Two Petitions Ask Detachment from School Districts

The Deerfield-West Deerfield Township school trustees will have two petitions to consider when they meet on Monday evening, Oct. 7. The trustees are Herbert Lautmann and Henry Siljestrom of Highland Park, Ralph Peterson, Deerfield, and William Dooley of Highland Park, school treasurer.

One petition bearing signatures of residents of North Ridge road, now a part of Highland Park, asks separation from the Deerfield Grammar School district and the other petition is by residents of Woodland Park subdivision requesting detachment from the Wilmet school. Ridge road residents want their children to go to the Ridge school in Highland Park, because they live in that city and Woodland Park, a part of the village of Deerfield, wants to be annexed to the village of Bannockburn. Each section, in asking separation from its present district, presents a serious financial loss to its respective district. When Bannockburn ceded the Wilmet school lost one-fourth of its assessed valuation. This is the third section of Highland Park asking to break away from the Deerfield Grammar school. The school district was laid out long before the city of Highland Park extended that far, and these residents object to sending their children to a Deerfield school, when their address is Highland Park. Woodland Park (formerly the Ziesing Farm) so the petition states, would have better facilities at Bannockburn than at Wilmet school.
