Merry Melody To Thrill Dancers At Spring Frolic May 25

Follow the lilting strains of Red Edward's Orchestra to Arlington Country Club Saturday night, May 25. Let his music put you in the mood to enjoy another grand evening of dancing at the Bellarmine Club's Fourth Annual Spring Frolic.

Amid a bedding of spring flowers and lush green grass Arlington Country Club is situated just west of Wheeling on Dundee road. Final plans have been completed by the committee in charge to make this the most successful one ever held.

Tickets are still available and may be had from anyone connected with the St. James Young Peoples group or from Jack Witten, Doris Rafter, Phil Muzik, Dorothy Boylan, Ed Brown. They may also be had by calling H.P. 427.

Red Cross Asks For Contribution

H. F. Kelley, 27 North Sheridan Road, Highland Park, Ill.

"The President of the United States and the National Chairman, Norman H. Davis, of the American Red Cross have appealed to the American public for a relief fund of ten million dollars to help to alleviate the suffering of millions of new victims of the European war. Our Chicago Chapter has been assigned a quota of one million dollars. Urgent that you organize your workers for immediate solicitations of the residents of your community."

(Signed) James B. Forgan, Chairman, Chicago Chapter) The American Red Cross receives a share from the Community Chest. The amount is based upon the needs

in normal times. When an emergency arises it is necessary for the Red Cross to appeal for more funds. The Community Chest has given us this privilege here in Highland Park. There will be no organized drive to raise these funds, and anyone who wishes to contribute may send their contributions to the chairman, H. F. Kelley, 27 North Sheridan road, Highland Park. Highland Park has not been assigned any definite amount, as we belong to the Chicago Chapter, and their Chapter has the quota of one million dollars.

Any amount that is given directly to the Chicago Red Cross office, will not be credited to the amount that is raised in Highland Park so in order that Highland Park may receive credit for their share, these contributions should be sent to the local Chapter, American Red Cross, Highland Park Branch, H. F. Kelley, chairman.

500 Scouts Attend Camp-O-Ral in Spite Of Inclement Weather

Approximately 500 Scouts from the North Shore Area Council, B.S.A., participated in the annual Camporal at East Turnbull Woods in Glen-coe last Saturday and Sunday. Sixty-three patrols representing 39 troops pitched their camps in the 63 acres of forest preserve.

Despite an almost steady rain from the time the Scouts came nearly all the patrols displayed good camping technique which enabled them to come through in good shape. Fine morale, good sportsmanship were also displayed by the Scouts.

Saturday the Scouts participated in a series of activities started in the early afternoon. Previous to this time they pitched their tents and tidied up their camp sites for inspection in the afternoon. Various Scout games were held among which were fire laying, string burning, water boiling, flap jack flipping, first aid. In the evening as part of the program the Order of the Arrow, National Camping Fraternity, put on their "calling out ceremony" and received as honor members 15 men. A giant campfire and ring plus 500 Scouts and their leaders and friends

were gathered about the large clearing for this ceremony.

Sunday morning after an all night rain it was decided by the Camporal officials to do away with the rest of the events and close the Camporal.

The patrols were rated not alone on the games which were held, but also on their ability to pick a campsite, make proper use of their equipment, prepare their food, and their patrol organization. The patrols were rated "A", "B", and "C" basis.

Junior Prosperity Club Members To Have Sports Program

The Highwood Junior Women's Prosperity Club held their regular meeting Thursday, May 16. It was reported by Helen Minorini, social chairman, that their recent dance had been a success.

The girls are going out for sports. Two baseball captains were elected, Rena Monfardini and Gilda Genilli. On Monday evening the first practice was held, at which 18 girls turned out. Nancy Santi was appointed captain for horseback riding and all those interested will meet Friday evening to go riding.

Catherine Ariano was appointed membership chairman and Sylvia de Bartolo, publicity chairman. The calling committee for announcement for club meetings are Rema Balantini and Yolanda Nanini. Seven new members joined the club, having transferred from the Senior Club to the Juniors. Age limit in the Junior club is 30.

15 Men Taken Into Order of the Arrow

Fifteen men were taken into the Ma-Ka-Ja-Wan chapter of the Order of the Arrow as honorary members at a special meeting of the lodge held in East Turnbull Woods, Glen-

THE FORD WAY OF DOING BUSINESS

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

The Ford Motor Company was the first large company to establish the 8-hour day—also in 1914. And the 40-hour week was inaugurated by the Ford Motor Company in 1926, years before any such laws existed.

The Ford Motor Company employs men without regard to race, creed or color. It is common knowledge that working conditions in the Ford shops are the best that science and constant care can make them. A square deal, a just wage and stabilized employment for a large proportion of our employees—and as fully stabilized for all as conditions will permit—enable our men to retain their personal independence.

In consequence of these policies the Ford Motor Company has one of the finest bodies of employees in the world. The larger proportion are mature men of long service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are good.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. Materials are the best that can be made or procured. Less profit to the Company and more value to the customer is known throughout the motoring world as "Ford's way of doing business."

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that time has been the average American family—for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in

A 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.

Henry Ford and Edsel Ford keep daily personal touch with all phases of Ford manufacture. In a conference with his staff, Henry Ford often says: "Go ahead—I'll sit here and represent the public."
