HIGH SCHOOL TRANSPORTATION IMPROVED TO DEERFIELD

Next Saturday, October 14, there will be a bus at the corner of Waukegan road and Deerfield road at 12 o'clock sharp, to take all football players and band players particularly, as well as others, to the football field and high school for the game. This bus will continue this service during the football season, also bringing these students home after the game.

Hereafter the afternoon school buses will make no other stops after leaving the high school and football field at the usual schedules. This new ruling is to help in regulating the number of students allowed on each bus. Many New Persons Cast in "Stagers" Production Oct. 20

When the Stagers present "The Last Warning" in the auditorium of the Deerfield Grammar school, on the evening of October 20, there will be many new faces in the cast, in addition to the old favorites. This is in keeping with the Stager's policy of giving as many people as possible some part in each production.

Jim Tibbets, who plays the part of Richard Qualle, a director, has had practical experience that should help him in portraying his character, for he was organizer and director of the Tower Players, in Winnetka. Aside from this, he has taken part in dramatics at the Highland Park high school and at Lake Forest college.

Jennie McRoy, who plays the part of Barbara Morgan, an actress, also comes with a wide background of experience. She was one of the founders of the Gary Little Theater, which has now become a nationally known little theater. Also, while she was in the west last winter, she was active in the Tucson Little Theater, where she took part in Sinclair Lewis' play, "It Can't Happen Here."

Playing smaller parts are three newcomers, Robert Alexander, Herbert White, and Doris Hunter. Mr. Alexander, who plays the part of an actor, is new to the stage. Herbert White, who is another actor, has taken part in production of the Village Players in Libertyville. Doris Hunter, who plays secretary to a producer, while this is her first part in a play, has been active for some time in backstage work.

Kathleen Galloway and Jirah Cole V, while they are not newcomers to Stagers audiences, are playing their first major roles. Kathleen Galloway plays the part of a burlesque queen, her first role since she played in "Mrs. Bumpstead Leigh," in the first season of the Stagers. Jirah Cole V, who portrays a stage manager, began his career at the same time as the Stagers did, playing a small child's part, and has since been the corpse in "The Bat" and "The Ninth Guest."

Representing the old guard, people who have been active more recently and more often in Stagers performances are John Derby, Robert Jordan, Aubrey Gould, Jack Covington, Shirley Clark, Don Clark and Phillip Tennis.

Health Authorities Explain Quarantine at Deerfield School

The Deerfield Grammar school was closed Thursday morning for two weeks as a precautionary measure following the discovery of one case of infantile paralysis in the village. The following letters from Dr. C. Johnston/Davis and his wife, Dr. Dorothy Sugden Davis, school physician, explain the quarantine. It is expected that school will open Wednesday, Oct. 18.

Because of the discovery of a case of infantile paralysis in a child of school age, it has been deemed advisable to close the school for the incubation period of this disease which is two weeks. There is nothing alarming in the situation but this is being done as a precautionary measure. The child was immediately removed to the contagious hospital and from the standpoint of health the situation is well under control.

The law states that all these contacts must be confined to their home or premises for a period of 14 days.

You will be advised through the Press and school of any new developments in the situation.

C. Johnston/Davis, M.D., Health officer.

To the Parents:

Because of the one case of infantile paralysis among the school children, your child will be quarantined at home for the incubation period of two weeks.

According to present plans, school will reopen on Wednesday, October 18. If there is any change of plans you will be notified. In regard to school work, none will be required during this period, however book reports and general reading may be done. The school office will remain open during the quarantine period. Further questions may be answered by calling the school office.

We advise you to call your family physician on the appearance of any so called "cold" symptoms or fever, as this disease comes on with the symptoms of these slight ailments.

If your child has not had a bath and a complete change of clothing since his or her last period at school, we advise that you take this precaution.

DOROTHY S. DAVIS
School Physician.

New Disposal Service to Be Introduced to Deerfield Oct. 16

Another step forward is being taken in the Village of Deerfield next week, when a new disposal service, which has been under consideration for the past few weeks, is introduced. It will be handled by Fritsch Bros. Disposal Service of Northbrook.

While this service cannot be handled as originally planned, due to insufficient interest on the part of the public, Mr. Fritsch, who has been helping plan it, has consented to service those who have shown a willingness to subscribe to the dollar-a-month plan.

A service charge of 50 cents will be made for the month of October, and \$1 for each month thereafter. Collection will be made on the last pick-up day of each month. Each customer will be handed a service card, which will be made out in duplicate—one for the customer and one for Fritsch Bros. Disposal Service. When monthly payments are made, the cards will be punched, so the customer may have a permanent receipt for payments made.

Service will start on October 16, with the town divided into three sections, as follows: October 16 and each Monday and Thursday thereafter—all of Waukegan road and territory east of Waukegan road. October 17 and each Tuesday and Friday thereafter—territory west of Waukegan road and north of Deerfield road, excluding both Waukegan and Saturday thereafter, Deerfield road, west of Waukegan road (excluding Waukegan road) and all territory south of Deerfield road.

So as to simplify the pick-ups, the people are requested to keep garbage only in the garbage containers. These containers will be left for further use. Papers do not have to be bundled or tied but should be weighted in some way so as to avoid their being blown over the neighborhood or they may be just rolled up and a string tied around.

To avoid the usual accumulation of cans, bottles, et cetera, over a period of months, they may be put out on any of the pick-up days and they will be taken away immediately. This includes anything since the spring cleanup and which will ordinarily be picked up during the spring cleanup week.

