ADJUDICATION AND CLAIM DAY NOTICE

NOTICE IS HEREBY GIVEN to all persons that the first Monday of November, 1940, is the claim date in the estate of Lucius Alvin Hine, Jr., deceased, pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 A.M.

FREDERICK OTIS HINE, Executor.
 Allen G. Mills, Attorney. X27-29

Advancement Far Exceeds Previous Years at Scout Camp

Advancement in the various ranks of Scouting as well as in the Merit badge field far exceeded any other year at Camp Ma-Ka-Ja-Wan, the North Shore Area Council Boy Scout camp. Without a single exception more ranks were awarded scouts this past summer than last year although the requirements were all made harder.

Merit badges were awarded in 57 different fields with the outdoor merit badges of course being the most popular. There were a total of 1010 Merit badges awarded at the four courts of recognition held at the close of each period. These badges as well as the various ranks won will be presented to the scouts at their Courts of Honor which will be held within the next month in the various communities.

The 24 Merit badges which were the most popular in the order of their popularity were: metalwork, cooking, life saving, pioneering, swimming, camping, civics, bird

study, public health, personal health, first aid, athletics, leathercraft, rowing, bookbinding handicraft, canoeing, safety, pathfinding, hremanship, photography, and seamanship.

Seventy seven scouts passed the American Red Cross junior life saving tests while six attained the senior life saving award. Scout life guard, and advanced life saving taking in rowing and canoeing as well as the regular life saving was awarded to 10 scouts. Out of 33 scouts who came to camp unable to swim only five of them went home unable to pass their first swimming requirement of 50 feet.

In the Order of the Arrow, the National Camping fraternity for honor campers, there were many awards made. For the first degree or the ordeal honor there was 74 scouts taken in as active members. Eleven were given the distinguished award of Brotherhood degree for more advanced service to the camp as well as their fellow scouts at home. The highest degree of Vigil honor was given to two of the leaders. They were nominated last year and after having gained the approval of the National committee as to their qualifications were allowed to continue their quest and obtain this highest honor.

Forty one scouts were recognized as having passed their Tenderfoot rank which is the first rank in scouting. Second class awards were made to 57 scouts while 34 attained the rank of first class. The Star rank was made to 50 scouts and the Life rank to 41. The highest rank in scouting, namely that of Eagle was presented to the largest number of scouts in the history of the Council camp — 20 scouts were awarded this coveted rank.

Two scouts were presented with their first rank in Sea Scouting. Eleven of the advanced Merit badge palms were also recognized at the summer camp.

Firemen Respond To Two Local Calls And One in Glencoe

A fire believed to have been started by a child, damaged a play shed and garage at 136 N. Second street to the amount of \$50 last Friday afternoon. Fanned by a brisk southwest wind, the fire threatened for a time to spread rapidly, and would have destroyed a great many more buildings in that vicinity had it not been for the prompt response of the Highland Park fire department. The garage was located at the rear of the John Dal Ponte home at 151 N. Green Bay road.

On Saturday, fire caused by the short circuit of an electric heater did \$150 damage to an attic of a chauffeur's cottage at 960 Edgewood drive. The residence is occupied by an employe of E. B. Silberman, who lives at that address.

Highland Park firemen lent assistance early Monday to quell a fire in Glencoe which did damage estimated at \$30,000 to a house and furnishings at 600 Sheridan road.

The house which was owned by Mrs. Marjorie M. Davis of Chicago was occupied by the Leigh Block family. The fire was of unknown origin.

The Ravinia fire truck responded to the call, and worked for an hour manning the hose lines.

Report Three Auto Accidents Saturday

Saturday three auto accidents were reported to Highland Park police.

Laurence Gumbiner, 20, 186 Edgcliffe drive, escaped injury when his car was struck by another car, went over the curb, lost a rear wheel and rolled over. Gumbiner was traveling north on Broadview avenue when he was struck by Carl L. Bomm, 25, of Clayview avenue, who was driving east on Highland place.

While parked in the Central avenue business district, a car bearing Florida license plates pulled off from the curb and tore off two fenders from a car owned by Mrs. Harold Mundstock, 1702 S. Green Bay road.

Driving north on Skokie Blvd., C. W. Johnson 7 S. Dearborn street Chicago was struck by a car driven by Corp. Elmer Pates of Headquarters Company 50th signal battalion Fort Sheridan as he was making a west turn on Prairie avenue. Elmer Carlson 21 and Charles Groeminger 18 who were with Pates sustained cuts and bruises while a fourth occupant of the car was uninjured.

1940 Lincoln Zephyr Fordor Sedan. Officials car; white side tires; Philco radio; heater; defrosters. Driven only few miles. New car guarantee. Priced for quick sale. Trade accepted.

PURNELL & WILSON, Inc.

Department Day For Illinois League Of Women Voters Sept. 24

In Chicago on Tuesday, September 24, the Illinois League of Women Voters will hold its Department Day for northern Illinois leagues, at which time local league chairmen and the state chairmen of the departments of work will discuss the items to be placed on the program for study and support.

