

Bob O'Link Caddy Dinner Is Success

Chairman Ray D. Smith congratulates Bernard Brennan, Bob O'Link's 1940 Honor Caddy.

One of the four tables of Bob O'Link caddies at annual banquet.

Smith, chairman of the caddy committee. Mr. Smith's interest in caddies grows out of his many years of experience in practical education, during which he has gained a deep and sympathetic insight into the problems of youth.

"We could not have attained the very satisfactory results we have to date," Mr. Smith said, "without the enthusiastic co-operation of our Caddy Master Emmett Maroney, and Earl Dean, our club manager, as well as every individual member. Nor would our boys have responded so earnestly unless they sensed our sincerity of purpose.

It has remained for the Bob O'Link Golf Club to establish a new conception of the relationship between followers of the sport and the boys and men who serve them as caddies.

At Bob O'Link, caddies, the majority of whom come from families in modest circumstances, are not rated merely as an adjunct of the game. They are, rather, the wards of the membership, which recognizes a social responsibility to fellow human beings less fortunately situated than themselves. This interest and sense of responsibility is expressed in a positive program of helpfulness, which extends from the opening to the close of the golfing season, when the caddy personnel is tendered a dinner of appreciation for conscientious service.

The second annual event of this character took place last Wednesday evening, when more than 125 Bob O'Link caddies enjoyed an "all the turkey you can eat" dinner, followed by a distribution of prizes, ranging from \$25 in cash, down to a pair of socks and a silk necktie for every caddy present. Ratings are established by the individual votes of members each time they play. A grade of excellent, good or fair is given the participating caddy, based upon courtesy, efficiency and general conduct.

The caddy who emerges with the highest score at the end of the season is given the grand cash prize, which is coveted more for the honor or involved than its monetary value.

This year, the top ranking caddy was Bernard Brennan, Highland Park school boy, of 143 S. Greenway rd. It was a nip and tuck race between Bernard and the 17 runners-up, who trailed closely in the order named. They were Bruno Bonvincini, Teddy Swedo, John Waters, Eugene Grothman, Norbert Gliabowicz, John Noland, Paul Buller, Henry Juhrend, Tony O'Donnell, Charles Morinini, Paul Henry, Elmer Gerkin, Robert Cray, Reinhold Buller, Thomas Martin, Raymond Santi and John Novello.

Why Bob O'Link has taken the lead in caddy welfare activities and some of the results which have been attained during the past two seasons, were explained by Ray D.

said, "it is an encouraging sign to find a group of men, such as the members of the Bob O'Link club, who have the vision and generosity to render a genuinely patriotic service, by holding to build the next generation of America."

The success of the Bob O'Link caddy program is largely due to the unselfish devotion of Mr. Smith, whose only reward is in the satisfaction of seeing his charges find themselves in a world which the defeatists say no longer offers opportunity to young people.

"Mr. Smith, Manager Dean and Caddy Master Maroney know differently. They have seen Bob O'Link caddies go on to college, and then into business or the professions, and become successful. Of course these men do not believe, for a minute, that their efforts in behalf of caddies is a formula for success. But the 'graduate' caddies themselves pay tribute to their club 'alma mater' in the simple statement that it was there they not only learned the rules of being a gentleman and a sportsman, but found the path which leads to constructive service in the business and social world."

Victory Workshop Annual Xmas Sale To Be Held Nov. 13

Mrs. Harry L. Oppenheimer will open her home at 840 S. Green Bay road, Highland Park, for the Victory Workshop's annual Xmas sale on Wednesday, November 13, from 10 to 5. The Victory Workshop is an organization devoted to the vocational training of the deaf and hard-of-hearing young people of Chicago. Mrs. Oppenheimer will serve tea in the afternoon to the guests and patrons who attend the sale.

