COMMERCE CHAMBER MEETS MONDAY NIGHT

N. U. Team To Discuss Timely National Subject

"Resolved that the Nations of the Western Hemisphere Should Enter Into a Permanent Union" will be debated by members of the Northwestern University debate team, at the regular monthly meeting of the Highland Park Chamber of Commerce.

The subject is being as widely discussed at the present time as the subject of aid to Britain and what the fall of Britain or defeat of Hitler may mean to the United States and other American nations.

This debate subject is the one being used by schools throughout the country and will present an opportunity for the members to hear arguments on both sides, gleaned from research, as well as quoted remarks of the country's strongest proponents of both views. An open forum will follow the meeting.

As customary, dinner will precede the meeting at 6:30 at Open House Tea Room.

Over 300 Enroll In Adult Classes Opening January 13

The large advance registration for the evening classes at the Highland Park High school indicates the largest attendance ever for the second term program.

In addition to the 300 and the registrations already received, more than 75 reservations have been made by persons attending classes during the first term.

The classes in upholstery and Badminton on Monday evenings have already been filled and only a few more places are available in woodwork and public speaking.

Approximately 20 more adults can be accommodated in the Badminton class held on Wednesday evenings.

More interest must be shown in the classes in archery and current affairs or they will be discontinued during the second term.

Much interest has been shown in the rifle instruction class and this undoubtedly will be now one of the most popular offerings on our program. This course will be handled in the same manner that similar courses are taught by the regular army instructors.

Mr. Humphrey, who is instructing the course in business law has announced that the following items will be studied this term: (1) bailments, (2) negotiable instruments, (3) partnerships, (4) suretyship,

(5) real property, (6) wills and (7) the administration of estates. Texts to be used in this work will be "Commercial Law" by Peters and Pomeroy, and "Your Estate and Its Administration" by Humphrey.

Miss Bredin has announced that her work in English literature for the second term will cover readings and discussions of modern novels.

Bruce Parson Agency Leads 1940 Business Volume Of Company

The Chicago agency of the Mutual Benefit Life Assurance company of Newark, N. J. which is headed by Bruce Parsons, closed its third year with approximately seven and a quarter million of paid business, exclusive of annuities. This is better than a 20 per cent increase over 1939 production, and almost double the first year's business of the agency which started in July 1937. The home office has wired Mr. Parsons that he lead all their 69 agencies in volume for the year 1940.

Mr. Parsons and his family reside at 914 Ridgewood drive.

Father-Son Dinner At Bethany Church

A very interesting program has been planned for the Father-Son dinner that will take place at the Bethany Evangelical church Tuesday evening at 6:30. Dr. W. E. J. Gratz, editor of the Epworth Herald, and a great leader of young people in the Methodist church will be the speaker. Dr. Gratz has the happy faculty of using a great deal of humor in the presentation of his subject, and yet at the same time setting forth truths that will remain with his hearers for a long time. Tickets must be secured in advance, they may be obtained from any of the members of the Bethany Brotherhood or by phoning to the church office, H.P. 3522.
