

"We always
have plenty
of HOT
WATER"

... AND WHAT A
BOON DURING THE
HOLIDAY SEASON!

Guests in the house . . . children home from college . . . more dishes to wash . . . bathroom and laundry doing double duty! What a satisfaction to "always have plenty of hot water" for everybody at the turn of the tap!

This is just one example of how AUTOMATIC Hot Water lightens household work and benefits the whole family, whatever the hot water emergency may be.

And you may have this luxury for only a few cents a day . . . and in time for the holiday season if you'll act promptly.
