"SHIRTS"

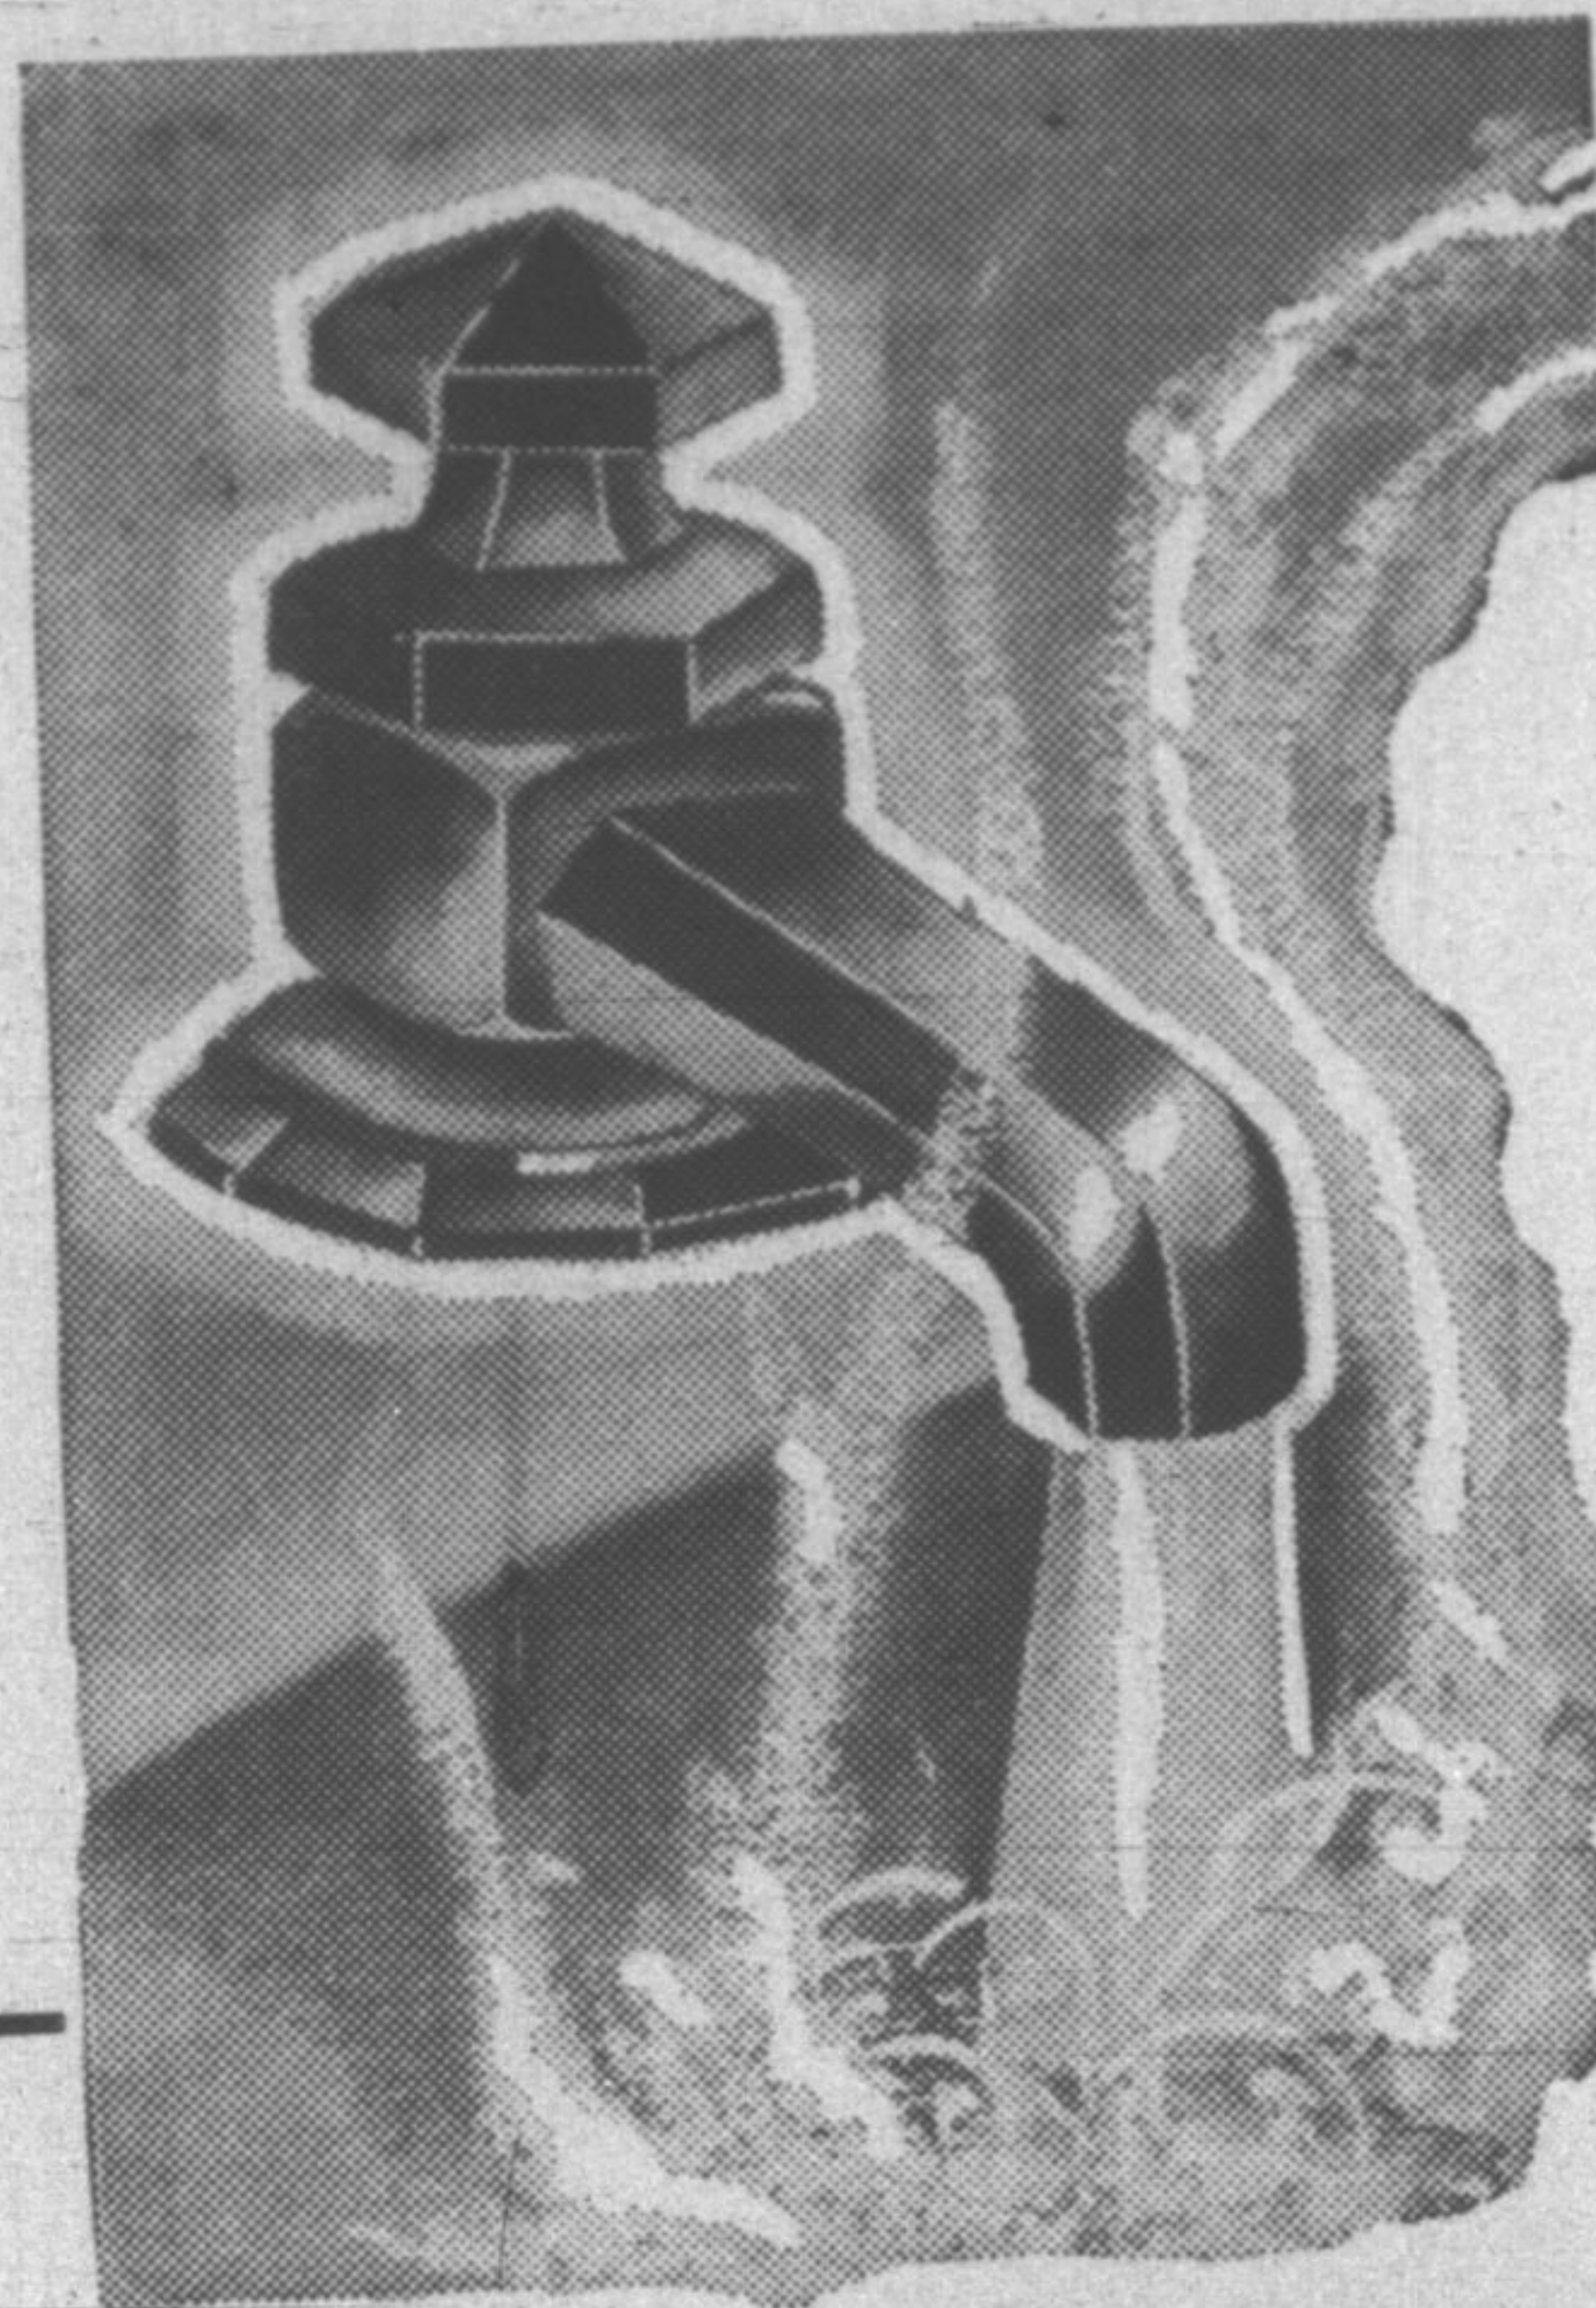

IS your husband satisfied with the way his shirts and collars are laundered? Are they starched to his liking? Do they still look fresh and neat at the end of the day? Have they the crisp smartness of professionally laundered shirts?"

