Its best ideas are still uncopied!

THE style of Lincoln-Zephyr has put its stamp on a nation's cars. But to think of Lincoln-Zephyr just as style is not to know the car at all! Its new lines were new only because the car beneath was so new! And it still is. Lincoln-Zephyr's best ideas are still Lincoln-Zephyr's alone. Its great 12-cylinder engine, still more powerful this year, is the only "12" in any car in the world so modestly priced. Its bodies, still roomier both in passenger and luggage space

this year, are truss-built with body and frame a single unit... another Lincoln-Zephyr exclusive.

Its unique floating ride... its remarkable ease of handling for a car so big, the untiring way it takes driver and passengers alike through the longest trip... these, too, are Lincoln-Zephyr's alone today. We invite you to try this famous car... There's still only one Lincoln-Zephyr, and the chance is strong it is the car for you!
