Rudy Kay to Meet Jim McMillen in Main Event Friday

After slugging and butting every opponent sent against him this summer into submission, rough Rudy Kay is finally going to meet his match. This time Rudy may find himself on the receiving end, for he's booked to wrestle Lake county's own great sports idol, "Big" Jim McMillen, in the main event of the sixth all-star heavyweight mat card of the summer season in Peg's Open-air Arena at Grayslake, Friday night, July 12.

The McMillen, Kay bout arises out of something of a feud which goes back three years ago. At that time Antioch Jim and Kay battled to a bloody draw in a 60 minute toe-to-toe slugging contest in the old Haunted House Arena at Round Lake.

A month ago the pair met again, this time at Grayslake. A near-riot developed when rowdy Rudy went berserk in the ring slugging the promoter, the referee, and the com-

mission inspection, all who were trying to restore order. As a result Kay was disqualified and nearly suspended for life. Now he will get a chance to finish what he started against McMillen Friday night.

The other matches on the four-bout card feature several new-comers to Lake county mat wars. In the semi-windup, Fred "Legs" Grubmier, famed Iowa body-scissors specialist goes up against Paul Boszell, Eagle-Beak, Arizona, horror-man, in a match that may rival the bitter main go in roughness and excitement.

In the special bouts, Marshall George, a 240-pound Boston giant billed as the human firecracker, will explode in the ring against the business-like and clever Dr. George MacKenzie, while Bert Rubi, the former Hungarian Olympic heavyweight star, will mix with Cecil McGill, Pacific Coast junior light-heavyweight amateur champion.

As usual ladies accompanied by escorts will be admitted free of charge to the ringside sections.

Acceptable candidates, he explained, will be enlisted as apprentice seamen in the Naval Reserve. They will be given 30 days active duty aboard a United States naval man o' war. Upon completion of this cruise, candidates recommended by the commanding officer of the cruising ship will be issued appointments as midshipmen, U. S. Naval Reserve, and ordered immediately to a three-months' course of instruction at a school ashore or ordered home at government expense and placed on inactive duty to await orders to such course at a later date. In this connection Lieutenant-Commander Carlson added, consideration will be given to completion of the candidate's civilian education, if he is a student.

"Candidates," he stated, "must be native-born, unmarried, male citizens of the United States between the ages of 19 and 26 years, must meet the standard Navy physical requirements, and must have had two years' college credit." Satisfactory completion of the three months course will qualify the midshipman for a commission as Ensign in the Naval Reserve.

New Regulations Affect Tourists to Canada and Mexico

Due to war conditions, immigration regulations affecting tourists traveling into or from the United States, Canada or Mexico are becoming more and more stringent. Persons traveling into Canada or Mexico must hereafter produce birth certificates or other positive evidence of identification in order to return to the United States, the Illinois Automobile club's touring bureau reports. Border authorities will demand identification of all Americans returning to this country.

Similar positive identification for Canadian citizens coming into this country will be required, while aliens of other nationalities desiring entry into the United States or Canada must have passports. This new ruling in no way changes present Canadian and Mexican regulations governing entry of American citizens into these countries. Canadian and Mexican authorities do not require that passports be shown and Americans wishing to visit and vacation in those countries may continue to do so without restraint, as in the past, providing they have the necessary identification papers.

The only Mexican requirement for Americans entering that country is a boarder pass, which may be secured for 50c at the Mexican Consulate, 201 North Wells street, Chicago, or at the Mexican border.

Lake County Farmers Save About \$7,800 In New Legislation

Farmers in Lake county will save about \$7,800 a year as a result of legislation just enacted by Congress affecting interest rates on Federal land bank and Land Bank Commissioner loans.

The temporary rate of 3 1/2 percent on first mortgage land bank loans will be continued for two years ending June 30, 1942. During this period the interest rate on first and second mortgage Land Bank Commissioner loans will be reduced from 4 to 3 1/2 percent. Land Bank and Commissioner loans were originally written at contract rates averaging about 5 percent.

At present about 103 Lake county

farmers have land bank and Commissioner loans outstanding aggregating \$520,000. The difference between the contract rate and the temporary rate thus effects a substantial saving for farmers.

In a statement from Washington, A. G. Black, Governor of the Farm Credit Administration, said that the saving to farmers through the reduced interest rate will have the same effect as an addition to the farmers' net income.

"The ultimate purpose of the reduced interest rate on land bank and Commissioner loans is to help farmers keep down their fixed charges and thus leave more income for the retirement of debt principal, or to meet necessary operating and living expenses," Governor Black said.

"Money saved on interest charges will thus be reflected in increased purchasing power, benefitting both industry and agriculture, and also will help in a measure to raise farm living standards and safeguard farm ownership."
