Crowds gathered in front of the new Highland Park Community Center Sunday afternoon for the official NICELY FURNISHED BEDROOMS, NEAR opening of the building which will house all community activities and furnish a headquarters for civic projects

"The basic cause of the present world situation is a prevailing misunderstanding of the Christian message and a prevailing mistrust in God," Dr. Louis W. Sherwin, minister at the Highland Park First Presbyterian church, stated today. "The basic problem is unbelief itself," he continued.

man. Besides the ministry, to which he has devoted his life, he is also interested in fishing, travel and reading. His education is extensive, having been graduated from Alleghany college in Meadville, Pa., and then obtained his D.D. from the small college several years later. After his graduation from Alleghany, he attended the Boston school of Theology, and studied at Auburn college. Dr. Sherwin completed any loose ends in the study of religion after completing many years work at the Yale divinity school in New Haven, Conn., and Mansfield college in Oxford, England.

Relating the history of the Highland Park Presbyterian church and its many beneficiaries throughout the world, Dr. Sherwin said that the Rev. and Mrs. Kepler Van Evera, the church's parish abroad stationed in Hangchow, China, are observing their 28th anniversary in China, "They are peculiarly adapted to their work in that country, Dr. Sherwin commented.

In the 69th annual report on the church work and budget, it is pointed out that 121 new members were added to the church last year, making a total of 902 members in the congregation. For the fourth successive year the trustees presented a financial report reflecting a balance budget, a satisfactory cash balance and no debts. During the year, Dr. Sherwin baptized 32 people, 22 of whom united with the church on confession of faith, and 10 were infants and children.

The Hilander club, going on its 7th year, is an organization for married couples in the church Meeting monthly, the club has speakers and potluck suppers. In addition to the regular programs a start has been made toward assisting in the vocational guidance problem of the Highland Park High school

The Young Woman's club, for professional and business women, meets twice monthly with an average attendance of about 25. This group of young women works on various projects as well as for the local hospital and other causes

"You and I training in the service for Christ," is the literal meaning for the word "Tuxis," the Presbyterian young people's society who are high school age. The officers and young people plan and arrange their own program of activities under the direction of the assistant minister. Devoted to education and

other fields, these Sunday evening meetings of the Tuxis also include parties, caroling at Christmas holidays, outing at the lake and din- Administration ners. Last summer, four members By ELMORE attended the Presbyterian conference for young people at Saugatuck, Mich. Troop 324 of the Boy Scouts of

America, under the leadership of Baker Hamilton, has made a name for itself in its own right. The troop, which has approximately 60 members and is under the direction of 25 adult leaders, has enjoyed Dr. Sherwin is a very interesting a widely picked array of speakers, activities an achievements. It operates under the supervision and sponsorship of the church. In addition to Boy Scouting, the unit embraces a program of senior scouting partment's staff. This, he added, work, explorer patrol projects and leadership in six local Cub dens.

Charles J. Connick of Boston,

of the Chicago Daily News, Nobel Mass., designed the stained glass E. Kizer, late athletic director of windows. Being rich in color, partial description can best be rendered Comm. G. D. Lyon of the U. S. by the artist himself. "It might be well to call this 'a good will window', for the figure of Gabriel, 'the bringer of good tidings', dominated the composition, with the Seraph, symbol of divine good will, in the base of the center panel. St. Mary of Bethany, with her symbol, the alabaster vase, is in the left panel. and St. Martha of Bethany, was her basket of fruit in the right. Below St. Mary is an angel of praise with a trumpet, and below St. Martha, an angel of prayer with a censer." At the bottom of the windows the wording is: Peace . . . God is Love Good will.

council to appropriate \$5,000 of the city's street widening fund to be used to cut back streets and islands where necessary in the interest of safety.

In line with an agreement made a year ago the council voted to make the Highland Park Press the official newspaper for the city's advertising during the coming fiscal year.

National New Home Survey Shows Public Approves Gas Service

Once more the American public unmistabably expresses its preference for the convenience, cleanliness, and modernity of gas service in

Through the cooperation of gas companies representing two-thirds of the American gas industry, it was possible to check the utility services in more than 128,000 new one and two-family houses erected during 1939. No mere sample of prevailing trends, this is so large a proportion of the entire one and two-family house construction in the United States during 1939, that it gives a true picture of the extent to which gas service has been acceped; 61.8 percent of the new home owners reported in this survey will enjoy the ease and comfort of gas

An even greater percentage of the new houses will enjoy hot water supplies furnished by gas water heaters. This is in keeping with the true American spirit which has always held in high regard the availability of ample supplies of hot water for washing, cleaning, bathing, and the hundred other daily needs: 77.4 percent of the new homes have installed gas water heating.

The fact that better than nine out of ten of the new homes will enjoy the benefits of gas for cooking is almost a foregone conclusion. The actual count shows that 116,216 homes out of the total reported are now boasting about their latest gas

range. In each of these fields, the 1929 figures reflect a substantial increase in the trend to gas service in new homes over that reported for the homes erected during 1938
