

**Noted Bowler Here Tuesday**

Andy Varipapa, an outstanding bowler, who will appear next Tuesday in an exhibition match and instruction at the Highland Ten Pin and Shoreline Bowling Alleys. A complete story appears on page 1 of this paper.

cial car when it arrives here. A special test automobile with a visible gasoline reservoir will be used for demonstration purposes. The reservoir holds exactly one-tenth of a gallon of fuel, and local persons will be given an opportunity to compete for the best local mileage record under test conditions. Similar demonstrators will be used in each city visited by the economy run, which started in Hammond, Indiana on March 1 and will end in Chicago on April 2. The official car will be driven by Charles Fawcett, veteran Ford employee and one time professor of agriculture in Wisconsin.

**Dr. Elmer Forsberg To Address N. S. Art League on April 1**

April first at 8 p.m., the friends and members of the North Shore Art League and also the rest of the public will have the dual opportunity to help Finland and enjoy artistic satisfaction. On the walls of the studio will be the paintings and craft work of John Stenvall, who is a teacher at the New Trier High school. The speaker of the evening will be Elmer Forsberg, Consul-General of Finland in Chicago.

Dr. Forsberg is an artist and a member of the teaching staff at the Art Institute—in fact he occupied that position when Finland was recreated a republic twenty years ago. He will speak about Finland, and his talk will be illustrated by colored movies loaned by the Swedish-American Line.

It will be possible for those who wish to contribute to the Finnish Relief Fund, either for arms or for civilian relief, to do so through this meeting as a direct tribute to Dr. Forsberg.

**Parents Club Holds Final Bingo Party Of Season Tuesday**

Since the Parents Club final Bingo Party of the season will be held on Tuesday, March 26, at the Labor Temple, 387 North avenue, at 8 p.m. Plans are underway to make this one of the most entertaining parties of the series.

The Bingo Parties held thus far have proven to be successful, and this one promises to be most enjoyable. A variety of prizes have been secured for this occasion, and as always, delicious refreshments will be served.

Everyone likes to play Bingo, and the public is cordially invited by the Parents Club to come and join in the fun. All proceeds derived from these parties are being used to purchase new and renew old equipment for the Highland Park-Highwood Drum and Bugle Corps.

**JUST BUILT**

"I wouldn't insult you by saying that you were large," cooed a woman to a portly friend, "I'd simply say that whether you are coming or going, sideways, or revolving, you look all the same."

**PRACTICED DAILY**

Padget: "So you were graduated from a barber college. What is your college yell?"  
Gadget: "Cut his lip, cut his jaw, leave his face, raw, raw, raw!"

**Lake Forest College Debate Teams Capture Majority of Honors**

How to be a perfect host: (1) cordially invite friends to your house; (2) beat them up; (3) bid them a fond farewell. This was the example set by the Lake Forest college debate tournament, which was held on their own campus.

Winning 19 out of their encounters, the Lake Forest teams took top honors in the total number of debates won, duplicating their feat of last year. Of the four gold trophy cups given to the men's affirmative, men's negative, women's affirmative, and women's negative teams with the greatest number of victories, Lake Forest won three.

In the total number of debates won, Olivet and Wheaton colleges were tied for second place, each winning 17 out of 24. Eastern Illinois State Teachers' college of Charleston was third with 16 out of 24.

Each of the 16 college and universities competing entered either two men's teams (one affirmative, one negative), two women's teams, or two of each. Six rounds of 28 simultaneous debates were run off, and the four teams winning the highest number of their six debates were awarded the trophies.

The Northwestern university men's affirmative team won all six of its battles, and received one of the cups. Lake Forest's men's negative team likewise won all of their debates, and won one of the trophies. The Lake Forest team was composed of Tom Graham of Gurnee, John Roberts of Lake Forest, and Gordon Thomas (altermate) of Waukegan.

The two trophies for women went to the Lake Forest affirmative team—Doris Lantz of Lake Forest and Ruth Goodman of Milwaukee, Wis., who had a perfect score of six victories—and the Lake Forest negative team, Doris Ollman of Elgin and Joan Hauser of Indianapolis, Ind., who won five of their six debates.

Lake Forest teams, under the guidance of Prof. Russell C. Tomlinson and Max E. Fuller, entered four tournaments this season. They won three of them (Charleston, Ill.; Whitewater, Wis.; and the state tournament at Lake Forest), and placed second in an invitational tourney at Stevens Point, Wis. In the four tournaments, Lake Forest speakers won 47 out of 56 debates.

**North Shore Line Club Holds Annual Dinner**

The North Shore Line Traffic club will hold its fifth annual dinner at the Glen Flora Country club in Waukegan, Tuesday, March 26, it was announced this week by A. O. Packer, president of the club.

