Ridgewood Group to Hold Moonlight Barbecue Party

According to a recent notice, the Ridgewood Park Association will conduct a moonlight steak barbecue party at the residence of Mr. and Mrs. Philip McKenna, 968 Ridgewood drive, on Saturday evening, September 16, at 7 p.m.

All the members of the organization which comprises all the families living in the district bounded on the north by Grey avenue, the west by Greenbay road, the east by St. Johns avenue and on the south by Ridgewood drive are expected to attend and Milton Souther, who is chairman of the party, states that arrangements are being made for over a hundred.

Mr. McKenna, president of the organization, has a large outside grill and tables will be set up under the trees. There will be special lighting effects which are in charge of Geo. Vetter and Mr. and Mrs. Clifford Moran will be in charge of the music and program of entertainment.

Mrs. Edward Morrissey is in charge of the buffet supper and Mrs. H. B. Aiston is in charge of reservations. One of the outstanding concessions of the evening will be under the direction of Jack O'Connell and Joe Webster, who promise that this will be replete with inventive novelties.

Skokie Highway Sinks in Spots

Skokie highway, which was built through Lake county at a cost of millions of dollars, is sinking in spots.

Constructed over the marshy lowlands of the Skokie valley and subjected to continual pounding by the great volume of traffic that has thundered over it since it was opened, much of the paving has settled below the established grade and it is feared that it may go much deeper.

The situation is regarded as serious enough to cause some concern among officials of the state highway department.

A plan of raising and protecting the paving by pumping mud beneath it with what is known as a "mud-jack" is being considered. In view of the magnitude of the project, the state highway department intends to ask for an emergency appropriation of funds to cover the cost of the work.

Workmen were assigned last week to carry out test jobs on different sections of the paving in order that engineers may determine a basis on which to fix estimated costs of the proposed project.

Indications are, however, that the work of bringing the miles of sunken

sections of the paving back to established grades will last for more than a year, and there is no certainty that at the end of that period the state highway department might not be forced to repeat its task.

Former Resident Wins \$3355 Alimony Debt

Mrs. Mary B. McEvoy, 378 Hazel avenue, Glencoe, a former resident of Highland Park, received a default judgment against J. P. McEvoy, a noted writer, for \$3,355 for unpaid alimony.

The McEvoy's were divorced by the late Judge Claire C. Edwards in Waukegan on September 5, 1932. Mrs. McEvoy was granted alimony of \$40 per week for herself and her two children. Later the alimony was reduced when the daughter married and the son, Dennis, became a news correspondent in Shanghai, China. Mr. McEvoy now lives in Hollywood.

Creative Writing Class Opens Oct. 5

"Creative Writing," the Thursday morning subject that drew scribes and listeners from all North Shore suburbs to the Highland Park Y.W.C.A. last year will open again on October 5. Led by Rowena Bennett, Ravinia poet and magazine editor, this informal group extends an invitation to all those interested in a writers workshop. Poetry, fiction, articles, juveniles, plays, are anonymously read and criticized, providing stimulating thought and real recreation. The committee working on plans for this year include Mrs. Theodore Osborn, Mrs. Victor Hackler, Mrs. Arthur Raff, Miss Joan Goodman, Mrs. Lewis Sinclair, and Mrs. Emil Cedarborg.

The American Boy Magazine Proves Companion to Many

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received

from sports articles carried in THE AMERICAN BOY MAGAZINE. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 15¢ a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. Foreign rates 50¢ a year extra. To subscribe simply send your name address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan.

Owen H. Garrity, Old Resident, Dies; Is Buried Today

Owen H. Garrity, a resident of Lake county for seventy-seven years, died Tuesday morning at the Highland Park hospital, following a lingering illness.

Mr. Garrity was born in Deerfield, but for the past twenty-seven years had made his home at 60 Sunset road with his sister, Mrs. James Sheahan, who passed away about three years ago. Since that time he has continued to reside with his niece Miss Theresa Sheahan.

Funeral services will be held this morning at nine-thirty o'clock at St. James church, Highland. Burial will be in St. Mary's cemetery.

The deceased is survived by three sisters, Mrs. Margaret Johnson, Mrs. Elizabeth Baker and Mrs. Anna Brady of Highland and one brother, George Garrity of Dundee, Ill.

Roger Balkes Back From Switzerland

Mr. and Mrs. Roger Balkes and their baby twins, have returned to the United States from Europe. Mr. and Mrs. Balkes had spent the summer in Mrs. Balkes' homeland, Switzerland. They had been conducting classes in Eriswil, Kt. Bern in Switzerland.

They had a very difficult time getting a train to Paris, but finally sailed from Harve, Sept. 1st on the Washington, the same ship on which the President's mother returned to this country from Europe. The twins were very much the center of

attraction and created considerable attention from many of the passengers.

Mr. Balkes said the return trip was filled with thrills as their ship went through the English Blockade and Black out.

Fort Sheridan Men Sent to Panama

Saturday Fort Sheridan made its contribution of men to strengthen the forces of the Panama canal zone.

Under the command of Capt. Matthew K. Deichmann, 226 men and seven officers of the 61st coast artillery left at 9:30 a.m. for Panama on a special train.

Military authorities said that the departure of the men would cut the forces of the 61st at Fort Sheridan in half, but that the unit will be brought back to full strength by recruiting.

New Home In Ravinia

The above house is being completed at 1324 Judson avenue. It was built for Mr. and Mrs. Edward Reiche of 611 Sheridan road, Evanston, with James J. Gathercoal of Wilmette, as architect. This house is a particularly attractive early American home, and has been designed with contrasting mellowness of selected unpainted brick and the freshness of painted woodwork. It is located in one of Highland Park's established home sections, away from traffic in a beautifully wooded section in Ravinia. It is one block east of St. John's avenue, which is along the railway and three blocks north of Roger Williams avenue, which is the business and transportation center of Ravinia.

On entering the front door into the vestibule, there is visible at the end of the hall a picture window with shelves at the cross bars for colorful and picturesque objects d'art. This window is located in a pine paneled breakfast room. From the vestibule is a smart little powder room done in a refreshing mulberry paper. Leading from the hall also, is a large living room with a bay window overlooking the front yard, two long windows to the side and an attractive wood burning fireplace. This room is decorated in a soft dusty blue.

The dining room, also leading from the hall, has a wainscot about 32 inches high in an off-white color with colonial dark blue and ivory wall paper above. The dining room has French doors leading to a terrace overlooking the wooded back yard. The kitchen, also leading off from the hall, is efficiently compact in smart colors, floor and case linoleum is in delft blue and the wood work and walls are a cool white with a brilliant red color inside the cases. From the kitchen is a door to the back yard and to a passage leading to the basement and to a

covered passage to the garage. In the basement, in addition to the large laundry room and heater room, there is an attractive pine and plaster recreation room.

Master Chamber

On the second floor there is a master chamber with windows on three sides, done in dusty old rose and white trim. There is a private bath with contrasting tiletex walls and washable wallpaper, and two large closets. The other two chambers of comfortable size are done in pleasing wallpaper of yellow and green colors, respectively. The second bath from the hall, also has tiletex walls and washable wallpapers and is quite spacious. From the second floor hall are two large closets and from the stair landing is adequate storage space.

This house is particularly well built with wall and ceiling insulation and has a gas fired winter air conditioning system. Considerable thought is evident throughout the house in the design by James J. Gathercoal, architect, with offices in the Wilmette State Bank building, Wilmette, who has done many homes along the North Shore.
