Deerfield School Opens Sept. 4; Urge Early Registration

The Deerfield Grammar school this week made announcement of its opening dates for the 1940-41 term. Classes will take up on Wednesday, Sept. 4. Children are asked to report to their home rooms on this morning at 9:00 a.m. School will be in session for a half day. It is further asked by the Deerfield Grammar school office that all children who are not registered do so if possible at the grammar school office before the opening of school. This will mean registering children entering first grade, if not enrolled in kindergarten last year, and other children in the district who did not attend this school during the last year. The school office will be open each week day from 9:00 a.m. to 4:00 p.m. for registration.

Again this year a kindergarten program will be offered by the grammar school. Miss Patricia Clark will serve as teacher for the kindergarten this year, also. It will be necessary to continue to operate the kindergarten on a fee basis this year, as it was last year. The fee will be \$10.00 a semester, payable monthly. Further information may be obtained about the kindergarten by calling the school office, Deerfield 128.

Changes are being made in the instructional program in the fields of lower school social studies and upper school English. The lower school social studies will be placed on a unit activity basis. Each room will carry on a series of social studies projects planned to develop democratic understandings and knowledge of the American background. The unit activity approach enables children to gain social studies knowledge in a fashion that insures their retention and helps in developing meanings. The upper school English program includes specific work in the English skills necessary for the proper background for high school and enriches this program through a wide series of writing activities and general library reading.

The staff of the Deerfield Grammar school will meet on Tuesday, Sept. 3, for a series of conferences on the coming year's program. Room arrangements will be made and materials organized on that day.

The Deerfield Grammar School Superintendent, Lester B. Ball, urges any parents who have problems they would like to discuss to come to the school office during the next two weeks before the opening of school. This, plus early registration, will facilitate the work of the school to a great extent.
