**Donald Dickson Radio Baritone to Appear Here Jan. 22**

Millions of Americans who gather about the family radio on Sunday nights to hear a certain program which has become a by-word for grand entertainment have come to know and admire the glorious singing of Donald Dickson, handsome young baritone star. North Shore residents will be given an opportunity to hear this brilliant artist in person on January 22, when Dickson appears in the auditorium of the Highland Park High school as the third artist on the current North Shore Series.

Dickson was born 28 years ago in Clairton, Pa. When just out of Cleveland High school he married one of his schoolmates, Beulah Taylor. They have a six year old son, Kay Don Dickson. His first venture into music was as a drummer in the band of a Cleveland high school. During his early school days his teacher would not let him sing with the rest of the class because his voice was so loud and drowned out all the others. He paid for his first singing lessons by working first in a cigar store as a sales clerk and later in a steel factory.

From such a beginning, Dickson has climbed in an unbelievably short time to the front ranks of American singers. In addition to his popular radio position, he has appeared with the Metropolitan Opera Company in New York, with the Cleveland Symphony Orchestra, and in the Worcester Musical Festival.

Individual tickets for the concert are still available.

**Much Fun Promised Ravinia Skaters at Ice Carnival**

Be sure to save Saturday, January 20, for the Ravinia Ice Carnival. It will be held on the Ravinia pond at 7:30 in the evening.

There will be a costume parade, the finals of speed races, sled races, double races, one skate race, relay races and fancy skating with skating for all after the carnival. A more complete program will be published next week. Don't forget to save Jan. 20 for there will be plenty of fun.

**150 Attend First Skating Party at Braeside Monday**

The first adult skating party under the auspices of the Braeside P.T.A. Civic Association was held last Monday evening on the rink of the Braeside school. Approximately 150 residents of the Braeside area attended the party, according to Mr. David Dickinson, chairman of the sports committee.

Music for the skaters was provided by the new permanent public address system, installed at the rink just in time for the party, and the membership committee, headed by Dr. Bouche, had the ice in perfect condition for the occasion.

The party opened with a Grand March, followed by a full program of stunts and events—candle races, sled races, broom hockey—for both men and women. Prizes to the winners were presented by Mr. Craft Macracken, who did a capable job as master of ceremonies at the microphone. Incidentally, residents of Braeside were sorry to learn that the Macrackens, who have lived in Braeside only a year, are being moved February 1st to New York City.

Two feature events on the program were special exhibition skating by Mr. Carlo and his young son John, and by Mrs. Lyman Drake and Mr. Laurence Abt.

The program for the evening was under the supervision of Mrs. M. L. Ottenheimer and Mrs. A. B. Dicus.

Doughnuts and coffee were served the skaters free of charge by the social committee of the Braeside P.T.A.-Civic Association.

**WILSON'S Weekly MEMO by GEORGE RECTOR**

Today's menu is quite a substantial one, you will notice. That is because, unless the weather man is in a prankish mood, the thermometer is on the drop, and during cold weather I am a firm believer in stoking the inner man along with the family furnace. There is no point to wrapping warm clothes around us unless at the same time we wrap ourselves around plenty of warm, stay-by-you food such as Wilson's Tender Made Ham and the other good things to eat that I have planned for today.

**MENU**

- CREAM OF ONION SOUP
- WILSON'S TENDER MADE HAM STEAK, ROLLED
- FRENCH FRIED POTATOES
- BRUSSELS SPROUTS
- GRAPEFRUIT-AVOCADO SALAD
- HOT GINGERBREAD
- with Whipped Cream
- BEVERAGE

**HAM STEAK**

**with all the trimmings**  
Personally, I find a Wilson Tender Made Ham Steak, grilled to perfection under the broiler, is just about tops in good eating, but for those who want their ham steaks dressed up a bit for a change, here is a dish divine enough to make even the most world-weary forget about war and taxes:

**Rolled Ham Steak**

- 2 WILSON TENDER MADE HAM STEAKS, bone in, center cut, 1/2 inch thick
  - 2 tablespoons minced onion
  - 4 tablespoons Clear Brook butter
  - 2 cups white bread crumbs
  - 2 teaspoons Worcestershire sauce
  - 1 teaspoon prepared mustard
  - pepper to taste
  - Milk to moisten
  - No. 2 can of tomatoes
- Brown the minced onion in a skillet, with half the butter. Add crumbs and stir till lightly browned. Add seasonings and rest of butter and enough milk to moisten the dressing. Spread evenly on the ham slices. Roll each slice and fasten with skewer, toothpicks or white twine. Place in baking dish, cover with the tomatoes, cover dish and bake in a moderate oven (350°) for 50 minutes.

**DRIED BEEF DE LUXE**

Creamed dried beef is an old standby in most households. I have three suggestions for improving the traditional article. First, use only Wilson's Certified Dried Beef—it's tender, delicately flavored and ready to use. Next, be sure you use a rich cream sauce—not just a flour and milk mixture. Blend it well and use plenty of butter. Finally, before putting in the beefy fragments, add 1/2 package of Wilson's Certified Pimento Cheese, put through a ricer, for each 2 cups of sauce. Stir until blended. Then add the dried beef. Serve with baked Idaho potatoes.

**IT'S A DEEP SECRET!**

There is a secret to frying potatoes in deep fat so that they come out mealy and fluffy without the least trace of greasiness. Select good size Idaho potatoes, peel, and cut in the usual strips. Soak in ice water at least an hour. Drain and dry well between folds of a clean towel.

**Use Wilson's Certified Lard**

Put 2 lbs. of Wilson's Certified Lard in a 2-qt. kettle. Heat slowly to 370° F. Place a small quantity of the potatoes in a wire basket and lower slowly into the hot lard. Cook a few minutes until potatoes just start to turn yellow. Drain and turn onto absorbent paper. Continue until all the potatoes have been so cooked. Then increase heat to 380° F., put all the potatoes in the basket and fry until they are a rich golden brown. Turn out onto absorbent paper and salt to taste. The secret of their perfection lies partly in the chilling and partly in cooking at the two different temperatures.