There will be countless exciting articles from which to choose your Xmas gifts. This year, in addition to the popular items for which the Victory Workshop is noted, such as trays, crumbers, wooden accessories, toys, breakfast sets, and beautiful articles in linen, the deaf and hard-of-hearing offer a brand new item, a charming doll house that any little girl would covet.

The Victory Workshop has trained many of Chicago's deaf and hard-of-hearing for industry, and has placed a great number in furniture and toy factories, in dressmaking houses, and in other livelihoods. A school is maintained for them at 1472 S. Wabash avenue, Chicago, where they learn trades and make the articles that are sold at the private sales. The profits of the sales revert to the young people, and they are also provided with lunch and carfare.

William Marinelle Passes On Tuesday

William Marinelle, aged 26, died Tuesday afternoon at the Evanston hospital following an illness of several weeks.

He was born in Winnetka, Jan. 6, 1914, and came to Highland Park at an early age with his parents, both of whom preceded him in death. Surviving are three brothers, Frank and Fred of Highland Park, Joseph of Evanston, and two sisters, Mrs. Lucille Bernardi of Evanston and Mrs. Lorene Jones of Detroit, Mich.

Funeral services will be held Friday morning at 9:30 a.m. at St. James church, Highwood. The body will lie at rest at Seguin and Logan funeral home on N. Second street until the funeral. Burial will be in All Saints cemetery.

Burton Holmes to Lecture Sunday at New Trier High

Next Sunday night at the North Shore Sunday Evening Club, New Trier High school auditorium at 8 o'clock, Mr. Burton Holmes will deliver his beautifully illustrated lecture on "Friendly Finland." Mr. Holmes' coming to the North Shore is always one of the big events of the season. He illustrates his lectures with both stereopticon slides and motion pictures using the most modern projecting equipment.

Mr. Holmes was born in Chicago, spent an important part of his boyhood here. He now has headquarters in New York and also has a beautiful home in California. Each year he makes a tour of some foreign country and he is as well known in his field as any other living man. Mr. Holmes comes to Chicago each year in the spring for a course of lectures which usually extends over three or four weeks. He appears in Orchestra Hall and attracts large crowds. Often he has to give the same lecture two or three times during the season at Orchestra Hall in order to accommodate all those who wish to hear him.

Mr. Holmes' lecture on "Friendly Finland" was filmed in the summer of '39 just before the Russian invasion. He will therefore show many of the beauties of Finland in its best days.

While in Finland in '39 Mr. Holmes had the misfortune to break his leg. Recent word from him is that he is again able to walk.

Conduct Drive In Highwood For \$600 For Boy Scout Week

A Finance Drive to raise a quota of \$600 is now under way for the Boy Scouts of the Highwood District. This amount is necessary in order to maintain and further the work in this area for this worthwhile American character-building organization.

The Highwood Lions club has made a donation of \$25, and contributions have been received from many individuals, but there is still a large amount to be raised.

Otto F. Fisher is the Finance Chairman of the Highwood Boy Scouts, J. E. Engquist, district chairman, Roy Russell, troop chairman, and Paul Muzik, commissioner. The Scoutmasters are: Ernest Santi, Ambrose Cantagallo, and Albert B. Withey.

Master Lottery List Not Complete

The master lottery list for County District 1 has been received by the Draft Board according to C. E. Huhn, chairman, but no information will be available regarding it for several days.

Considerable work is involved in the reclassification of order numbers, for in this district there are only 3,170 draftees listed.

Aside from the delay caused by the checking of the registration list, the local draft office is not in receipt of the questionnaires which are to be mailed out to the draftees.

Then too the Draft Board is not permanently located and are lacking considerable equipment. With all these handicaps, the officers are trying to handle the matter as expeditiously as possible.

Ruffy Silverstein To Meet Shikins In Bout Friday

An "all championship" card of wrestling is in store for Lake county sport enthusiasts who are expected to jam-pack to capacity the Waukegan high school gymnasium a week from Friday night to see a ringful of the nation's top ranking bone benders in action.

