting was a talk by Mr. Wilkhim, recreational activities chairman of W.P.A. in this district. At the conclusion of his talk recreational activity committee chairman, B. B. McRoy, proposed that the association expand its program to tie up with the W. P. A. program. Under his plan the W. P. A. proposes to provide trained direction and organization for both juvenile and adult recreation with local organizations providing the facilities. A program of outdoor sports embracing touch football, softball, skating, horseshoe pitching, etc. and indoor activities including dancing, ping pong, basketball, metalcraft, needlecraft, etc., would thus be insured as a regular feature of village activities. The association voted favorably on McRoy's motion and empowered him and his committee to exercise their own discretion in putting the program into immediate effect.
