take the bows in Hollywood. In addition to the thrills that will be manufactured, there will also be motorcycle and midjet auto races in that part of the show.
 The Rodeo will combine all the features of typical frontier life; calf roping, bull dogging, bronc riding, wild cow milking, steer riding, and so forth, and to top it all off there will be a galaxy of circus acts topped by the leap of Senora Carver who dives from a height of 90 feet into a pool of flaming oil.

"Being Informed Is Our First Job" Says League Charman

"This is no summer to take a vacation," challenges Mrs. Louise Leonard Wright, the national chairman of the Department of Foreign Policy of the League of Women Voters; "and the first job for each of us is to keep herself informed," says Mrs. Paul Douglas, the state chairman.

"But," replies Mrs. Louis Haller, the Highland Park chairman, "with magazine articles out of date before they reach us, with every newspaper carrying a headline of a new crisis, and with radios pouring contradictory stories into our weary ears, we are in some confusion as to whether 'being informed' is a present possibility or an echo from a Victorian past."

Mrs. Haller adds: "Perhaps you feel that way, too. If so, here is a thought to tie to. Start reading now on the general subject of American Foreign Policy, finding out what it traditionally has been, what determined it historically, what government agencies administer it, and what the responsibility of the individual citizen is in shaping it. America's Foreign Policy and America's Choice Today are two pamphlets which give a good introduction to this subject and can be secured from the office of the League of Women Voters at 225 N. Michigan Ave., Chicago, or through Mrs. Harold Ray, 127 Hazel Ave., Highland Park, who has charge of league publications."

Here are a few books, too, which you might put upon your summer reading list and to which you may want to refer while catching up on the general subject of Foreign Policy: "Defense of America," William Allen White.

A Diplomatic History of the American People," Thomas A. Bailey.

Financial Questions in United States Foreign Policy," James W. Gantenben.

"The Far Eastern Policy of the United States," A. Whitney Griswold.

"The All-American Front," Duncan Aikman.

Mrs. Haller will be glad to furnish other suggestions for summer reading to all members of the League of Women Voters who are interested in joining the Fall study group in Foreign Relations.

Because of the rapidly changing state of world affairs the Department of Government and Foreign Policy does not wish to state its program for the coming year. However, Mrs. Haller's committee consisting of Mrs. Ferdinand Kramer and Mrs. Ralph Wanger as co-chairmen, and Mrs. Robert Grimm, Mrs. Lee Supple, Mrs. Melville Kern, Mrs. Maurice Pollak, Mrs. Jas. Stannard Baker, and Mrs. Spencer Keare is meeting weekly to organize material and prepare for the study group which will start in October.

Novel Employment Help for Graduates Of Lake College

During the past few months, Mrs. Evelyn Leckie, secretary of Lake College of Commerce, has been busy issuing Employment Merit cards to graduates who have been calling at her office.

The introduction of the Employment Merit Card plan was made necessary because of two reasons. First, so the graduate will have a small card, convenient to carry, certifying to graduation from Lake College of Commerce, and secondly, so employers, when interviewing an applicant for a position, may quickly satisfy themselves that the applicant is a Lake College graduate.

Three Good Films Booked At Deerpath

Warner Bros.' exciting story of underworld lawyers, "The Man Who Talked Too Much," starring George Brent and Virginia Bruce, will be shown at the Deerpath Friday and Saturday, August 30 and 31. The film, adapted from Frank J. Collins' dynamic play, is a fast-paced commentary on underworld life and of lawyers who are ensnared by their own unscrupulous activities. The cast also includes Brenda Marshall, Richard Barthelme and William Ludwig.

"Andy Hardy Meets a Debutante," playing at the Deerpath theatre on Sunday, Monday, Tuesday and Wednesday, September 1, 2, 3 and 4, weaves a typical Hardy family tale of the comedy, romance and drama to be found in the average American family and this time does it against the glamorous background of New York City. Lewis Stone gives one of his best performances as Judge Hardy. Fay Holden, Cecilia Parker and Sara Haden complete the "family." Other featured players include Judy Garland and Diana Lewis.

"A Fugitive From Justice" which will be presented at the Deerpath theatre Thursday, September 5, is an exciting film, action the story of a gang buster without portfolio fighting a mob of gangsters almost singlehanded. Teamed with Lucile Fairbanks, niece of the late Douglas Fairbanks, who makes her screen debut in the film, Roger Pryor heads a capable cast that includes Sheila Bromley, Eddie Foy, Jr., Morgan Conway and Donald Douglas.

Rodeo to Combine Features of Typical Frontier Life

Everything worth mentioning in the world of thrills will be presented in Soldier's Field, Chicago, on Sunday and Monday, Sept. 1st and 2nd, at matinee and evening performances, both days, when Larry Sunbrook, Hollywood spectacle producer, unfolds his three hour Cavalcade of Thrills on Chicago's lake front.

The show is a combined rodeo, circus and thrill extravaganza, and over 60 events will be staged in a three hour program that presents the greatest names among Hollywood's stunt men; internationally known circus stars, including Betty Roberts, one of the few women in the world to tame and train wild animals; famous cowboys and cowgirls from the western and southwestern plains; and last, but far from least, "Barney" Oldfield, the dean of America's racing drivers, who is the organizer of the famous California stunt men. Oldfield himself will again be in action, and he will race for the first time in years.

These stunt men drive cars through brick walls, crash speeding cars into each other, vault cars off specially built driveways into somersaults, and numerous other death defying feats. They are the men who take the chances while the stars
