That upon presentation of said bonds on or after said date the pre-arranged amount of principal as hereinabove set forth shall be paid and that, after said date, no further interest shall accrue on said bonds, respectively, hereinabove set forth, to the extent to which said bonds have been called as in this Notice set forth.

This Notice is given by the undersigned Treasurer of said Park District of Highland Park pursuant to the authority of the Park District of Highland Park and the statutes hereinbefore indicated and an Ordinance passed pursuant thereto by the Board of Commissioners of the Park District of Highland Park.

C. F. GRANT, Treasurer of the Park District of Highland Park, Illinois February 8, 1940. X50

HIGHLAND PARK, ILLINOIS

NOTICE OF PARTIAL REDEMPTION OF CERTAIN BONDS ISSUED BY THE PARK DISTRICT OF HIGHLAND PARK IN THE PROCEEDINGS KNOWN AS HIGHLAND PARK EAST PARK DISTRICT SPECIAL ASSESSMENT DOCKET NO. 9 IN THE COUNTY COURT OF LAKE COUNTY, ILLINOIS.

NOTICE is hereby given that the Park District of Highland Park, formerly known as the Highland Park East Park District, has elected to make pro-rata payment on certain outstanding bonds issued by the Park District of Highland Park in the proceeding known as Highland Park East Park District Special Assessment Docket No. 9, in the County Court of Lake County, Illinois, being a special assessment proceeding in accordance with the provisions of the Act known as the Act entitled, "An Act Concerning Local Improvements," approved June 14, 1937, as amended, and all Acts amendatory thereof, relating to the establishment of a park on Lot One, Block Fifty, Highland Park.

That, for such purposes and pursuant to the statute in such case made and provided, and Ordinance passed pursuant thereto, the Treasurer of said Park District of Highland Park has been directed to make certain pro-rata payments on certain outstanding bonds in certain of the series of said special assessment Docket No. 9 and payable out of the said respective series of installments as follows:

Year of Maturity	Amount	Number	Series	Installment Number from which Payment will be made	Amount of Payment to be made

1957	Do	75	A	28th	200.00
Do	Do	76	A	28th	200.00

At this point, Mr. Sharp, brought out the point that inasmuch as the present refuse dump had been at its present location long before any homes were in that vicinity there could not possibly be any depreciation of property values. In fact, due to the contemplated improvement of the property with lawns, tennis courts and a modern building, if anything, values would appreciate.

As the complaints registered by Precinct 8 were more of the passive type, it hardly appears at this moment that the committee will alter its recommendations to place the new incinerator at its old locality.

Just when everybody thought that the incinerator ghost was buried at least for the duration of the meeting, a young man who said he had studied such matters at Harvard and Cornell jumped up and tried to sell the council on the idea it needed the services of a consulting engineer.

While properly awed by the prospect of having its garbage puzzle unraveled by the dint of eastern intellectual skill, the council was unsympathetic to the idea of spending any more money than was absolutely necessary. A count of council noses revealed that the young man's suggestions came strictly under the heading of luxury items—at least as far as Highland Park is concerned.

The council, sitting as the Board of Local Improvements, heard the recommendations of a group of Hawthorne lane property owners in regard to the installation of a new water main and fire plug to serve that area. As no point of agreement could be reached on what proportion of the cost should be paid by the property owners and the city, a final decision of the matter was deferred until the next meeting of the board scheduled for March 4.

Legal Notices

NOTICE OF PARTIAL REDEMPTION OF CERTAIN BONDS ISSUED BY THE PARK DISTRICT OF HIGHLAND PARK IN THE PROCEEDINGS KNOWN AS HIGHLAND PARK EAST PARK DISTRICT SPECIAL ASSESSMENT DOCKET NO. 9 IN THE COUNTY COURT OF LAKE COUNTY, ILLINOIS.

Rotary Club to Hear President of Engineering School (Continued from page 1) stitutes, which total more than two million dollars, will be combined. Head of one of the greatest technological institutions in the country, President Heald is one of the youngest college presidents in the United States, being only 35 years of age. He is a graduate of the State College of Washington and the University of Illinois, and has been with Armour Institute since 1927. Since that time he has held positions of successively greater responsibility, advancing from assistant to associate professor of civil engineering, from associate to professor to assistant dean of freshmen to dean of the college, from dean to acting president to president. He has been president of Armour Institute of Technology since 1938. He had considerable engineering experience before coming to Armour, having been assistant engineer in the U. S. Bureau of Reclamation, Pendleton, Oregon, 1923-24; designer in the bridge department of the Illinois Central R. R., Chicago, 1926-27; structural engineer, Bureau of Design, Board of Local Improvements, Chicago, 1926-27; engineer, Louisville Bridge and Iron Co., 1929; and engineer, Walter-Bates Steel Corporation, 1930. He is a registered structural engineer in Illinois, member of the Western Society of Engineers, the Society for the Promotion of Engineering Education, American Association for the Advancement of Science American Society of Municipal Engineers, and of the National Association of Deans and Advisers to Men.

