I can "Tune-in" any temperature on my new Gas Range

AUTOMATIC HEAT CONTROL
New gas ovens give exact temperature up to 550°—and preheat in 10 minutes. Improved insulation in oven walls keeps kitchen comfortably cool—and saves gas.

FLEXIBLE TOP HEAT, TOO
Top burners on new gas ranges light automatically. New simmer burners are grand for "waterless" cooking. Porcelain enamel finish cleans as easily as a china plate.

SMOKELESS BROILER
New speed broiler cuts broiling time in half. Is really smokeless, too! Stop in and see the beautiful new gas ranges. They are surprisingly low in cost.
