Craft Guild Activities

Every Tuesday and Thursday night the Community Center shop is open to adults who wish to work on craft projects of their own. The shop is equipped with hand tools of all sorts and also a fine assortment of power tools.

Mr. Avery Jones is acting chairman of the guild. Membership also includes expert workmen in lathe work and wood refinishing, whose advice is available to guild members who desire it.

At the present time members of the group are making a variety of articles, including a chess set, coffee table, clothes racks, and bird feeding stations. Another use of the shop is for help in remodeling the old fire station into the new athletic unit.

New Game Room

The new game room at the Community Center is nearly completed and soon will be open for use by the public.

If any people in the community have games which they are not using, they will be much appreciated for use in this new and larger room.

It is expected that the room shall include table tennis, shuffle board, and many table games such as monopoly, checkers, and parchesi.

Athletic Department Use

The Community Center Athletic committee is studying the best use of the new squash court and exercise room. This temporary organization is composed of Robert Childs, chairman; Harry Earhart, advisor; Tom Creigh, Harry Skidmore, and Betty Karger.

They are to help the Center to plan an adequate, useful program for the adults of the community.
