John Guthrie, Dean Luginbill, Mrs. Carroll Binder, Harry Aiston, Milton W. Stein, Henry Hansen, Mrs. Mary Helmold, Mrs. Theodore Osborn, and Mrs. James Stannard Baker are the members of the board which will formulate organization plans for the council during the summer. Early in the fall this board will call a meeting of representatives of all organizations—civic, religious, educational, and social—and report tentative plans for their approval and discussion.

By a unanimous vote George Scheuchenpflug was added to the original board of nine members, Louis B. Sinclair, temporary chairman who was named at the original meeting April 2, conducted the meeting. Mrs. Baker will act as secretary of the board.

The aim of the community council will be to co-ordinate the civic activities of the 70 organizations in Highland Park and to avoid duplication of efforts. Similar councils have worked with great effectiveness in other North Shore suburbs, as well as in cities throughout the country.

Y.W.C.A. Plays Role In European Crisis

Heart breaking reports continue to pour in from all over Europe. Every day and every hour the task of mercy to which the "Y" is dedicated becomes more pressing. This war is exacting a toll in human suffering and tragedy which cannot be gauged by anything gone before.

REFUGEES . . . Millions of them—French, Dutch, Belgians, Luxembourgers, Poles, Austrians, Czechs, Germans, Spaniards have inundated neighboring lands. With each new bombing, wave upon wave of frightened refugees have been driven across frontiers, bringing with them a heavy burden of horror, destitution and despair. The harried governments of France, England, Rumania, Hungary, with the help of the Red Cross, receive these hordes of refugees, feed them, clothe them, house them, but look again to the YWCA and other Christian organizations to bring them comfort and cheer, work and play, sanity and hope.

"SVIETLICA" . . . In refugee camps the YWCA organizes social welfare work, establishes rooms for knitting and sewing, reading and singing, language classes, work and play groups. These centers of friendly service are called by the Poles in Rumania "svietlica" which means a lighted room. The word is symbolic of the long-range work the YWCA is doing to counteract the powers of darkness that have been unleashed in the civilized world.

HOSTEL . . . A model camp-hotel for Polish refugees is already running in Hungary but others are urgently needed. A Red Cross worker has challenged us thus: "What is the use of our salvaging their bodies if you do not salvage their minds and spirits from confusion and despair?"

MUNITION WORKERS . . . All over Europe women are working in munition plants. These women des-

perately need centers for rest and recreation. In these fateful hours they are working under such terrific tension that they look to the "Y" as their only source of comfort.

EVACUEES . . . In southern France alone there are millions of civilian evacuees from the areas which have been devastated by war. The YWCA is doing valuable work in re-assembling families. With other youth movements they are operating "equipes" or teams of workers, who motor from village to village, establishing recreational and occupational activities—classes and games for the children, handwork for the mothers. In England also

vast numbers of women and children have been evacuated from all large cities thereby multiplying the human problems of war.

The drain upon the YWCA personnel and funds is such that the work hitherto supported by the British YWCA in Palestine, South Africa, India, and China must be shouldered by the Associations of countries that are still at peace.

The YWCA is the logical agent for your most generous gifts because it is a going concern, well established in many countries of Europe with trusted leaders and an organization that can be quickly expanded to meet the need just as soon as funds are available.

Go Gloriously 4th In A New Jantzen

Step in and see the new Jantzen swim suits and you'll long to step into one and onto the beach. They're gorgeous — no end! Jantzen seems to have a flair for creating new fabrics that no one ever thought of before. They've done it again. There's a new Sea-Ripple that REALLY STRETCHES ALL WAYS. It makes the most amazing fitting swim suit we, or you, have ever seen.

Style 320 — "SEA PANNELLE"
In the new Sea Pannelle, Jantzen has created a flattering model that truly slenderizes. The quarter panel skirt accentuates the slim silhouette and has the freedom of a maillot. The Continental neckline allows exposure on the shoulders. Tailored of beautifully textured "Satin-Knit"—one of Jantzen's exclusive rich fabrics with Lastex yarn knitted-in for girldie fit.

Style 341 — "CHECK-ER-TWO"
There's a jaunty air about the new Jantzen Check-er-Two that invites you into its smart quarter panel trunks and bra, a fashionable checked figure-control fabric with just the right amount of two-way stretch achieved through Lastex yarn. The bra snugs to the figure and is cleverly adjustable, moulding the bust in natural youthful lines.
