

Young Men's Club Nine Opens Season Sunday, Waukegan

The H.P.Y.M.C. baseball team opens their season next Sunday by meeting the Waukegan Merchants, undefeated in two starts this year. The Merchants team is considered one of the strongest aggregations in Lake county and should prove themselves a worthy foe for the H.P.Y.M.C.

Coach "Solly" Thurston is well satisfied with the progress made by the Young Men's Club and is confident that the team will have an enviable record at the close of the season. Aiding Thurston in coaching the team is Gordon "Zeke" Siegert, one time high school star. Siegert and Thurston have quite a few veteran players to work with as well as some fine new talent. Both coaches seemed well pleased with Sunday's practice scrimmage and think their team will whip Waukegan next Sunday.

The game is scheduled to start at 2:30 o'clock at the High School athletic field on West Park avenue.

A fine ball game is in store for all those who may attend this opener and the new uniforms of the H.P. Y.M.C. may be seen for the first time by the spectators. No money was spared in equipping the team and no time was saved in scouting for baseball talent, so try to be on hand for this game to see Highland Park's new ball team in action, as we know you will be rewarded for your efforts.

idences, and other points of interest.

Express Appreciation For Success of Recent Concert

The success of the concert given by the Community Choral club, was due largely, to the fine co-operation of the local merchants, who by their advertising in the concert programs, made possible the most ambitious undertaking the club has attempted. The club is sincerely grateful to everyone who patronized its enterprise.

On Friday, May 10th, the club furnished two soloists and accompanists for the afternoon program at the Veterans' hospital and has been asked to provide talent for one program each month during the fall and winter, at the weekly afternoon entertainment. A pot-luck dinner at the Y.W.C.A. auditorium, Wednesday, May 15th followed by a business meeting and election of officers, will conclude the club's activities for the season.

The concert committee humbly apologizes for the fact that through an oversight the Y.W.C.A. was not mentioned as a sponsor on the club stationery and programs.

What Poppy Day Signifies — Annual Observance May 27

Bright red poppies, crepe paper replicas of the famous poppies of Flanders Fields, fill Legion headquarters here as the women of the American Legion Auxiliary prepare for the annual observance of Poppy Day on Monday, May 27.

The poppies were received from various group facilities where they were made by disabled World War veterans. They show the patient and devoted work of these men who made them in remembrance of their departed comrades. All hand-made, the flowers vary slightly according to the skill of the veterans.

"Poppy-making means much to the disabled veteran. For those in the hospitals, it provides an interesting occupation to fill the long hours of illness and convalescence. It has high value as occupational therapy, helping the men speed their recovery. It gives them the encouraging experience of again earning money and of being able to send money home to help support their families.

"The poppy workrooms maintained by the Auxiliary in a number of states provide employment for disabled men outside the hospitals who are unable to do other work. For them the poppy work is an eagerly sought relief from unhappy idleness, from the almost hopeless search for a job their limited strength can perform, and a means of supporting themselves and families."

The disabled veterans are the only persons who receive pay for poppy work. The Auxiliary women who handle and distribute the flowers serve as unpaid volunteers, all contributions received on Poppy

Day going to support Legion and Auxiliary efforts for the disabled and the needy families of veterans. Mrs. Philip E. Cole is poppy chairman for the local unit.

"What's your new number?"

"Your number" today almost always means your telephone number. Doubly important when you have a new address, it's the first thing friends and business associates want to know. Many of them remember it along with your name. For they know it is the quickest, most direct way to you.

Measure what your telephone means to you . . . on incoming calls alone . . . for a single week. You will be surprised at the amount of information and pleasure it brings. And then add its every-day aid in running your errands quickly, reliably and at low cost.

Telephone service is a greater value today than ever before. Calls are completed in less time . . . your voice is clearer and recognizable at any distance . . . and interruptions to service, never frequent, are now fewer than ever. Few things you buy offer so much, for so little, as your telephone.