An uncrowned champion of the world, a number one world's title contender, a champion of Japan and the Hawaiian Islands, and a former heavyweight champion of the world, will all be seen in action in one of the most attractive wrestling dishes ever served up to the local fans. It is all part of the mammoth sports program to be presented November 15 by Waukegan's Loyal Order of the Moose Lodge, and tickets are on sale in half a dozen sport spots about the county.

Watch For Our Special Ad in Next Week's Press Moldaner & Humer FURRIER 16 N. Sheridan Rd. H. P. 54

Featured in the main event of the evening is tiny but mighty Ruffy Silverstein, considered by many authorities of the sport to be uncrowned king of all the heavyweights. Silverstein has appeared in Lake county a score of times since turning pro four years ago, but has yet to meet defeat. He is scheduled to go up against one of the most dangerous men in wrestling, Oki Shikina, champion jiu-jitsu wrestler of Japan and the Hawaiian Islands.

Shikina is the originator and sole exponent of the secret and dreaded arm paralyzer, a torturous torquing-like hold applied to the sensory nerve endings in the upper arm which renders a luckless victim, hors de combat in less than thirty seconds when properly applied. It will be his first meeting with Silverstein and should be a ring classic.

A special event on the program will bring together the famous Tarzan White, all-American football genius from Alabama now playing with the Chicago Cardinals, and Jim McMillen, Lake county's favorite son, and also an ex-All-American of no little fame. Like Shikina, White is making his Lake county debut and is a former champion of the world by virtue of his sensational win over Jim London on the west coast a year ago.

Two additional matches will complete the card.

Cradle Auxiliary Will Meet Monday

The Cradle Auxiliary of Highland Park will meet on Monday afternoon, November 11, at 2:30, at

the home of Mrs. Edwin Hadley, Jr., at 629 Kimball road.

Following the regular business discussion the meeting will be turned over to Mrs. John T. Snite, chairman of the annual Cradle Benefit Dance, which will be held the night before Thanksgiving at Villa Moderne. Plans for a great evening of festivity are well under way, with ticket sales soaring under the management of Mrs. Fred Turecek of S. Deere Park drive.

Tea will be served as usual, and members are urged to be present, inasmuch as there will be no auxiliary meeting in December.

Please let me tell you

some points you may not know about Long Distance telephone calls—

What's a "station-to-station" call?

This is the kind of out-of-town call to make when you are willing to talk with any one who answers the telephone. Just give the operator the number (or the name and address under which the telephone is listed), and say you will talk with any one.

What's a "person-to-person" call?

Here you give the number (or name and address) and specify the person you want. Rates in this case are slightly higher than those for "station-to-station" calls because the operator has to locate the person you want to reach before your charge for time begins.

When is the best time to place a call?

Any time you wish! We're ready twenty-four hours every day. Long Distance service now is uniformly fast, accurate and reliable — connections are made in an average time of 1.4 minutes, most of them without "hanging up." Bargain periods, of course, are after 7 P. M. and all day Sunday.

Why are Long Distance rates lower every night after 7 and all day Sunday?

Because the number of toll calls at night and on Sunday is considerably less than during busy weekday hours. Rates are reduced to invite more calls when traffic is lighter.

Why is this service so dependable?

Because the equipment is properly engineered with the assistance of Bell Telephone Laboratories scientists; it is sturdily made by Western Electric; it is operated by skilled men and women who have the spirit of service; and your company can summon special help when needed from other associated companies of the Bell System.

It is our constant aim to offer swift and accurate local and out-of-town telephone service at all times and under all conditions—at the lowest possible cost to you. . . . Illinois Bell Telephone Company.

Tune in "THE TELEPHONE HOUR" every Monday, 7 P. M., WMAQ

THERE'S JUST ONE DISADVANTAGE

To sending hubby's shirts here — he's apt to do a little chest strutting when he dons his returned shirts, and is apt to stretch a button or two.