It is not too late to subscribe to this new service. You can either contact the man on the truck on the days listed above, or drop a post card to Fritsch Bros. Disposal Service at Northbrook, and your service will be started immediately.

"Pinocchio" Proves Outstanding Success

Three thousand children and adults thrilled alike to Junior Programs presentation of the ballet, Pinocchi, last Friday afternoon and evening, Oct. 6, in the high school auditorium.

Edwin Strawbridge's superb artistry made us all relive the adventures of the wooden marionette, Pinocchio. The breath-taking beauty and loveliness of the fairy with the blue hair, driving two dainty white mice, brought forth gasps of sheer delight.

Miss Martha Pickens, as the narrator, proved her versatility by making us forget that the characters were not speaking their own lines. Dr. Crow, Dr. Owl, Gepetto, Lampwick, Mr. Cat, Mr. Fox, the Donkey and the Donkey driver completed a most excellent cast. May we have entertainment of this caliber in the future.

Deerfield O.E.S. Guild Bazaar and Carnival

The guild of the Deerfield Chapter of the Eastern Star will hold a bazaar and carnival on Wednesday evening, October 18, beginning at 7 o'clock, in the Masonic temple. Mrs. Leonard North, president of the guild is general chairman. Mrs. C. V. Steiner will have charge of the fancy work booth; Mrs. Chester Wessling, bakery goods; penny arcade, Mrs. Frank Jacobs; Hoolligan game, Mrs. Albert Mitchell; candy booth, Job's Daughters; bingo, Phil Scully. Special features will be the sale of a coffee maker, electric clock and chromium tray. There will be door prizes and coffee and doughnuts will be served. Admission is free.

Dorcas Society to Hold Card Party

A card and bunco party will be given by the Dorcas Society of the Redeemer Lutheran church on West Central avenue on Thursday evening, Oct. 19. Members and friends of the church are invited to this entertainment. The proceeds are to go into the anniversary fund of the church.

Deerfield Board Passes Ordinance To Regulate Taxes

The regular monthly meeting of the Deerfield village board was held Tuesday evening with Mayor C. H. Willman presiding and all members present. Reports from all committees were heard and bills for \$1,000.74 were presented for payment. Hereafter separate invoices must be presented or payment from each of the four funds (general, road and bridge, water, and motor fuel).

A. L. Roderick, village auditor read the quarterly audit and suggested that a duplicate set of receipts for payment of bonds be bought and the system set up in accordance with the new laws on special assessments. Next month he will submit a proposed expenditure budget and compare it with the appropriations budget, with the purpose of showing where expenditures could be cut down and gradually get out of debt. The village is about \$2,000 more in debt now than in the previous year. The analysis of present and past expenditures will be included in the report.

Lights in two subdivisions will be repaired, and a new man-hole cover will be bought to replace one that has been stolen. The water department report read by Jirah D. Cole showed the lowest water loss through leakage in the history of the village, only 7.4 per cent.

Conrad Uchtman was reappointed fire chief of the Deerfield Volunteer Fire Department and was commended for his past good service. Bill for repairs on fire engine pump for \$235 was approved, also purchase of 500 ft. of hose. A request was reported by a Saunders road resident (outside the village limits) asking for fire protection. Mayor Willman stated that the charge for service out side the limits, if the village allows the truck to answer the call, is paid by the fire insurance company in which the person is insured. The board suggested that that neighborhood get enough voters to approve of a fire district, which they turned down two years ago.

An ordinance was read and approved to regulate taxi-cabs in the village; the license to cost \$15 per year; the licensee to conform to rules regarding the vehicle and to his own fitness as a driver. A bond is to be posted and to be forfeited for failure of duty with a fine not to exceed \$200. Trustee John D. Schneider was asked to draw and design a new motif for the 1940 vehicle tags, which will be ordered next month. The design will contain the deer similar to the booster sticker displayed on the cars of Civic association members. Resolutions were passed on three motor fuel tax expenditures for arterial highways and the repairs and painting of the stop-and-go lights. Chester Wessling, village clerk, was instructed to write to Ernest Lieberman of the State Highway Department to arrange for a meeting to replace traffic signs and speed laws. At the November meeting of the board all school patrol boys will be inducted into office and will take the pledge provided by the Chicago Motor club. Tags will be purchased and all bicycles must be registered and tagged and registered in the village office. The garbage disposal question has turned into a boomerang for the board. Trustee E. B. Crush admitted and apologized for the plank in their platform which called for free service. He said he realized that it had brought them many votes, but that it was an impossible proposition. Then added to that unfulfilled promise came the news that only 100 had signed up for the garbage service with Cyrus Fritsch, instead of the 250, so the village was withdrawing from the sponsorship of Mr. Fritsch's collections, for the purpose of hiring him was to have free collection of garbage, provided 250 signed up to pay \$1.00 per month for the collection of tin cans and ashes. Alfred Gastfeld, a local man, protested to the village that they had put him out of business. Mr. Gastfeld has had the disposal service for over ten years at the rate of \$2.00 per month. With the village backing an out-sider for \$1.00 a month, it has taken his business away. The board, after a stormy session, disclaimed any part in the new delivery and voted to hold a special meeting on Monday evening to draw up a garbage ordinance and to settle the question as to their responsibilities in the matter. There were very few in the audience Tuesday evening, although more are expected to attend the special session on Monday evening.
