

# Here And There with W. S.

**Tribute:** About 66 years ago a child, Tom Duffy by name, came to Highland Park. Little did the townsfolk think, then, that he would become one of our prominent and most popular citizens. During his earlier life, he was engaged in the transfer business. Typical of him, success was with Tom Duffy in this work.

Later Mr. Duffy entered the furniture business; and, in this capacity, he and success have been inseparable. This likeable gentleman has served our town and our people faithfully for 50 years! Mr. Tom Duffy is the kind of a man who is deserving of congratulatory messages. Mr. Tom Duffy, may you continue your admirable work and may good health and good fortune remain with you always.

**The Department of Random Thoughts:** Doesn't it hurt to bite your tongue? . . . Bill Aiston has a powerful build . . . A fictitious character said: "I dislike baseball and war for they spoil not only the newspapers but also conversation" . . . Try taking real deep breaths, it feels mighty fine to do so . . . Some night, if you find that sleeping is an insurmountable task, try taking deep breaths and thinking only of sleep . . . Iced coffee is a refreshing and cooling drink . . . Al McFadden and his pretty bride tell me that "there is nothing like married life" . . . Scotty Marshall Jr., is sold on that rather racy convertible of his . . . Understand that Mr. Joe Burke is a skilled musician—an accordionist . . . Doris and Bud Mead are another very attractive couple . . . From the clever and picturesque post cards received from Mr. Frank Lawrence and Rich Mau, their vacation is fun . . . Chandler Kettner certainly is enthusiastic over his aviation training . . . If we only knew as many historical facts as Miss Lauderdale (popular history teacher at our high school), an understanding of this terrible war would be more complete . . . Doug Brown writes his pretty friend, Miss Marilyn Cook, every day. Miss Cook writes to Mr. Brown daily, too. How about that? . . . Mark Panther ought to be back soon . . . It is fun to watch the All-Stars practise . . . Aldie and Ginnie Harris look happier than we have ever seen them . . . "A book is a journey into new lands." To read

is to learn. To learn and to retain what we have learned is an accomplishment. Why not read more? . . . Some of the lads tell me that the Roycemore Assembly Dances—particularly the invitations—are the neatest tricks of the Fall Season! . . . An aggravating thing: pushing, violently, a door which says, plainly, "pull" . . . Don't you dislike form letters? . . . How easy it is to distinguish a nice place! . . . Hank Wilder's sudden thought: "What do they do with the Good Humor ice cream wagons in the winter?" . . . What good are wisdom teeth? . . . There is a world of difference between thriftiness and stinginess. . . .

**The Most Beautiful Thought of the Week Department:** Our Radium Rule: Speak about others as you would have them speak about you. With this sentiment in mind, I leave you. —Whitt N. Schultz.

## Fell's Win Eighth Straight from Sears Ramblers, Monday

Fell's 16-inch baseball sluggers won their eighth straight victory Monday night when they defeated the Sears Ramblers 9 to 6 in a spirited well-played game.

Fell's started their current winning streak Sunday, August 11, when they trounced the Waukegan B'Nai Brith in a double header 6 to 0 and 5 to 1. Fred Fell, pitcher for the local clothiers, pitched four hit ball in both contests.

Fell's made it three in a row the following night by beating the Ramblers 16 to 9. John Brigham paced Fell's with two home runs. Nelson's were Fell's next victims on Thursday, 14 to 5. Fred Fell's fine four hit pitching stood out as the evening's highlight. Pat Conway, Gordy Ball, Kelly Croke, and Brigham made circuit blows for Fell's.

The first triple header in local softball history was swept by the clothiers Sunday morning over the Lincoln Lollipops. The scores were 7 to 6; 5 to 0; and 5 to 1. Again Fred Fell's pitching and John Brigham's hitting were the bright spots of the morning's baseball marathon. Any team that wishes to challenge Fell's may do so by calling "Red" Fell at the store.

Mrs. F. D. Burroughs is pictured above with the gladioli display which she loaned to the Deerfield Women's club flower show held Wednesday. Mrs. Burroughs, though not a member of the club, contributed the specimens, which her husband raises as a hobby. Mr. Burroughs has captured laurels for several years in the Wisconsin Gladioli society shows at Columbus, Wis. He is particularly interested in hybridizing and has made over a hundred experiments only this season.

## Local Woman to Serve on October Grand Jury Panel

Mrs. James Stannard Baker, 289 Woodland rd., will be the first woman to serve on a Lake county grand jury, in the October grand jury panel approved by the board of supervisors last week.

Mrs. Baker was named by Supervisor W. W. Steele of Deerfield township, chairman of the board of supervisors. He also approved the names of Highland Park women for grand jury service next December and March.

