Non-Partisan Citizens Group to Back Dick Martin for Senate

(Continued from Page 1)

and local improvements through a more equitable spending of gasoline tax money.

"I shall strive, if elected," Martin explains, "to secure more money per child for educational purposes from the surplus of state millions which now go to payrollers. The money is available and if properly used, could bring about a reduction in school taxes."

"Another principle for which I would battle is the retention of our township form of government. There is a concerted move to abolish this system with the tradition of township supervisors, in favor of centralization. Yet experience has proved that township government is the most economical system of local administration known to exist."

"And, finally, I would work to liberalize the spending of gasoline tax money. At present each community's share of the tax is spent as the state authorities want it spent, regardless of local conditions. Everyone feels it could be better spent for needed local road and street improvements, with a consequent reduction in the burden of special assessments."

Parents and teachers, business men and home owners, along with the rank and file of voters, have expressed enthusiastic approval of Martin's platform. It will be discussed in a series of mass meetings scheduled to take place between now and April 9th.

Administration By ELMORE M. MURPHY Comments

(Continued from Page 1)

was due to an ice jam. There inspection revealed that the water was again flowing along at a sufficient rate of speed and at a satisfactory level. The C.C.C. engineers also told them that the flood gates to the south provided a sufficient margin of safety so that a flood to the north was highly unlikely unless the area was visited by an unusual spell of rainy weather as was the case two years ago. City Engineer Cole stated that the Forest Preserve engineers would supply the city with a plat containing all the pertinent facts in connection with the drainage conditions and facilities in this area. Commissioner Swanson and Mr. Cole also learned from the C.C.C. officials that its current lagoon and drainage operations were to be extended to the county line and that there was reason to hope that eventually they would be extended north to include Highland Park.

The medical profession in Highland Park through a letter written to the council by Dr. H. B. Roberts petitioned that body to give consideration to the problem of parking

their automobiles while making short stops at their offices at the No. 2 north Sheridan road address. Commissioner Swanson suggested that three parking places be allotted the medical profession in the front of this building and that the police be instructed to see that they be kept open for the purpose designated. Chief of Police Moroney stated that parking facilities in back of the building for five cars was under consideration which in his opinion would answer the problem better than providing parking space in front of the building. The council took the matter under advisement and placed Dr. Roberts' communication on file.

Commissioner Swanson commented at length on the lack of an ordinance that would control the regulating of signs placed on buildings. The brilliant but rather unsightly sign placed on its building by one of the cab companies was pointed out as an example of what such an ordinance would prevent. The council promised an investigation into the subject with an idea towards recommending some such legislation.

Upon a motion by Commissioner Gourley, the council voted to request the Civil Service Commission to submit candidates for examination to fill the vacancy on the police force caused by the recent resignation of Sergeant Sullivan. At the close of the meeting, Mayor Benson announced that there would be no council meeting on next Monday evening due to a lack of a quorum.

(Continued from page 6)  
Mr. and Mrs. Sellar Bullard of Santa Barbara Calif., former residents of Highland Park are visiting their many friends on the North Shore and in Chicago this week while en route to the East. They are visiting their son-in-law and daughter, Mr. and Mrs. John Russell Holmes, in Chicago and in the East will visit their eldest daughter and son-in-law the Richard H. Howlands, in Cambridge, Mass. The Bullards will spend another week here on their way back to California late this month.

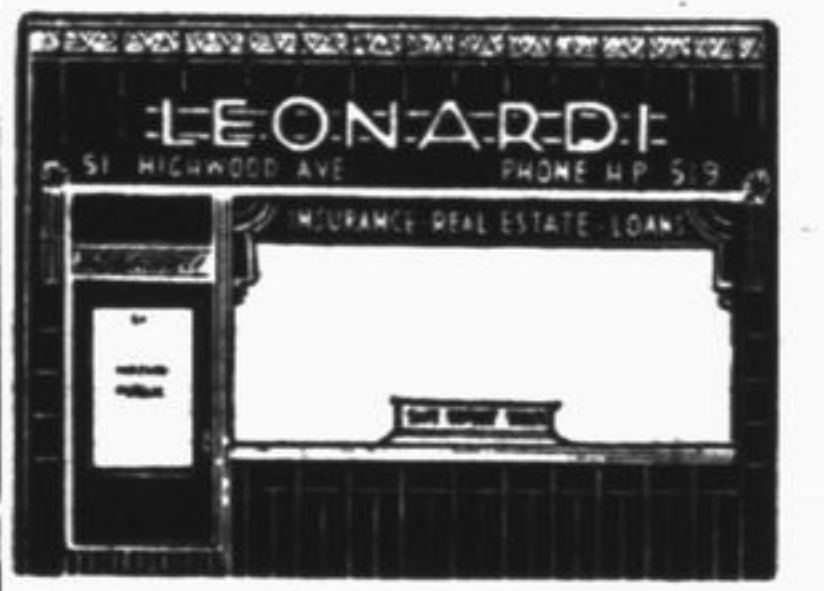

Mr. and Mrs. Walter Kurz of Berkeley road are the happy parents of a son born Monday, March 11, at the Highland Park hospital.

Mr. Morton Mayor is returning this week from a month's visit and vacation in California and Arizona.

Mr. and Mrs. James Tonks of Sunnyside lane are receiving congratulations on the birth of a daughter born Tuesday, March 12, at the Highland Park hospital.

Little Constance Vaughan, daughter of Mr. and Mrs. James W. Vaughan of Park avenue, celebrated her first birthday anniversary on Monday with a party for four of her little friends and their mothers.

Mr. and Mrs. Joseph McCrean of Deerfield are the proud parents of

**One of the most-wanted cars in the world!**

**LINCOLN ZEPHYR V-12**

No car so easy to own has ever enjoyed prestige greater than Lincoln-Zephyr's today. Five years ago its name was new. Now it is one of the most wanted cars in the world . . . And you'll quickly know the reasons when you drive the car! In performance, roominess, comfort, beauty . . . no car has ever brought so much true magnificence within reach of so many budgets. Here is a powerful "12," swifter than many cars of fewer cylinders. A Lincoln-built car . . . that sells at a medium price. A car whose smartness stirs its owner's pride . . . yet whose purchase is a sound investment. This year, Lincoln-Zephyr is still roomier both in passenger space and luggage capacity, still bigger, still more powerful, still more beautiful and more richly fitted. We invite you to drive it . . . and know at first hand the thrill that goes with saying "Mine's a Lincoln-Zephyr!"
