HIGHLAND PARK, ILLINOIS, THURSDAY, OCTOBER 26, 1939

NUMBER 35

Administration By ROBERT C. L. PRICE Comments

The council meeting on Monday evening started off with a broadside attack against the recent ruling of the council in regard to the no parking rule on Central avenue, just east of the Alcyon theatre. The attack was in the form of a communication from the Chamber of Commerce stating numerous reasons why the "no parking" ban should be set aside. Among the reasons given were that it is detrimental to business, inconvenient to patrons, that two police officers are required to police the section in the evening, that but few of the residents in the block are owners of the property and that the rule is not serving the majority interest in the city. The council without discussion decided to place the communication on file.

The Mayor announced that he has not taken care of the ammunition situation for the competitive target matches for the police department, but that he would have a report for next week.

Commissioner Sharp announced that he and City Clerk Musser had spent the afternoon with Garfield Leaf, in Waukegan, studying the delinquent tax situation and hoped that in the very near future the city would be ready to take some co-operative action with the other taxing bodies to enforce the payment of delinquent taxes.

Commissioner Swanson again had a very busy evening, for he had numerous matters to bring up before the council. He asked that the council approve the Public Service Company of Northern Illinois' plan for running an underground line from Skokie into Highland Park. The Public Service company feels that there is a need for the third line, in case the other lines get out of order, and that the underground conduits will do away with additional unsightly poles. City Engineer Cole reported that he has looked over the plans, that the water mains, etc. will not be interfered with, and the utility company will take care of damage to pavements and streets caused by the placing of the new line. Commissioner Bowes asked that the approval be held up for a week, as he had other matters to take up with the Public Service company.

Mr. Swanson also reported that he has received several complaints regarding parking on Second street because of the new bowling alley. A gas station complained that it interfered with business, for people parked in front have prevented customers from entering.

Alcyon to Feature "Wuthering Heights" Sunday Thru Tuesday

The Alcyon will present on its Double-feature program for Friday and Saturday, "Coast Guard," starring Randolph Scott, Frances Dee and Ralph Bellamy. An action-filled drama, realistic and factual in its presentation of the manifold duties of the United States Coast Guard. On the same program is Bert Wheeler and Marie Wilson, that very promising new laugh team, in "The Cowboy Quarterback."

Unquestionably unique in treatment and in theme, "Wuthering Heights," which will be presented Sunday, Monday and Tuesday, proves that Hollywood, when it wants to, can turn out definitely superior entertainment. Merle Oberon, Laurence Olivier and David Niven are starred in Emily Bronte's beloved romance which has been read and treasured by millions.

Tricks of fraudulent spirit mediums and clairvoyants will be made public to screen audiences with Robert Young as a professional magician conducting exposures in "Miracles for Sale." The picture is based on the best-seller mystery, "Death from a Top Hat," and is replete with such illusions as sawing a woman in two, and the bullet trick in which Florence Rice catches a bullet fired from a rifle in her teeth. To be shown on Wednesday, Thursday and Friday, and these being Double-feature nights for next week, we may also see "Everybody's Hobby" with Irene Rich and Henry O'Neill.

Jury School Next Monday, To Post Women On Duties

An invitation to all women in Highland Park who are on the list to be called for jury service has been issued by the Highland Park League of Women Voters to attend a jury school to be conducted next Monday, October 30 at 1:15 p.m. in the Council Chambers in the City Hall. Mr. Herbert Lautmann, of Highland Park, past president of the Chicago Bar association, mem-

Judge Persons, member of a Chicago firm of attorneys and active in many civic organizations in Highland Park during his 15 years residence here will be the "school teacher." Judge Persons of Waukegan will discuss the role played by the judge in a trial.

Mr. Lautmann will discuss not only the qualifications and selection of jurors but the trial procedure itself. The majority of women are strangers in a courtroom. Until this fall women in Illinois had never served on juries. The League of Women Voters all over the state is initiating programs to give women an opportunity to post themselves on the duties of jurors.

Mr. Lautmann in discussing the trial procedure will describe the obligations of the person on trial, the oath, the duty to answer questions fully etcetera. He will clarify the question of testimony the order of proceeding what is excluded as evidence and will explain the conduct of the jury after its retirement and the return of the verdict.

The League of Women Voters feels fortunate in being able to secure Mr. Lautmann who is a brilliant and interesting speaker. Dry legal procedure is bound to come alive and become useful to future jurors under his tutelage. Judge Persons who is also well known and well liked in Highland Park, will explain the relationship of the judge to the jurors. The league wishes to emphasize that this meeting is a public one open to all women in Deerfield Township. Members of the Lake Bluff and Lake Forest leagues have also been invited.

Report \$22,070 Already Secured by Special Gifts Group

The opening drive for the 1939-40 Community Chest fund was launched Tuesday evening, at a banquet at Exmoor Club. Between 350 and 400 officials and volunteer workers were present.

President Herman A. Zischke opened the meeting with a few remarks, after which Rev. H. F. Siemsen of the Bethany church gave the invocation.

At the conclusion of a very excellent dinner, the guests were entertained by Don Carini, tenor, formerly with the Chicago Civic Opera; Olevene Johnson, radio soprano; Martin Barnett magician now appearing at the Sherman hotel, and Bob Peary, radio pianist. The services of these artists were all contributed and were much appreciated by their audience.

A most outstanding part of the program was the presentation of Eagle badges to five Boy Scouts by the Scout Executive, D. C. Spear, assisted by Mayor Ronan. The Scouts receiving the awards were: Harry Skidmore, Hugh Reading, Warren Daggett, James Siljstrom, and Walter Kohn. At the conclusion of the presentation the audience sang the Star Spangled Banner, led by Olevene Johnson.

President Zischke introduced the past and present officers of the Chest which was followed by a few remarks from our Honorable Mayor, pertinent to the drive.

The inspirational address of the evening was given by Herbert M. Lautmann, who very ably presented purposes of the chest and pointed out the fact that organizations such as this are the fundamental factors in maintaining free democracy, such as our country is.

He pointed out the advantages of collecting this fund of \$45,000 all at one time to care for the 12 welfare agencies represented by the chest, instead of having 12 individual drives.

William T. Jones, chairman of the special gifts committee, announced that his committee had already received subscriptions amounting to \$17,600, which includes gifts of over \$100 each. His committee also collected \$4,470 in subscriptions of less than \$100 each, which amount was turned over to the general committee.

Mason G. Armstrong, chairman of the General Campaign committee, introduced the district chairman, and gave final instructions to the workers.
