

Here And There with W. S.

Tribute Department:

We salute you, Mr. Robert W. Pease. You are another one of our eminent citizens and are deserving of congratulatory messages. Those who know you are profuse in their praise, "He is a prince" . . . "He is fine to work with" . . . "When he says something, he means it" . . . "He is a man's man; and he is a leader." Yes, and these complimentary descriptions of you, Mr. Pease, are only a few of the many I have heard.

All these years you have progressed: from your humble beginnings to your present, excellent drug store. It is a joy to come to your establishment. We wish you prosperity and happiness far exceeding that which you have already experienced.

Thoughts at Rood Department:

I sincerely wish to thank my friends for their helpful and constructive criticisms. "Here and There" depends upon its friendships with its readers, you know . . . Dorcas Fitzgerald certainly knows a lot of interesting news . . . Bill Peters is working mighty hard this summer . . . I like the Boehm's new convertible sedan . . . The grand opening dance held at the new Community Center was a lot of fun for all those who attended. The Young Men's club did an excellent piece of work. And, let me tell you, that new Community Center of ours is beautiful. . . Enjoy the Exmoor Saturday dances . . . Kelly Brent looked well and happy the other day at Exmoor . . . Why not improve the high school tennis courts? . . . We need more summer weather! . . . How nice that Bud Detmer has been elected president of his fraternity at Williams college. Bud is a Phi Delta Theta. Ed Detmer, Bud's next-younger-brother, has also distinguished himself. Ed has been

elected rush chairman of his fraternity (Sigma Chi) at Northwestern . . . Roy Delhaye, to say the least, is a dapper young gentleman. . . I understand he is an inventor, too. . . I abhor paper napkins! . . . Isn't Walter the Tailor the epitomization of activity? . . . Understand that Mr. A. E. (Deac) Wolters, acting principal of our grand high school, has a young son who runs like a future Olympic champion . . .

Doctor Crossman and family were seen conversing happily amongst themselves . . . Am looking forward to L. E. Watkin's (writer of "On Borrowed Time") new book, "Geese in Form." The saying goes that it is a satirization of a college faculty . . . Wonder what Dave Mann is doing? . . . Ray Phillips, salesman supreme, is more witty than ever. . . Jim Sorg, Packard convertible and all, was seen enjoying the company of Miss Gloria Crane . . . Mr. Charles (Chuck) Lauer—former athletic instructor at our high school—and family were visited the other day . . . what a nice family the Lauer's are! And what a sweet and petite child they have. Mrs. Lauer is one of the nicest and most thoughtful ladies I have ever known. Best of everything to the Lauer family . . . Why not give a person a piece of your heart rather than a piece of your mind?

Something To Think About Department:

"No evil is without its compensation" . . . "They also serve who only stand and wait" . . . "Our ideals are our better selves."

Most Beautiful Thought of the Week Department:

"Do not judge a man a failure until he has failed at something he likes." With this sentiment in mind, I leave you. . . —Whitt N. Schultz.

Sandwich Suggestions

Summer beckons the family out of the house with its lure of gardening, sports and fresh-air fun. But, mealtimes bring back hungry appetites to satisfy. Sandwiches are especially welcome in the summer when Mrs. Homemaker wishes to serve up an attractive, nourishing meal in a hurry.

Student Officers Speed Up Technique Of Anti-Aircraft

When the first year candidates attending the Citizens Military Training camp, now in progress at Fort Sheridan, heard the deep loud boom of cannon, and the rat tat tat of machine guns Friday, some thought the fort was being invaded. A rush to the shores disclosed that what they heard was the firing of anti-aircraft weapons by cadets of the Reserve Officers Training corps, now here in training. These 350 cadets representing Coast Artillery (anti-aircraft) R.O.T.C. units from seven Mid-western colleges and universities are under going a six weeks intensive training in the use of all anti-aircraft weapons.

Three inch guns are in constant daily action hurling 15 pound shrapnel projectiles at cylindrical cloth targets that are towed by speedy Army planes over Lake Michigan. With cotton stuffed ears these cadets actually man the guns. Colonel John B. Johnson, Cavalry, United States Army, camp commander, announced today that he was well pleased with the speed in which the technique of the "Sky Guns" was being mastered by the student officers.

The roar of each shot is heard for miles along Chicago's North Shore, while windows rattle in tempo of dancing china ware as each salvo is fired.

No tricks and mysteries cloud sandwich-making. The rules are few; the trimmings depend on the imagination of the cook and on the contents of breadbox, refrigerator and cupboard shelves.

Elks Hold Annual Picnic, Sunday

The annual picnic of Highland Park lodge No. 1362 B.P.O.E. will be held Sunday, July 14th at Pottawatomie woods located on the east side of the Desplaines river, north of Dundee road in Wheeling.

There will be free refreshments for the children as well as a variety

of games and entertainment. The feature event of the day will be a ball game between the younger and older members of the Elks lodge. The day's events will begin at 1 p.m. All members and their families and friends are invited to attend.

Bread is the most important part of a sandwich, so care should be

taken to select the best quality available. Homemade bread or baker's bread may be used. The long and rectangular shape of Pullman or sandwich loaf permits cutting to good advantage, but many people prefer the eating quality and texture of the standard shape of loaf. If the bread is not ready-sliced, use a sharp knife that cuts bread slices smoothly.

WILLIE VERSUS WASH DAY

Willie, bless him, has a way of getting clean clothes dirtier and more quickly than a bum at a hobo's convention.

Happily, however, Willie's mother can save herself new grey hairs on wash days by phoning HIGHLAND PARK 177-178. And the cost is so little.
