HOLIDAY SHOPPING HOURS

Announcement is made by the Retail Committee of the Chamber of Commerce that local retail stores will remain open each evening until 9 p.m., commencing with Saturday, December 14, and concluding on Tuesday, December 24.

SAVE YOUR NICKELS

This newspaper is very anxious to join the Chamber of Commerce and retail merchants in guarding consumers of the grave danger of being defrauded annually about Christmas time by contribution seekers, donation "hounds" and telephone solicitors.

Don't get your ideas about Santa Claus all mixed up—with you on the "give" end.

Soon you may be approached by those given a "special Christmas opportunity" and you will possibly also receive a horde of anegedly "wholesale" catalogs with their bait of "50 percent off." Nine times out of ten these "wholesalers" are either marking up or selling merchandise inferior to standard brands.

Throughout the entire year local retail stores operate their places of business where quality, service, performance and personal inspection are assured. These same stores are forever striving to take care of your shopping needs with their avowed slogan—"quality merchandise at a reasonable price."

Business District In Holiday Garb

Highland Park's business district creates an inspiring sight with its brightly lighted Christmas trees, placed there by the Chamber of Commerce. The trees will remain lighted each night during the holiday season and until after the first of the year. Due to inclement weather difficulty was encountered in procuring the trees and installing them. It had previously been planned to have them lighted last Saturday night but they were not illuminated until Tuesday evening.

The beauty of the trees should create a feeling of civic pride not only among adults, but children, as well. It is hoped that a repetition of last year's vandalism, when several hundred bulbs were removed from the trees during the holidays, will not occur. Parents are asked to cooperate in discouraging this "youthful fun", which in reality is destruction.
