Louis Alvisi, a Highwood laborer, is still in a very serious condition at Lake County hospital where he was removed after he had been struck by a hit and run driver on route 42 in Fort Sheridan. The driver later reported the accident to Highwood police.

Alvisi, aged 50, was walking along the road about 150 feet north of the North Shore station when he was hit by the car. He suffered a skull fracture, lacerations of the chin and left hip and abrasions on the face and body. He was taken to Fort Sheridan hospital and later removed to Waukegan.

John F. Gantor, 955 Westmoreland avenue, Waukegan, was arrested and charged with leaving the scene of an accident when he returned to Highwood later that evening to report the accident.

From all reports, Gantor was not aware that he had hit anyone, altho he did admit seeing an object loom on the car. He did not stop to investigate until he reached home. Upon discovering his license plate missing, he returned to report the accident to Highwood police. Meanwhile the sheriff's office had broadcast his license number. He was booked for leaving the scene of an accident and then released on bond.

Illinois League Discusses Dependent Children Program

Illinois is being deprived of six million dollars was the consensus of opinion of the representatives of ten state wide organizations who met at an informal luncheon conference at the headquarters of the Illinois of Women Voters to consider ways and means of promoting a program to bring Illinois within the scope of the Social Security Act in giving aid to dependent children.

It was pointed out by Mrs. Florence Fifter Bohrer, ex-senator and daughter of the late Governor Fifer, that Illinois now contributes to the support of the program in 40 other states through the federal taxes it pays. Illinois, however, receives nothing from the federal government in return to meet the pressing needs of its own dependent children, because its existing administrative set-up does not meet federal requirements.

Under the federal aid to dependent children provisions of the Social Security Act, as amended by Congress last spring, the federal government will contribute one-half of the total aid given up to a maximum allowance of \$18.00 for the first child in a family and \$12.00 for each additional child. The balance must be raised within the state.

Meeting with the League of Women Voters were representatives from the following organizations: The American Legion, the American Legion Auxiliary, Illinois Congress of Parents and Teachers, Catholic Youth Organization, Illinois Conference on Social Welfare, Chicago Committee on Adequate Relief, American Association of Social Workers, Social Security Board, and Illinois Emergency Relief Commission.

No Applesauce!

Girl Scouts carry on the traditional art of pie making. They say there's just as big a thrill in producing a flaky, juicy apple pie as there is in mastering the most difficult sport. Homemaking is the top favorite among Girl Scout activities.

Newlyweds Fly High With All Bills Paid

In 1892 when several newly married couples in Illinois looked over their wedding gifts they were astonished to find tickets for balloon rides, according to the Illinois Writers' Project, W.P.A. They decided to use them notwithstanding additional gift in the shape of a grim note sent by a firm that made tombstones, which volunteered to furnish its products free should the couple need them.

Autographed Sheet of Xmas Seals to Go to Highest Bidder

The Lake County Tuberculosis association wishes to make the following announcement to Stamp Collectors in Lake county:

There is in the office of the Illinois Tuberculosis association an imperforate sheet of 1939 seals which has been autographed in the center by Rockwell Kent, the artist who designed the seal. One imperforate autographed sheet was prepared for each state association.

This collector's item, which has considerable value, is not to be kept by the Illinois Tuberculosis association, but to be sold to the individual in Illinois who makes the highest bid for it. The person who eventually receives it will receive the sheet of seals in a black folder containing the gold corporate seal of the National Tuberculosis association and a letter from the managing director of the National Tuberculosis association.

Should the stamp collectors of Lake county be interested in making bids, and should one of the bids be the highest, 75 per cent of the price paid will be given to the Lake County Tuberculosis association.

Bids for the sheet of seals will close April 1st, 1940. The bids may be sent to the Lake County Tuberculosis association or to the office of the Illinois Tuberculosis association, Springfield, Illinois.

The Lake County Tuberculosis association reports a receipt of \$977.61 from 976 of the Christmas Seal reminders mailed this month. A favorable response from 6,854 reminders yet unanswered would enable the association to possibly rank first in the State in Seal Sale, outside of Cook county, when the final count is reported April 8, 1940. On January 15th Winnebago county ranked first with \$8,924.00. Lake county lacked \$596.00 of this amount.

The chest clinics maintained by the association are held at the Lake County Tuberculosis sanatorium on Wednesday and Friday from 8:30

to 11 a.m. with Dr. Petteer as clinician. Please make appointments with the office of the association, Majestic 1805.

Extensive Menu Kept Waiters on the Jump

Good food and good fellowship were properly tested in Illinois some two generations ago, and neither was found to be lacking, according

to a newspaper account of the opening of the Board of Trade building at Peoria, December 15, 1875, which was celebrated by a banquet and dance.

The menu included two kinds of soup, five boiled meats, six roast meats, five cold dishes, seven vegetables, and fourteen relishes, in addition to other items, such as sixteen kinds of pastries, fifteen dessert dishes, French coffee, and wines suitable for each course.

As a finale to this festive occasion, says the Illinois Writers Project, W.P.A., the reporter wrote, "The tables were cleared away, and then there was dancing—old time waltzes, Virginia reels, Monnie Musk, lancers, polka, schottische and quadrilles."