The grand jury panels for October, December and March, approved by the board had the names of four women on the three regular panels of 23 each and the three supplemental panels of 20 each. There is one woman from Highland Park on each of the three regular panels and one woman on the supplementary panel for March.

Men on the regular October grand jury panel include: Fred Graff, Glen Richardson and Bradford West of Waukegan, Art Christensen of Winthrop Harbor, R. Poulsen of Zion, William Murrie of Russell, S. E. Pollock and Herman Cubbon of Antioch, Louis T. Perry of Fox Lake, James Curran of Round Lake, Robert Connolly of Gurnee, Harry Nickerson of Lake Villa, Thomas L. Eastwood of Lake Forest, John Moore of North Chicago, James Cox of Libertyville, Paul G. Wells of Mundelein, Arthur Monahan of Wauconda, Leslie Niemeier and William Helms of Barrington, Alvy W. Johnson of Libertyville, John A. Hoffman of Deerfield, and W. Raymond Grant of Highland Park. Assistant Supervisor J. Russell Miller of Shields appealed to the board of supervisors to send Sheriff Thomas E. Kennedy to the FBI retraining school in Washington, D.C., for the week from Sept. 30 to Oct. 5, in the interest of national defense.

"Industries in and around Waukegan, as well as Great Lakes and Fort Sheridan, are vital factors in our defense program," Miller stated. "It will be of great value to the county if Sheriff Kennedy takes special training to deal with industrial protection, sabotage and espionage."

Miller urged the board to send Sheriff Kennedy after a letter signed by J. Edgar Hoover, director of the FBI, and addressed to Chairman Steele of the board stated that the Lake county sheriff was eligible as a graduate of the FBI Police academy to take the special training course.

The board decided to wait until the September meeting to act.

## Army Deserter Is Captured in Chicago

William A. Hanke, 18, who escaped from the Fort Sheridan guardhouse where he had been confined pending court martial for desertion, was shot and captured by policemen after a chase over a north side, Chicago, street.

Hanke fled when he was about to be seized by Corp. Alton Ivey of the Fort Sheridan military police and three Chicago policemen. One of the latter, Roy Coutre, fired two shots in the air and when Hanke refused to halt he was felled by a bullet which grazed his head.

Army officers said Hanke, whose home is in Chicago, deserted from the Second Infantry April 17 at Fort Brady, Mich. Taken to Fort Sheridan for court martial, he escaped May 12 after slugging a guard with a pickax.

## Glenview Approved As Site for Gov't. Research Laboratory

Glenview was found to fulfill all requirements for the establishment of the government's \$8,400,000 air-plan engine research laboratory Monday by members of the sub-committee on aeronautics.

"Perhaps it will be built here," said John F. Victory, chairman of the sub-committee which will choose the site. "We need accessibility to centers of scientific and technical activity, and certainly, in these respects, the Chicago area takes second place to none."

Disappointed that the Waukegan-North Chicago area had no site available to meet the requirements, business and industrial leaders of the section were happy that the Glenview site received such a high rating by the sub-committee.

The Waukegan and North Chicago industrialists hope for the laboratory's establishment at Glenview because of its proximity to the Lake county industrial section. Many products in this section would be available for research, they pointed out.

Victory explained that there are 62 cities competing for the laboratory and there would be no definite discussion on their relative merits until the committee makes its final report at Washington, D.C., later this month.

The particular site consists of 100 acres just north of the Curtiss-Reynolds airport, which is used as a military base for planes from the Great Lakes naval training station. It is bounded on the south by Willow rd., with the North Western railroad tracks running northeast and the Milwaukee railroad tracks running northwest in a huge triangular section.

The aviation experts were greeted at the site by Lieut. Com. Richard Gaines, commanding the naval reserve aviation base there, and Com. Knefler McGinnis, aviation aid to the commandant of the Great Lakes

naval training station. It was indicated that if the committee definitely settles on the Glenview site, the navy will purchase the Curtiss-Reynolds airport, as the new laboratory must be located adjoining a publicly owned airfield. The laboratory will employ 300 workman who will devote themselves to problems of fundamental design rather than the usual methods of testing.

## Mrs. John Llewellyn Highwood Resident Passes on, Monday

Mrs. John R. Llewellyn, 74, of 121 Prairie avenue, Highwood, died Monday at the Lake County hospital. She had been ill for several years. Requiem mass was sung yesterday (Wednesday) morning at 9:30 a.m. Burial was in St. Mary's cemetery.

Mrs. Llewellyn who had lived in Highwood for the past forty years, was born in Sweden and came to this country when a little girl. Surviving are three sons, John, Frank, and William of Highwood, four daughters, Mabel of Chicago, Edna of Waukegan, Frances and Jane of Highwood.