At 10 a.m. at Judson Court of the University of Chicago, Mrs. George B. Bogert, president of the Illinois League of Women Voters, will meet with local league presidents to discuss expansion of the league and organization plans.

At the same hour local chairmen of the Department of Government and Its Operation will meet with Mrs. Jasper S. King of Winnetka, state chairman, to discuss such basic subjects of government as the election code, public finance, qualified personnel in government service.

Mrs. Gordon Fillingham of Pontiac, the new chairman of the Department of Government and Education, will lead that department's discussion of the need for reorganization of school districts. Miss Helene Rogers of Springfield, assistant state librarian, will present the plans for improving and augmenting the present library facilities and how the league can cooperate in bringing about fulfillment of those plans.

In preparation for action which the league will take when the Illinois General Assembly convenes in January, the Department of Government and Social Welfare will discuss the need for Illinois to provide adequate aid for dependent children and the necessity for it to come under that provision in the Social Security Act. Mrs. Florence Fifer Bohrer, ex-state senator, chairman of the department who has spent several days in Springfield this summer conferring with officials regarding the proposed bill, will preside.

Mrs. Maurice A. Pollak of Highland Park, chairman of the Department of Government and Economic Welfare, will discuss with her department chairmen, legislation improving working conditions, particularly the need for retaining as it now exists the eight-hour day law for women, as well as two other topics of importance, milk and health insurance.

Foreign policy problems will be presented to the Department of Government and Foreign Policy by the new chairman, Mrs. Paul H. Douglas of Chicago. Defending America will be the major theme of her conference.

A discussion of the league's opposition to the so-called equal rights amendment will be the foremost subject in the Department of Government and the Legal Status of Women of which Ellen M. Yockey of Taylorville is chairman.

There will be a publicity conference with local publicity chairman, Mrs. Raymond S. Simons of Highland Park, state press chairman, presiding.

Mrs. Walter T. Fisher of Winnetka, treasurer of the National League of Women Voters, will speak at the general luncheon meeting which is scheduled for one o'clock. Her topic will be The Challenge of 1940.

All local presidents and department chairmen are expected to attend, and other local league members are also invited.

3 Day Military Show At Fort Sheridan To Open Sept. 27th

Plans for a giant three day military show with regular army units participating from Illinois, Wisconsin and Michigan are being completed according to Lieut. Gen. Stanley H. Ford, commanding general of the Sixth Corps area and the Second army. The show will open Friday, Sept. 27.

Brig. Gen. Lloyd R. Fredendall, commanding general at Fort Sheridan, is in charge of the military exhibition, which is expected to be the largest scale demonstration of its kind ever held in the sixth corps area.

The public will be given the opportunity to examine at close range the most modern machines of war. Service ammunition will be fired by anti-aircraft guns at targets towed by airplanes and targets moored in Lake Michigan.

Due to the relatively small space available, visitors will be limited to capacity audiences for each of the three shows. Admission will necessarily be by ticket only. These tickets will sell for a nominal sum and all proceeds will be turned over to the Army Relief, a patriotic organization of civilian and military women who look after the welfare of dependents of deceased soldiers.

Highwood Methodist Church Highwood Ave. and Evert Place Sunday, Sept. 22, Church school 10:30 a.m. Speaker, Mr. Truax. Evening service, 7:45 p.m. Sermon by Rev. W. C. Bloomquist, Chicago.

Saturday, Sept. 21, The Ladies Aid will meet at the home of Mrs. Jacob Goldstead, 100 Highwood Ave. in Highwood. All are urged to come. E. Fredrickson, pastor.

Administration
 By ELMORE M. MURPHY *Comments*

(Continued from Page 1)
 now rest with City Marshall Andrews and his department.

Until other arrangements can be made, Mayor Ronan has asked the Civil Service commission to provide provisional policemen to guard crossings at Green Bay and Lincoln schools.

In order to provide funds for the much needed expansion of the police department, Commissioner Swanson recommended that the city follow Waukegan's lead and make an additional mill and a half assessment on its tax bill.

After the meeting City Marshall Andrews took the council and members of the press on an instructive and interesting demonstration tour of his department's new two-way radio system. He first explained the operation of the broadcasting and receiving units in the station house and then took the party out in the squad cars for a demonstration of car-to-station and car to car broadcasts. The ease with which communication between the station and the cars on the street was maintained proved beyond a doubt that this addition to the department's equipment is decidedly worthwhile.

Positions Are Now Available Under Civil Service Exams

The United States Civil Service Commission has announced open competitive examinations for the positions listed below. Applications must be on file with the Commission's Washington office not later than the closing dates mentioned. Two closing dates are given—the first governs receipt of applications from persons in States east of Colorado; the second, from Colorado and States westward. All salaries given are subject to a retirement deduction of 3 1/2 per cent.

For the first five examinations the closing dates are September 23 and 26, 1940.

Specialist in conference planning, \$4,600 a year, Office of Education, Federal Security Agency.

Physiotherapy aide, \$1,800 a year; also junior, \$1,620 a year; United States Public Health Service, Federal Security Agency, and Veterans Administration.

