

**"Charity Begins at Home" Slogan of Annual Campaign**

(Continued from page 1)  
Committee who have generously volunteered their time and service in this important phase of the campaign were announced by Special Gifts Chairman, William T. Jones, as follows: Lawrence A. Jones, James T. Aubrey, Ralph A. Bard, George E. Bliss, Jerome P. Bowes, Jr., Donald S. Boynton, L. Lewis Cohen, Thomas Creigh, Harold M. Florsheim, S. Henry Foreman, George H. Hartman, Kenneth G. Ives, Charles W. Jones, William T. Jones, Richard A. Keblon, Francis M. Knight, Leonard J. Kugel, Herbert M. Lautmann, William C. Melohn, Truman T. Metzger, Joseph Michaels, Sr., Howell W. Murray, Harold O. McLain, Barnard Nath, John W. Newey, C. Eugene Pfister, Walter L. Rubens, A. M. Rosenthal, Louis J. Stirling, Louis C. Schultz, Renalow P. Sherer, Alfred T. Sihler, George O. Sareker, Robert F. Walker, Cloud Wampler, R. R. Wible, Allan I. Wolff, William R. Wright, J. E. Younglove, Paul B. Zeisler, Herman A. Zischke.

These gentlemen met last Sunday afternoon at the home of Chairman Jones for the purpose of selecting prospects and determining assignments. The Committee expects to complete the major portion of its work by the opening date of the general city-wide campaign which will start Tuesday, October 24, with a big "kick off" dinner at the Exmoor Country Club, that evening.

**Chest Budget Not Yet Completed**  
"The budget for this year's campaign will in all probability not exceed last year's quota of \$45,000," President Zischke said today. "The budget committee, however, is still studying the needs of the member agencies of the Chest and will probably make its final recommendations before this week end."

**President to Make Radio Appeal For Community Chest**  
President Roosevelt will make a radio address Monday night, October 9, in which he will discuss the need of supporting their community chests with the American people. Edwin C. Jones, Executive Secretary of the Highland Park Community Chest, announced today and urged Highland Park citizens to listen in.

The radio program will be carried by the combined networks of the three major broadcasting companies from 9:30 to 10 o'clock (C.S.T.) The program will inaugurate the 1939 Community Mobilization for Human Needs. It will include the United States Army Band, a short number by the Indianapolis Symphonic Choir, and a response to the President by Charles P. Taft of Cincinnati, Chairman of the Mobilization, who will speak from the opening meeting of the Indianapolis Community Fund in Indianapolis.

"This Community Mobilization," Mr. Jones stated, "is designed to reinforce the local community chest campaign in 520 American cities. A national total of some \$85,000,000 will be sought by them to provide hospital care, public health nursing, child care, family welfare services, camp life and guidance for boys and girls—all services which are not supported from tax funds."  
"Good Americans are Good Neighbors" has been selected as the campaign theme by a majority of the community chests in the United States, including the Highland Park Community Chest," Mr. Jones added. "The effort this year is to draw attention to the needs of the communities they serve in the face of distracting news from abroad," Mr. Jones explained.

**Miss Ethel Goddard Passes Away**

Word was received recently of the death of Miss Ethel Goddard on September 26th, at Enfield, New Hampshire, where she has been living during the past year.

Miss Goddard was physical director in the Lincoln school for many years, having come to Highland Park from the Evanston schools, in 1918. She was a native of Illinois and gave thirty-six years of devoted service in the schools of the state. She left Highland Park in the fall of 1936 and has spent the last three years with friends in the East.

Miss Goddard will long be remembered by her many friends here for her devotion to high ideals, her interest in all constructive community activities and her love and appreciation for all things beautiful. Her work in the schools is deeply appreciated by the many parents and teachers and children with whom she was associated and was a notable contribution to the community.

Two sisters survive, Mrs. Jack Horne of San Jon, New Mexico and Miss Leila Goddard of Chicago.

**"On Borrowed Time" and "The Great Waltz" on Deerpath Screen**

A daring bank robbery, cleverly conceived and boldly executed by a notorious thief starts the latest and best of the "Drummond" films, "Bulldog Drummond's Bride," on the way to more than an hour of thrill-packed entertainment. With John Howard in the role of "Drummond" once again, and Heather Angel as "Phyllis," his fiancée of long standing, the picture will be presented Thursday and Friday, October 5 and 6 at the Deerpath theatre.

