Deerfield School

To Be "Toned-Up"

During Holidays

The Deerfield Grammar school will undergo its winter face lifting during the Christmas holidays. Following the usual schedule of complete cleaning and redecorating during the two weeks.

At the present time the school is attempting to get the class rooms in a lively colorful appearance. In order to help this the lower walls in the rooms are being livened up with bright colors. The floors in the lower part of the building will be repainted and all other school floors are to be repainted and re-waxed. All furniture in the school is to be washed and put in first class condition. The program is being planned to place the building in first class condition for the P.-T.A. Open House, Friday night, January 7th.

Good will among motorists and pedestrians at Christmas time is just as important as good will in the home, at the office or at the country club, reminds the Illinois Automobile club.
