

### Badminton Class To Be Resumed At Lincoln School

The popularity of Badminton is growing by leaps and bounds. It is popular with women as well as men, and the mixed doubles game that is lots of real fun. Skill and dexterity are developed playing the game, and strength is not a big factor toward good play. Half an hour of play gives one an excellent workout, if you are rather evenly matched.

One of the most popular classes meets at Lincoln school on Tuesday nights starting at 7:30 p.m. This class is under the direction of Mr. George Ekdahl, and instruction is offered if you wish.

The new ten week term starts on Tuesday morning, January 16, and it is suggested that you enroll promptly. The fee is small as this class is a part of the Adult Education program offered to the community.

All Highland Park residents are cordially invited to join up with this class.

### Boy Scout Troop 30 Plans for Annual Stunt Show Feb. 13

Troop 30's annual stunt show will be held the evening of February 13 at the Elm Place school auditorium. Plans indicate that this year's program will surpass last year's highly successful entertainment.

Besides the many facts and skits now being rehearsed, the natural color movies of the 1939 summer session of Camp Ma-Ka-Ja-Wan will be shown. These pictures present the daily life of a Scout in Camp and are easily the best that have ever been taken at the North Shore Area Council's Camp.

The remainder of the show includes group and part singing and a number of humorous skits. The program is under the immediate direction of Harry Skidmore, Assistant Scoutmaster of Troop 30.

### Training Course For New Girl Scout Leaders January 11

An introduction to Girl Scouting will be given to new leaders on January 11th at the Girl Scout office. Troop committee members and program consultants are invited to take the course as are any interested mothers or other members of the community.

The Girl Scout council members met, Wednesday, January 10, for their first training class. This planned training course under the direction of Miss Eleanor Schmitt will be of great help to all those interested in scouting.

Closer cooperation between Girl Scouts and their parents will be one of the major goals of local councils throughout the country during the next two years, in accordance with the plan of work adopted at the recent Girl Scout convention in Philadelphia.

"We feel that a greater effort than ever before must be made to explain the objectives of Girl Scouting to the parents of our girls," says Mrs. Ralph Wright of New Brunswick, New Jersey, chairman of the national executive committee.

"Parents can give a great deal to the movement and can get a great deal in return. Mothers and fathers who understand the reasons behind their daughters' activities will lend even greater support to Girl Scouting than they do now."

The organization feels, Mrs. Wright went on, that at this time particularly any movement that tries to develop young people into participating citizens in a democratic social order should have the support of those directly affected by it.

"We try," she explained, "to make the girl a functioning personality within her family group. If she learns to accept responsibility there, she will realize later that a democracy cannot function unless all its members participate. We believe

that both ends are equally important. For a healthy family life is an indication of a healthy national life."

There are many Girl Scout activities requiring the cooperation of parents. Homemaking, for instance, still the favorite Girl Scout activity, has requirements such as cooking and serving a luncheon; putting up a shelf; knowing how to operate housewarming devices.

"If parents understand what we are trying to accomplish through such projects, they probably will become as enthusiastic about Girl Scouting as its present 555,000 members are this minute."