Frank Greeny, State Commander of the Department of Wisconsin of the American Legion, will be the speaker of the evening, with Henry Cordell, master mechanic of the North Shore line serving as toastmaster. In addition, a full evening's entertainment is planned, with strolling troubadours supplying the music. A novel note will be added to the program by George, the Boy Magician, who will be on hand to keep the guests bewildered by his feats.

The annual dinner is the one strictly social event on the club's calendar each year. R. C. Morey, ticket agent at the Lake Forest station, is a member of the Traffic club.

**MISUNDERSTOOD**

The celebrated soprano was doing a solo when Junior said to his mother, referring to the conductor of the orchestra:

Junior: "Why does that man hit at that woman with his stick?"  
Mother: "He's not hitting at her. Keep quiet."

Junior: "Well, then, what's she hollering for?"

**Do You Know Illinois?**

Q. How were charters obtained in Illinois prior to 1870?

A. They were granted by the legislature.

Q. What charters were granted to the Mormons by the Illinois legislature in 1840?

A. One for the city of Nauvoo; one for agricultural and manufacturing purposes; one for a university; and one for a military body called the Nauvoo Legion.

Q. How many people were there in Nauvoo in 1840?

A. At least 15,000.

Q. Who was the Mormon prophet?

A. Joseph Smith.

Q. For what office did Smith declare himself a candidate in 1844?

A. For the office of President of the United States.

Q. Who was his running mate?

A. A disciple, Sidney Rigdon.

Q. What political office did Smith hold at this time?

A. He was mayor of Nauvoo.

Q. What was the Nauvoo Expositor?

A. An anti-Mormon publication issued by two apostate Mormons.

Q. What did the proprietor of the paper retaliate against Smith?

A. They obtained at, Carthage Illinois, an order for the arrest of the prophet-mayor.

**Several Positions Open to Applicants In N. S. Government**

The United States Civil Service Commission has announced open competitive examinations for the positions listed below. Applications must be on file in the Commission's office at Washington, D.C., not later than April 8 if received from States east of Colorado, and not later than April 11, 1940, if received from Colorado and States westward.

Senior Inspector, Engineering Materials (Mechanical), \$2,600 a year, Senior Inspector, Engineering Materials (Hulls), \$2,600 a year, Inspector, Engineering Materials (Mechanical), \$2,000 a year, Inspector, Engineering Materials (Hulls), \$2,000 a year. The place of employment for these positions is the Navy Department for duty in the field wherever assigned. For the positions of Senior Inspector (Mechanical), and Inspector (Mechanical), applicants must show experience in the inspection and/or testing of mechanical engineering materials. For Senior Inspector (Hulls), and Inspector (Hulls), applicants must show experience in the inspection

and/or testing of steel shapes, plates, and metal sheets. Substitution of education, or of other inspectional experience, but not both, will be accepted for part of the required experience. Applicants must not have passed their 53rd birthday.

Associate Entomologist (Taxonomy), \$3,200 a year, for filling the position of Assistant Curator, National Museum, Smithsonian Institution, Washington, D.C.; Assistant Entomologist (Taxonomy), \$2,600 a year, Bureau of Entomology and Plant Quarantine, Department of Agriculture. For both positions applicants must have completed a 4-year college course leading to a bachelor's degree with major study in entomology. Except for the substitution of certain postgraduate study, applicants for the position of Associate Entomologist must also show responsible research experience in classifying and determining the relationships of insects belonging to the order Coleoptera. For the position of Assistant Entomologist, they must show research experience in the taxonomy of Coleoptera or in the taxonomy of Lepidoptera. Applicants must not have passed their 53rd birthday.

Full information may be obtained from Raymond F. Seiffert, Secretary of the U. S. Civil Service Board of Examiners, at the post office in this city, or from the Secretary of the U. S. Civil Service Board of Examiners at any first or second-class post office.

**Ford Test Run To Arrive Here March 22**

One of the most significant test runs in modern automotive history will arrive here on Friday, March 22, as part of an itinerary which will include sixty-three cities in three states and will necessitate more than 2,000 miles of driving under strict test conditions.

Such was the substance of a statement made today by W. J. Young, Mercury supervisor of the Ford Motor company, following a conference with J. R. Purnell, local automobile dealer. The test will consist of an economy run and will be made in a 1940 Mercury automobile with stock equipment.

The purpose of the trip, according to Mr. Purnell, is to provide a factual demonstration of recent developments in automotive engineering. Speeds of fifteen to twenty miles per hour once were considered the most economical, but the economy run will attempt to prove that modern automotive equipment functions best at much higher rates. In the case of the Mercury, he stated, laboratory findings indicate that its most efficient performance is given at approximately forty-five miles per hour.

Arrangements are being made for a suitable reception of the of-