1. Our Method of washing gets shirts clean—really clean without any of that hard rubbing and scrubbing of cuffs and neckbands which wears out shirts washed at home.
2. White shirts look truly white—colored shirts are brighter and clearer than home washing methods can get them because we use softened water—at scientific temperatures—and plenty of it.
3. Just say how you want them starched and we'll give you that finish—stiff, semi-stiff or no starch at all.
4. Collars are properly shaped to give comfortable, neat fit.
5. Ironing is done by special equipment that gives a finish as smooth as a plate glass window.

"Let us launder his shirts for the next two or three weeks and just see if he doesn't praise your good judgment. May I take his shirts and collars today?"

Reliable Laundry & Dry Cleaning Co.

The Laundry of Washcraft Perfection

24-HOUR AUTOMATIC HOT WATER Costs only a Few Cents

It's a fact that when you install an Automatic Gas Water Heater you have all the hot water you can use for family and household needs 24 hours a day . . . and at a cost of only a few pennies.

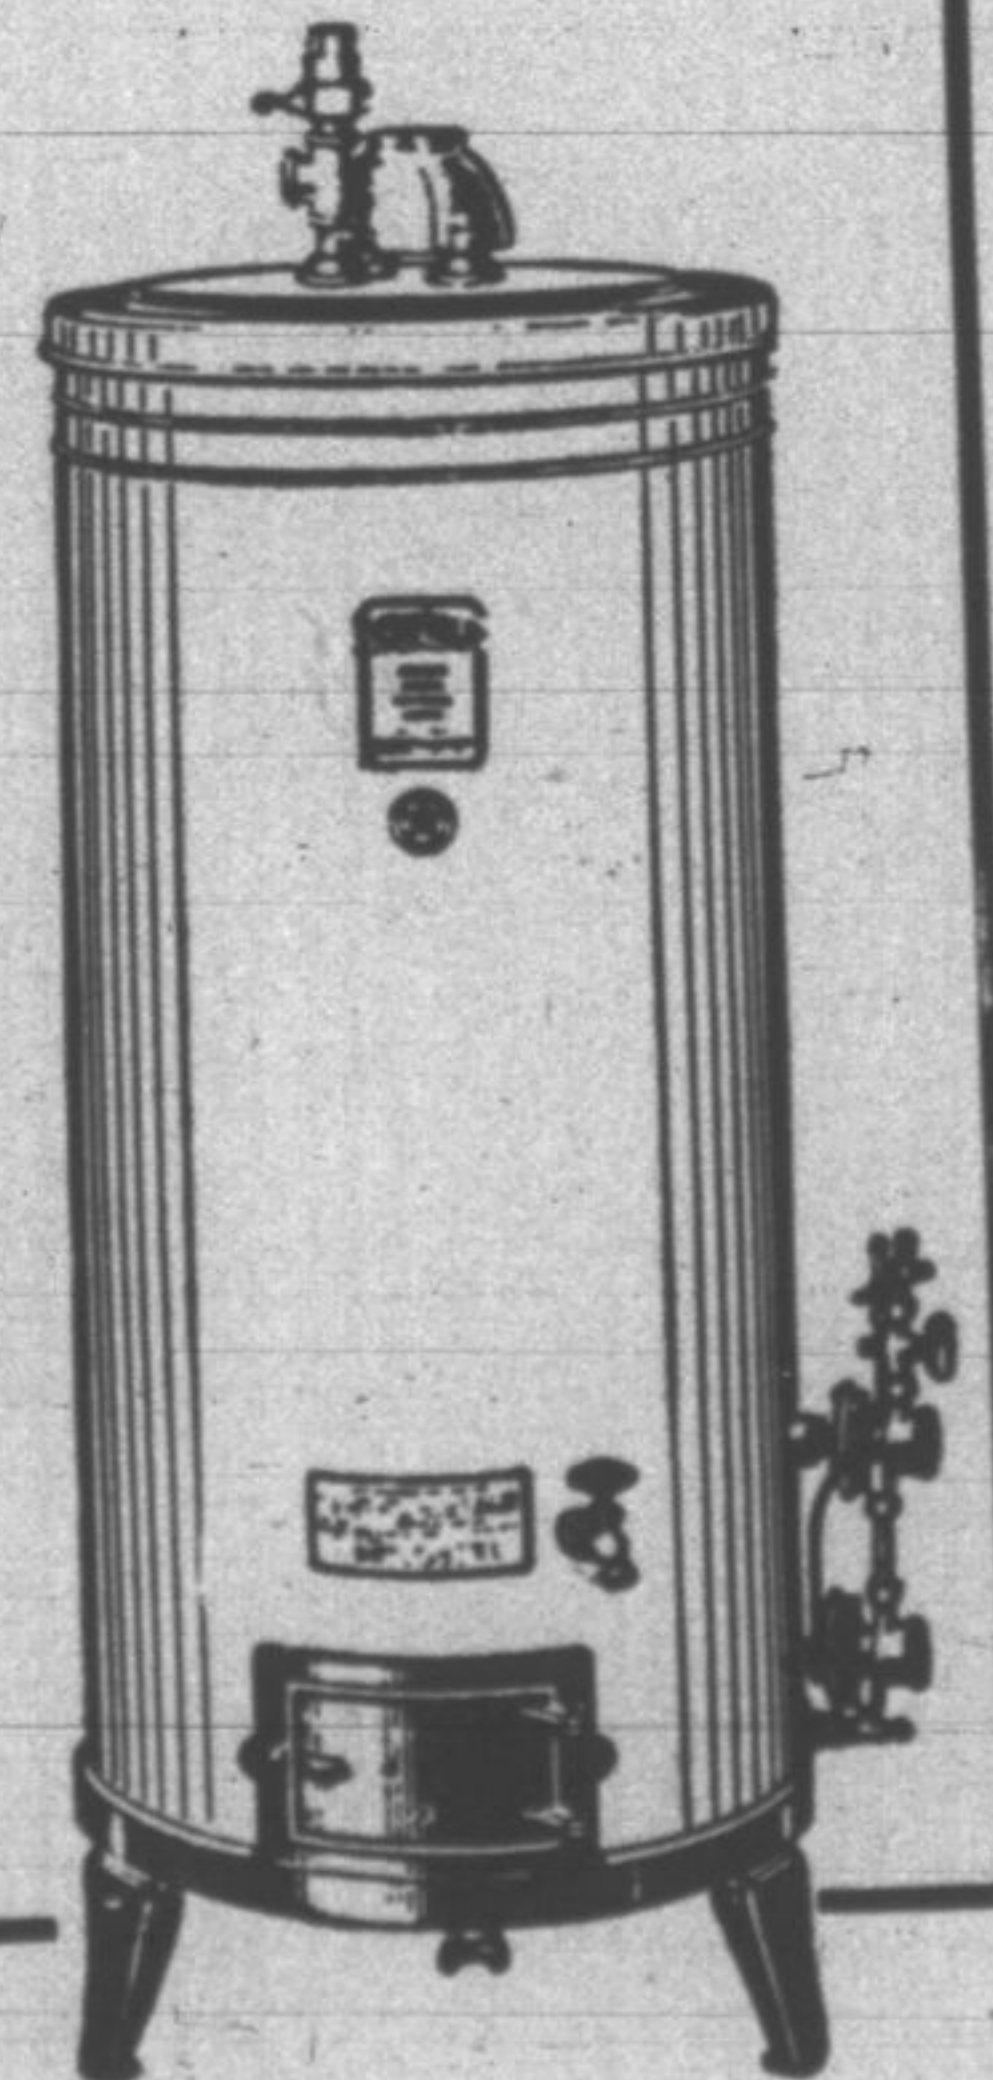

Let us show you how economical this water heating method is in homes where it is now in use. The figures are sure to surprise you . . . and we believe you'll agree that *Automatic Gas Water Heating* is one of the cheapest of today's modern home comforts.