Kiwanis Clubs Join In Meet Here Feb. 12 The Highland Park Kiwanis club will join the Lake Forest Kiwanis club in a meeting Monday evening, Feb. 12, at 6:30 o'clock at Hill's Tea room on North Sheridan road. Several regional officers will be present and will give instruction on the functions of Kiwanis in the community.

Seven Tales from King Arthur's Court. In the second episode John Erskine, eminent author and scholar, relates the story of Sir Tristram and the love potion—illustrated by a beautiful painting in full color by the distinguished artist Edmund Dulac. Don't miss it in The American Weekly, the magazine distributed with next Sunday's Chicago Herald-American.

Dr. Harlan Tarbell Mystery Scientist In Program March 1 "It is funny how people will worry over an egg," says Dr. Harlan Tarbell, noted mystery scientist and teacher of magicians, who is appearing with his program of "Eyeless Vision" and "Magic of the East" at the Elm Place School Auditorium, Friday evening, March 1. But if you could see what this master magician can do with an egg you would worry too. Eggs can be used to hatch chickens—they can be friends, boiled, poached and scrambled—but in the hands of Tarbell they can be used to puzzle the audience. Only recently a prominent doctor said he had lost two nights sleep wondering what became of a certain egg which removed from its shell—vanished before his very eyes. But that is Gull-Gull magic—and Gull-Gull magic is Egyptian magic—and Tarbell is an adept at Egyptian mysteries.

In Egypt, the egg is "a symbol of birth," but in India, it may be "an unclean article." And here is where a teacher of magicians and a creator of magical mysteries for magicians must know his "eggs." Every country has had its magicians, prestidigitators, necromancers, thaumaturgists and conjurers, and each has brought forth his mysteries in accordance with the customs and beliefs of the country. Bret Harte used to say "The way of the heathen Chinese is peculiar"—and so is the way of the Chinese conjurer. Who, for instance, will forget Ching Ling Foo with his Chinese rings, his bowls of water, and his paper mysteries. And though wars may come and wars may go who will forget those famous Japanese wonder workers, Ten Ichi, Asahi and Tenkai. Thumb ties, and puzzling impossibilities. Then there is the Hindu with his rope magic, the holy man with his own style of mystery—and Bali with its witch doctors. Tarbell is bringing the classics of oriental magic to Elm Place school. When you have lost sleep trying to figure these, then start to do some real worrying about his main feature, "Eyeless Vision," in which he sees things with his eyes sealed up that we can't see with ours wide open.

Midwest Puppy Match To Be Held March 6th The Midwest Puppy Association will hold its next match on Wednesday evening, March 6, at the Hotel Hamilton, 20 South Dearborn Street, in the 9th floor ballroom. Entries will be accepted until 7:45 p.m. Judging will begin at 8 p.m. Members only will be allowed to show their dogs, and for them there will be no entry fee at this match. The public is invited to attend on payment of a small admission fee. For puppies to be eligible to enter this show, they must be between the ages of two and under twelve months; they must be American-bred; and must belong to a member of the organization. However, membership is welcomed and you may join and enter on the evening. Judges for the various breeds will be: Sporting dogs—Mr. Martin Hogan, Barrington; hounds and working dogs—Mr. Wm. Schafer, Glenview; terriers—Mr. Albert Butterworth, Highland Park; toys—Mrs. Alfred Lind, Schiller Park. This puppy match, coming as it does just after the New York shows and just before the spring circuit of regular shows, will give members an opportunity to train their puppies in ring manners and to give them the experience so valuable to their show career. For further information, please communicate with the secretary, Mrs. Harry Lowenbach, Glenview, Ill.

Nine Candidates Enter Primary Race First Filing Day Nine nominating petitions for the April 9 primary were filed Saturday with County Clerk Jay B. Morse by seven candidates for county offices and two for senatorial committee member from Lake county. Dr. John L. Taylor, of Libertyville, seeking re-election as coroner, had his petition filed first. It was filed at 8 a.m., just as the county clerk's office