"The Prisoner of Zenda," playing a return engagement Saturday, October 7, is the old romantic story of a man who posed as a king, and won a queen's love and a kingdom, but could not take them. The cast includes Ronald Colman, Madeleine Carroll, Douglas Fairbanks, Jr., David Niven and Mary Astor.

Headed by Lionel Barrymore, Sir Cedric Hardwicke, Beulah Bondi, Una Merkel and Bobs Watson, one of the finest all-star casts of "actors" ever assembled for a motion picture appears in "On Borrowed Time," Sunday and Monday, October 8 and 9.

"The Great Waltz"—drama of the life of Johann Strauss—starring Fernand Gravet and Luise Rainer, will play a return engagement Tuesday, October 10. Others in the cast include Miliza Korjus, Hugh Herbert and Lionel Atwill.

The outstanding toughies of screen history, James Cagney and George Raft, are teamed in "Each Dawn I Die," a Warner Bros. picture dealing realistically with life in a big prison which plays Wednesday, Thursday and Friday, October 11, 12 and 13. Supporting the two stars is a cast which includes such luminaries as Jane Bryan, George Bancroft, Stanley Ridges, Alan Baxter, and Victor Jory.

**Local Fire Chief Asks Cooperation in Fire Prevention Week**

A great many fires that occur in dwellings originate in the cellar, and they are particularly destructive fires, too, because the hazards are severe and the usual structural defects permit the flames to spread rapidly. You should be especially careful in your inspection of the cellar.

Look over the chimney and furnace (or any stoves in the house). Have they been cleaned within a year? Are any parts of the heating equipment broken? How about the smoke pipe? If it is badly rusted or has holes in it, you will be wise to replace it. Also notice whether any burnable material such as beams or partitions are so near the smoke pipes or other parts of the furnace as to become charred from radiated heat. This causes many fires. In such cases it is best to protect the burnable material with sheet asbestos and metal with air space insulation. It would be to your advantage to call in a heating expert if conditions are not right.

By all means use the correct size fuse only. When one blows out re-

place it with another. If fuses continue to blow out have an electrician locate and correct the trouble. In connection with electricity, it is unwise to attempt any of the work of making extensions or repairs yourself, as definite standards are required for safety. Always employ an expert electrician and see that his work complies with the stipulations of the national electric code.

In the cellar you should also note whether ashes are stored in wood boxes or paper cartons. They should be kept in metal cans only. At the same time get rid of any accumulations of paper and rubbish, or any paint or oil-saturated rags, as they are common causes of fire.

We are calling on all home owners to cooperate in this simple program of safety. You will rest far easier once you have done your part. Fire Prevention Week is being observed October 8 to 14.

EDWARD C. HOSKIN, Fire Marshal.

**Hospital Auxiliary Meets**

The regular monthly meeting of the Highland Park Hospital Auxiliary will be held Wednesday, October 11, at the Trinity Church Parish House at 10:30 a.m. Luncheon will be served.

**James Cady Ewell Badly Injured in Auto Crash Monday**

James Cady Ewell, 212 Cary avenue, noted sculptor and advertising man, is recovering remarkably well at the Highland Park hospital, from injuries suffered early Monday morning in an automobile accident just west of the bridge on Deerfield road.

Ewell was driving east when it is believed that he lost control of his car, striking a telegraph pole, completely cutting it off and carrying it several feet through a fence and crashing into a tree. A passing motorist discovered the accident and notified the Deerfield police who took the injured man to the Highland Park hospital.

Injuries sustained consisted of fractures of both legs with a compound fracture of the left leg, broken jaw, loss of several teeth and other minor injuries.

This is the third accident in the past few weeks at this location. Some precaution in the way of a barricade or more distinct marking should be erected for the safety of the motorist. As there is a curve

in the road just before the bridge is reached, it is difficult to see (and especially in inclement weather) the small warning sign which now marks the bridge approach. This is a driving hazard which needs immediate attention to avoid further accidents.

**RUGS CLEANED REPAIRED - STORED**

Our staff of native weavers are experts in the care of rugs. Their skilled service costs no more. All rugs insured and drivers bonded.