Senior scientific aide (taxidermy), \$2,000 a year, United States National Museum, Smithsonian Institution.

Under mimeograph operator, \$1,260 a year, for appointment in Washington, D.C., only.

Full information as to the requirements for these examinations, and application forms, may be obtained from Frank E. Carlson, Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class post office.

The United States Maritime Commission has announced an examination for Deck and Engineer Cadets in the Merchant Marine of the United States. These positions are not under civil service, and the register of eligibles will be maintained by the Maritime Commission. Applications must be filed with the Supervisor of Cadet Training, U. S. Maritime Commission, Washington, D. C., by October 15, 1940. Unmarried men between the ages of 18 and 25 who can produce evidence of good moral character will be eligible to compete for the examination. Rigid physical requirements must be met. Further information regarding the examination is contained in the formal announcement posted in first- and second-class post offices. Persons desiring copies of the announcement and application forms may obtain them from the Supervisor of Cadet Training, U. S. Maritime Commission, Washington, D. C.

Model "400" to Be Exhibited at Golden Gates Exposition

A tiny model of the Chicago and North Western Railway company's sleek streamliner, the "400", is on its way to the West Coast where it will be one of the featured attractions in the Chicago and North Western exhibit at the Golden Gate International Exposition in San Francisco.

The model, complete in every detail, was built by Wayne Norris, a 23-year-old employe of the railroad in Milwaukee.

The 10-car streamliner with its power unit is made up of 1,034 parts, not counting couplers, trucks, wheels, screws, bolts, nails and nuts, which would add to several thousand more.

According to Norris, the most difficult task in constructing the model was lining up and cutting out the windows. There are 376 small glass windows in the model streamliner, including the small windows in the baggage compartment doors and small port hole in each parlor car.

Norris makes building model trains a hobby. In addition to the model of the "400", he has 22 serviceable freight cars, two cabooses

and two locomotives, as well as several "railroad shops" and about 60 feet of rail.

The model of the "400" will remain on exhibition on the West Coast for the duration of the San Francisco Fair. The real "400" operates daily between Chicago and Minneapolis and St. Paul via Milwaukee where Norris often examined the train before building his model.

Safety Director Gives Advice on Night Driving

Motorists reading their community newspaper tonight are asked by the Greater Chicago Safety Council to conduct a little experiment in the interests of minimizing night driving accidents.

"Look up toward one of the light bulbs in the room," suggests George G. Traver, manager of the council. "Keep your eye on it for a second or two. Now look back at your newspaper again."

"Notice, right in the center of your vision, how the blur keeps you from seeing the print clearly. Notice, too, how long it is before your sight becomes normal again."

The safety director pointed out that the same thing happens when the driver passes lights that glare into his eyes, adding that many serious accidents are caused this way. Mr. Traver offered three suggestions to help avoid such accidents:

"First—see that headlights are in proper adjustment and do not shine into the eyes of other drivers. If there is a headlight dimmer on your car, always use it when passing cars, coming toward you.

"Second—if other drivers do not dim their lights for you, do not retaliate by shining your headlights into their eyes. If you do, both of you will be blinded temporarily and the result may be a crash.

"Third—when passing bright headlights, always reduce your speed and keep your eye on the right edge of the pavement. This will minimize the after-effect."

North Shore Hiking Club

"Society is a wave. The wave moves onward, but the water of which it is composed does not. The same particle does not rise from the valley to the ridge. The persons who make up a nation today, die, and their experience with them. And so the reliance on property, including the reliance on governments which protect it, is the want of self-reliance. Men have looked away from themselves and at things so long that they have come to esteem what they call the soul's progress, namely, the religious, learned and civil institutions as guards of property, and they deprecate assaults on these, because they feel them to be assaults on property. They measure their esteem of each other by what each has, and not by what each is." The foremost thinker of our country wrote these lines in 1841.

To overcome this false perspective or at least to take a step in that direction you should come along with some degree of continuity on the North Shore Hiking club walks sponsored by the Izaak Walton league. Sun or shower, both sexes

of all creeds and of all ages congregate at 9 a.m. sharp at either the parking lot at the west end of Oak street in Winnetka or at the Northwestern railroad station park in Winnetka to meet the incoming hikers who arrive by the electric line from the suburbs north and south all the way from Lake Forest and Rogers Park. The trolleys arrive at 9:16 a.m. and 9:17. From these meeting places we drive to woods and streams in Lake county for a trek under our own power and return by 1 p.m. Wear old duds and forget your city ways for a spell. A physical and mental ecstasy will come over you that beats the stylish alcoholic cocktail parties all hollow,—and you really meet the right people. We function 52 Sunday mornings a year for the benefit of our old friends and the many strangers who for some strange reason seem to feel that we have something swell to offer them without rules and cost. See you Sunday.

—Contributed.

Dr. Joselyn Speaks In Glencoe Monday

Dr. Irene Joselyn addressed the opening meeting of the Glencoe Parent-Teacher association Monday, Sept. 16, at the Central school in that city. Stressing the more serious aspect of the coming year's program, her subject was 'challenge the parents of today's children on what the home faces in preparing them to take their places in the future social structure as adults.'
